Birmingham Jewish Community Care

Report of the Trustees for the Year Ended 30 September 2021

The trustees present their report with the financial statements of the charity for the year ended 30 September 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

Birmingham Jewish Community Care is committed to ensuring that members of the Jewish and local community are able to support and care for one another. Our vision is of a society where people support and care about one another and are able to participate to the fullest possible extent in their community.

Significant activities

The major activity of the charity was the operation of a residential and nursing home, Andrew Cohen House, at Stirchley in Birmingham. The strategy of the charity is to continually improve the quality of care provided at Andrew Cohen House whilst pursuing more donations and legacies to help with ongoing projects.

Other activities include the operation of a luncheon club and Meals to Go service, the provision of social services, art classes, inclusive singing group and 'Dementia Café'.

Public benefit

The Trustees, having considered s.17 of the Charities Act 2011, have satisfied themselves that they have complied with the duty to have regard to the Public Benefit guidance published by the Charity Commission. The activities and achievements of the charity are outlined throughout this Trustees Report and we believe demonstrate that the charity is providing public benefit.

We have had to take the very difficult decision to reduce the number of funded placements available at Andrew Cohen House as the funding model falls far short of the actual cost of care. However, fee assistance is provided by the charity for residents in appropriate cases after assessing the needs and means of applicants, their families and any contribution from the Local Authority. We still have over 55% of our Care Home residents that are Local Authority funded, this is a reduction from over 60% last year. Two days a week, we have a luncheon club which is open to all members of the community where they can get a three course hot meal. If they have no transport they will be collected by our own in-house minibus. There are also regular film shows and outings. For those unable to cook for whatever reason, we can offer a limited Meals to Go service. All these services are subsidised by voluntary donations which enables us to keep the costs as low as possible. There is also no geographic restriction to people accessing our services.

Through our Social Care department, we help our service users to obtain the correct benefit entitlements through assistance with form filling and liaising with the appropriate authorities. We also make grants to the needy either by monetary donation or by paying home and care bills directly where it is assessed to be needed. Our staff liaise with many organisations and health professionals to arrange appropriate help and care where we are unable to give this. Much of our staff's time is spent in supporting elderly members of the community living in their own homes as part of 'care in the community'. We make no charge for these services.

With our in-house special needs minibus we take elderly members of the community shopping on a weekly basis free of charge.

The Trustees ensure there are funds available to help any Jewish person who wants to live at Andrew Cohen House but has no access to private funds.

Birmingham Jewish Community Care

Report of the Trustees for the Year Ended 30 September 2021

ACHIEVEMENT AND PERFORMANCE

Charitable activities

During the period, the average occupancy at Andrew Cohen House was 93.6%. The occupancy was affected by Covid-19, for a period at the start of the pandemic we chose not to admit new residents to allow us to safeguard our existing residents and staff.

During the period, the charity had a number of inspections by different Regulatory Bodies and all acknowledged that standards overall had remained at a good rating however CQC rated the home Outstanding in Caring, this was during a physical inspection in early March 2020. Following the start of the pandemic most inspection became virtual or telephone inspections.

Average numbers attending the luncheon club were very similar to the previous year until March 2020 when the lunch club was suspended due to the pandemic, it has yet to resume. Our Meals to Go service was scaled back and is no longer offered routinely, however in October 2020 we started providing a once weekly take out service for residents of Silverstone Court. We do however provide meals on an ad-hoc basis for community member in need. General support care services continued to be provided including signposting to relevant professionals and facilitating the claiming of benefits.

Staff training was continued with external and inhouse training, for all needs of care and especially with the intention of developing work in dementia and end of life care. All but mandatory training ceased during the pandemic. Training has now resumed and we have worked hard to catch up on missed training. We have added an online training service to supplement our in-house training provision.

Fundraising activities

Donations, gifts and legacies totalled £271,560 up from £221,297 in the previous year mainly due to increased grants to control the spread of Covid-19 and support the staff during the pandemic.

The main fundraising activities are usually the two annual appeals for Pesach and Rosh Hashanah. Rosh Hashanah 2019 went ahead but as Pesach 2020 coincided with the beginning of the pandemic this appeal did not happen. The Chair of Trustees along with the Director made a personal appeal to the community as initially it looked as though there would be no financial support from central government. This was very successful as was the national appeal which was run by the three largest Jewish organisations in the UK of which we were awarded a small percentage.

