Activities

Objects: 1) THE PREVENTION OR RELIEF OF POVERTY BY THE PROVISION OF, AND TRAINING IN, SUSTAINABLE ENERGY GENERATION FROM WASTE AND RENEWABLE MATERIALS FOR PEOPLE IN NEED ANYWHERE IN THE WORLD.2) TO ADVANCE IN LIFE AND RELIEVE NEEDS OF YOUNG PEOPLE BY PROVIDING SUPPORT AND ACTIVITIES WHICH DEVELOP THEIR SKILLS, CAPACITIES AND CAPABILITIES TO ENABLE THEM TO PARTICIPATE IN SOCIETY AS MATURE AND RESPONSIBLE INDIVIDUALS.

Activities: We are focused on promoting renewable energy and sustainable living through education and empowerment. Our mission is to educate young people and communities, providing them with knowledge to reduce carbon footprints, lower CO2 emissions, and foster a greener future. Additionally, we prioritize equal access to education for girls and women, empowering them to pursue their goals.

Our Vision

At a2zrdt our vision is to empower young people and families in the community from an early stage to guide them so they can reach their full potential with the aid of using, STEM and Renewable energy technology.

Our Mission

Our grand mission is to connect young people and communities with opportunities and transform their lives. We will lead the younger generation by training them about sustainable development, harnessing our energy in a more efficient. We also aim to build partnership and projects which empower women, families and parents.

Integrating an early intervention to young people, some of the advantages are avoiding circumstance, such as our youths been idle, joining gangs, knife crime and early pregnancies.

Our Values

- Innovation - Make a difference, create something new, be part of a solution
- Inclusion - Bringing people together equally and honestly
- Impact - Create changes that truly matter
- Integrity - Bring out the best in us and others
- Inspiration - Move people to believe in the better

A2z Renewable Development Trust

Trustees' Report

Local Communities & Public Benefits

In setting out and planning projects, programs and activities for our local communities, the trustees have used and implemented the general guidelines published by the Charity commission relating to the Public benefit of the Charities Act 2011.

The Charity's principal activities, achievements, and performance are summarized below:

- I. We are working to get a building where we can safely lockup equipment's, our communities can use computers to learn and develop themselves for various reasons such as assisting in job applications, coffee mornings, directing them to the right services if they require assistance, bridging the cultural divide, promoting awareness with the Green bee assembly in conjunction with Manchester City Council and the Co-op to deliver awareness to schools in Greater Manchester in regards to our CO2 emissions and carbon foot prints.
- II. We had a successful cooking class the previous year, which our local high schools and primary school attended. They learnt various skills such as preparing a simple healthy quick meal, hazards in the kitchen; they learnt how to follow directions and steps in a timely manner. They also learnt to explore their senses, expand their palate, making healthy choices, also basic math skills through measuring ingredients, science and how ingredients mix together and also sharing good conversation.
- III. We also had a successful cultural food appropriate parcels which we got support from the BAME community. We identified struggling families and customised a food parcel package that meets their cultural background.
- IV. We are hoping to secure funding this year to relieve needs of young people by providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals.

Objectives and Activities:

Our main objective is to have Climate Champions, connect with excluded / disadvantage young people with opportunities and transforming their lives.

Some of our objectives and activities we accomplished were:

Activities aims:

To introduce the community about the effects and awareness of climate change.

Encourage Sustainability and the implementation of different forms of renewable energy.

To encourage creativity and experimentation.

To promote teamwork and social skills through group activities.

Objectives:

To teach young minds as well as the communities as a whole about Carbon foot prints, CO2 emissions, self-development, sustainability and equipping them with knowledge and

understating of the need to look after our environment, to ensure a clean green earth, with as much understanding about our waste and pollutions. Also women empowerment workshops, coffee mornings, bridging the language barrier gaps, workshops to help with referral services and various workshops to bring the community together.