Investment performance

Income from the investment portfolio was slightly increased from the previous year at £44,519 from £43,232, the investments values recovered from the previous year end and there was an overall increase in investment values arising from additions, disposals and increases in market value of £134,407. Investment objectives set for the year were to maximise total investment return whilst maintaining income within the strict risk limits laid down by the Trustees

FINANCIAL REVIEW

Financial position

The financial position of the company is detailed in the accounts and shows total funds of £3,916,365 at the end of the year.

Principal funding sources

The principal sources of funding are payments from the council and NHS for the care of the residents.

Investment policy and objectives

There are no restrictions on the charity's power to invest, but the trustees' policy is to avoid high risk investments. Their aim is to maximise total investment return while maintaining income. The investment portfolio is managed by EFG Harris Allday. The trustees review investment performance and make investment decisions on a quarterly basis.

Birmingham Jewish Community Care

Report of the Trustees for the Year Ended 30 September 2021

FINANCIAL REVIEW

Reserves policy

The trustees have determined that the charity needs reserves to fund shortfalls in income when income does not reach expected levels, to fund unexpected expenditure and to fund working capital.

The trustees review the adequacy of the level of reserves during the regular trustee meetings by considering budgeted income and costs over the next six to twelve months, current and expected occupancy levels, cashflows and forecasts. As the bulk of work is covered by fees that are charged, the current level of reserves cover operations for the medium term.

The trustees consider the present level of reserves is adequate to support the continuation of operations for the medium term, and the financial position of the charity is therefore satisfactory.

Unrestricted income funds amounted to £3,908,751 at 30 September 2021, but £2,700,815 of this is tied up in financing the nursing home property and other tangible fixed assets. Uncommitted free reserves available for financing current activities, represented by funds held on deposit in addition to the investment portfolio, therefore amounted to £1,207,936.

Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. More detail is given in the notes to the accounts.

FUTURE PLANS

The trustees believe that the charity should provide excellent care for the residents of Andrew Cohen House and are delighted that the Care Quality Commission rated it "Outstanding" for caring in the latest inspection. Our residents and their families and our donors deserve the highest possible standards. In the worst public health crisis for a century the staff maintained flawless infection control and there was minimal transmission of covid-19 within the home. A CQC Infection Control audit in showed that the home had exemplary infection control procedures in place.

The trustees have a rolling programme to improve the facilities in Andrew Cohen House and will do so whenever funds are available. Therapeutic gardening involving residents in nature complements our dementia care for which we are a centre of excellence. We shall continue with the Namaste programme of sensory stimulation for those at the end stages of dementia and after visiting restrictions are lifted we shall host a monthly 'Dementia Café' again on the premises in conjunction with the local Alzheimer's Society.

The main risk that the Charity continues to face is that of financial sustainability. This is a challenge in the whole state-funded adult social care sector due to factors such as implementation of the Living Wage, increase in national insurance contributions and inadequate fees. BJCC's approach is to maximise income through high levels of occupancy, alongside a programme of fundraising events and appeals. We continually try to reduce expenditure through tight control of agency staff use, reviewing procurement, and making economies wherever possible.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document and constitutes a charitable incorporated organisation (CIO).

Recruitment and appointment of new trustees

New proposed trustees are recommended by existing trustees and a discussion is held at the next trustees' meeting. The proposed trustee would be invited to have a meeting with the Chair to determine if they are interested, suitable and could bring benefit to the charity as a trustee. If the outcome is positive on both sides then they would be invited to attend a trustees' meeting to confirm their interest.

Birmingham Jewish Community Care

Report of the Trustees for the Year Ended 30 September 2021

STRUCTURE, GOVERNANCE AND MANAGEMENT

Organisational structure

The trustees meet on a regular basis to manage the affairs of the charity and to formulate policy. The day to day operation of the charity was delegated to the Charity CEO and Home Manager, Mrs Sharon Grey.

The trustees act as custodian trustees for the charity's interest in the leasehold land and buildings at Andrew Cohen House.

Decision making

Day to day decisions are taken jointly by Sharon Grey, CEO and Kirsty Turner, Business and Finance Manager. Strategic decisions are discussed and agreed at the bi-monthly Trustees meetings.