Volunteers

We are extremely proud of our staffs & volunteers, they contributed their unique talents and perspective effortlessly to the workshops, in making sure all participating children, young adult, parents and guardians engaged and involved with all projects carried out, such as during our cooking classes:

1. Assisting with preparation: Our volunteers helped with prepping ingredients, setting up equipment, and organizing the kitchen before the class begins. This saved time and ensured that the class ran smoothly.
2. Providing supervision: Our volunteers helped supervise children while they were using kitchen equipment and tools to ensure that they are being used safely and appropriately.
3. Offering support: Volunteers provided encouragement and support to the children as they learnt new skills and tried new foods. Overall, our volunteers played an essential role in making cooking classes for kids successful by providing their time, skills, and enthusiasm for cooking.

Our Strategic Goals

In 2025/2026, we aim to achieve 3 key strategic goals, which include:

- i. Climate change a major issue globally, Increase Awareness & Knowledge about Climate change, our carbon foot-prints & CO2 emissions.
- ii. Provide a space to build strong local relationships partnerships and to also access help and advice a friendly service user environment.
- iii. Providing support and mentorship to promote digital inclusion for women
- iv. To work in partnership with other organisations, providing resources and opportunities for children, young people and families

Reserve Policy

The trustees take a risk based approach to identify the appropriate levels of reserves that are required. We have no reserves at the moment

A2z Renewable Development Trust

Trustees' Report

About Us

a2z Renewable Development Trust is an organisation which aims to encourage communities, young people and families about the importance of sustainability and implementing renewable forms of energy and basic life skills. We aim to inspire, and empower the youths to create positive change in their lives, and the communities they live in. Our program will engage the communities, schools, organizations, peer groups, and families in a productive and constructive manner.

Trustees

Azuka Obaah
Michelle Barnett
Rex Ijisonuwe

Our Vision

At a2zrdt our vision is to empower young people and families in the community from an early stage to guide them so they can reach their full potential with the aid of using, STEM and Renewable energy technology.

Our Mission

Our grand mission is to connect young people with opportunities and transform their lives. We will lead the younger generation by training them about sustainable development, harnessing our energy in a more efficient. We also aim to build partnership and projects which empower women, families and parents.

Integrating an early intervention to young people, some of the advantages are avoiding circumstance, such as our youths been idle, joining gangs, knife crime and early pregnancies, becoming a nuisance or problem to the society.

Our Values

- Innovation - Make a difference, create something new, be part of a solution
- Inclusion - Bringing people together equally and honestly
- Impact - Create changes that truly matter

- Integrity - Bring out the best in us and others
- Inspiration - Move people to believe in the better

A2z Renewable Development Trust Trustees' Report Local Communities & Public Benefits

In setting out and planning projects, programs and activities for our local communities, the trustees have used and implemented the general guidelines published by the Charity commission relating to the Public benefit of the Charities Act 2011.

The Charity's principal activities, achievements, and performance are summarised below:

- I. We had a successful cooking classes, which our local high schools and primary school attended. They learnt various skills such as preparing a simple healthy quick meal, hazards in the kitchen, they learnt how to follow directions and steps in a timely manner. They also learnt to explore their senses, expand their palate, making healthy choices, also basic math skills through measuring ingredients, science and how ingredients mix together and also sharing good conversation.
- II. We also had a successful cultural food appropriate parcels which we got support from the BAME community. We identified struggling families and customized a food parcel package that meets their cultural background.
- III. To advance in life and relieve needs of young people by providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals

Objectives and Activities:

Our main achievements is to connect with excluded / disadvantage young people with opportunities and transforming their lives.

Some of our objectives and activities we accomplished was:

Activities aims:

- To introduce children to the basics of cooking and healthy eating habits.
- To help children develop an appreciation for different flavours and cuisines.
- To teach children how to safely handle cooking tools and equipment.
- To encourage creativity and experimentation in the kitchen.
- To promote teamwork and social skills through group cooking activities.

Objectives:

To teach children how to measure ingredients accurately.

To show children how to follow recipes and cooking instructions.

To introduce children to a variety of cooking techniques such as, baking, and hot meals.

To educate children on the nutritional value of different foods, the importance of a balanced diet.

To foster independence and confidence in the kitchen.