Induction and training of new trustees

New trustees are given copies of the Constitution. A number of publications from the Charity Commission in hard copy or electronic form are provided including the guidance on charities and on the provision of care and medical treatment for the public benefit.

Key management remuneration

The Charity Directors salary was paid in line with other charities of a similar size. The new CEO is a combined role with the position of Home Manager and the salary falls well within the ranges of salaries paid by similar organisations for a similar role.

Related parties

The charity provides administrative and accounting support for Birmingham Jewish Housing Association, as detailed in note 18 to the accounts. The Charity CEO attends meetings of the Board of the Housing Association.

Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

The trustees regularly review the major operational, business and financial risks which the charity faces, including a quarterly review of the controls over key financial systems and monthly reviews of budgets. The trustees confirm that they have established systems to mitigate the significant risks where necessary.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

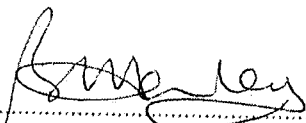

The trustees are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"

The law applicable to charities in England and Wales, the Charities Act 2011, Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by order of the board of trustees on 18 July 2022 and signed on its behalf by:

.....
Dr B Henley - Trustee

Report of the Independent Auditors to the Trustees of Birmingham Jewish Community Care

Opinion

We have audited the financial statements of Birmingham Jewish Community Care (the 'charity') for the year ended 30 September 2021 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 September 2021 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities (Accounts and Reports) Regulations 2008 requires us to report to you if, in our opinion:

- the information given in the Report of the Trustees is inconsistent in any material respect with the financial statements; or
- sufficient accounting records have not been kept; or

**Report of the Independent Auditors to the Trustees of
Birmingham Jewish Community Care**

- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the trustees are responsible for the preparation of the financial statements which give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

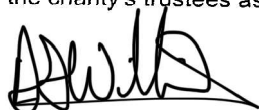

We have been appointed as auditors under Section 144 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Birmingham Jewish Community Care

Notes to the Financial Statements for the Year Ended 30 September 2021

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably. Income grants is recognised to the extent that any any performance conditions have been met.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included in the financial statements for volunteer time in line with the SORP (FRS 102).
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.
- investment income is earned through holding assets for investment purposes such as shares. It includes dividends and interest. Where it is not practicable to identify investment management costs incurred within a scheme with reasonable accuracy the investment income is reported net of these costs. Dividend income is recognised as the charity's right to receive payment is established and interest income is recognised using the effective interest method.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

The irrecoverable element of VAT is included with the item of expense to which it relates.

Allocation and apportionment of costs

Support costs are those that assist the work of the charity but do not directly represent charitable activities. Support costs not directly attributable to any particular charitable activity are apportioned over relevant activities on the basis of the trustees estimates of the amount attributable to each activity in the year, by reference to the direct expenditure of each activity. Support costs include governance costs.

Birmingham Jewish Community Care

Notes to the Financial Statements - continued for the Year Ended 30 September 2021

1. ACCOUNTING POLICIES - continued

Allocation and apportionment of costs

Governance costs represent the costs of complying with constitutional and statutory requirements and satisfying public accountability, and include audit fees and legal charges.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- over the unexpired portion of the lease
Fixtures and fittings	- 33% on cost and 20% on cost

Investments

Investments are recognised initially at cost, which is normally the transaction price excluding transaction costs. Subsequently, they are measured at fair value with changes recognised in 'net gains / (losses) on investments' in the Statement of Financial Activities if the shares are publicly traded or their fair value can otherwise be measured reliably. Other investments are measured at cost less impairment.

Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held at call with banks.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Operating Leases

Rentals payable under operating leases are charged against income on a straight line basis over the period of the lease.

Taxation

The charity is an exempt charity within the meaning of schedule 3 of the Charities Act 2011 and is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charity for UK corporation tax purposes.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Pension costs and other post-retirement benefits

The charity operates a defined contribution pension scheme. Contributions payable to the charity's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

Birmingham Jewish Community Care

Notes to the Financial Statements - continued for the Year Ended 30 September 2021

1. ACCOUNTING POLICIES - continued

Pension costs and other post-retirement benefits

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for twelve months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

2. DONATIONS AND LEGACIES

	30.9.21	30.9.20
	£	£