Volunteers

We are extremely proud of our volunteers, they contributed their unique talents and perspective to the cooking classes, in making sure all participating children, young adult, parents and guardians engaged and involved with all projects carried out, such as:

1. Assisting with preparation: Our volunteers helped with prepping ingredients, setting up equipment, and organizing the kitchen before the class begins. This saved time and ensured that the class ran smoothly.
2. Providing supervision: Our volunteers helped supervise children while they were using kitchen equipment and tools to ensure that they are being used safely and appropriately.
3. Offering support: Volunteers provided encouragement and support to the children as they learnt new skills and tried new foods.
4. Cleaning up: Volunteers assisted with cleaning up the kitchen after the class has ended, including washing dishes and putting away equipment.

Overall, our volunteers played an essential role in making cooking classes for kids successful by providing their time, skills, and enthusiasm for cooking.

Our Strategic Goals

In 2022/2023, we aim to achieve 2 key strategic goals, which include:

- i. Provide a space to build strong local relationships partnerships and to also access help and advice a friendly service user environment.
- ii. Providing support and mentorship to promote digital inclusion for women
- iii. To work in partnership with other organisations, providing resources and opportunities for children, young people and families

Reserve Policy

The trustees take a risk based approach to identify the appropriate levels of reserves that are required. We have no reserves at the moment

Notes to the Account

Donations and gifts consist of the total donations from individuals, and corporates.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Training, Governance and procedures was given out to new volunteers who supported us during the Covid-19 Outbreak, and Covid Food Parcel Delivery support from TNL. We adhered to the best practice, and followed the Government and NHS guidelines, and procedures.

In setting out and planning projects, programs and activities for our local communities, the trustees have used and implemented the general guidelines published by the Charity commission relating to the Public benefit of the Charities Act 2011, ensuring we adhered to policies, safe guarding and creating a safe atmosphere.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

Our purpose is to empower young people and the community from an early stage to guide them so they can reach their full potential with the aid of using Artificial intelligence, STEM and Renewable energy technology, Women Empowerment, Family Support and Well Being.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The trustees have followed the guidance issued by the Charity Commission for the public benefit.

Promoting the awareness on renewable technology to combat poverty by providing STEM training in, sustainable energy generation from household waste, which is aimed at fostering social mobility for socially excluded / disadvantaged young people.

The main activities undertaken was the delivery of Covid-19 food parcels, to our local communities. This was aimed to benefit at families or individuals in isolation, and we also got referrals from our local schools to deliver food parcels to families and children struggling and in poverty.

We have built significant trust with our communities and schools around Manchester, we are looking to get a building to be able to have some permanent staff, volunteers, so this building will be a point for us to scale up our campaigns and projects which will better serve the community and regenerate our environment for the better.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grant making;
- policy programme related investment;
- contribution made by volunteers.

Our Volunteers and staffs worked really hard in the delivery and assistance to people under isolation, and also delivering food parcels to identified struggling families within the community.

Our purpose is to empower young people and the community from an early stage to guide them so they can reach their full potential with the aid of using Artificial intelligence, STEM and Renewable energy technology.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Our main achievements during the year was the support from The National Lottery TNL, which enabled us to reach out to the wider community in Manchester, overcoming the isolation and enabled families who had or was just recovering from Covid with food parcels, and encountered a lot of families mostly single parents who were actually living in poverty and are unable to feed their children. And no child should go hungry.

Plymouth Grove Primary school Longsight is preparing a certificate to thank us for the support in the school community, and taking on referrals, as well as Dean Trust High School, Longsight.

There are hidden struggles people go through in the communities we interact with. We have now gained the trust of many families and individuals so they are able to now approach the trust comfortably without feeling the pressure of stigma and shame regarding reaching out for help which many people in our community struggle with.

Section E

Financial review

Brief statement of the charity's policy on reserves

We have no Reserves

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Our principal source of funds and support came from The National Lottery community fund, this enabled us to deliver and distribute Covid-19 Food parcels to communities in Greater Manchester.

Our aims for the future campaigns, is to continue to do cultural appropriate food parcels to our diverse community, also we now have connections with over 7 schools across Greater Manchester, who will be giving us referrals to families who are living in poverty.

We also aim to build up the youths in the community, to bring them up to their full potential, such as Renewable Engineers, Programming and Coding using Python, IT Engineers and so on.

Further to this we aim to scale up by having a building that is not in use, in our community where people can come and not feel any stigma. We can archive other campaigns that matters to the community.

Section G Declaration
