The Askrigg Foundation

Trustees' Annual Report

Year Ended 31st December 2021

The trustees present their report and the financial statements of the charity for the year ended 31st December 2021. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" in preparing the annual report and financial statements of the charity.

The financial statements have been prepared in accordance with the accounting policies set out in notes to the accounts and comply with the charity's governing document, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland published in October 2019.

Trustees of the charity

The trustees who have served during the year and since the year end were as follows:

Mrs G J Anderson
Rev D J Clark
Mrs J B Everett (Resigned 28th February 2022)
Mrs E Fawcett
Mrs C P Gosling
Mr H A Kirkbride
Mrs J A Sumner (Resigned 30th June 2021)

Objectives and activities

The principal objectives of the Askrigg Foundation continue to be driven by the original trust deed of 1971, which tasks the trustees to undertake "such works as are beneficial to the Parish in line with the founding Christian principles." The Foundation became active as Charitable Incorporated Organisation with effect from 6th June 2019, having previously operated as an ordinary charity, registration number 500838. The objects of the Charity are to promote any charitable purpose for the public generally and, in particular, the inhabitants of the Upper Wensleydale Benefice and for the general purpose of such bodies as the trustees may from time to time decide to support.

Public benefit statement

The charity continues to support charitable purposes in the Upper Wensleydale Benefice as and when identified. The charity has been delivering public benefit by providing three affordable homes for rent in perpetuity for local people as determined by a specific criteria and a shop at a reasonable rent. It is doing so from property that the charity owns, which was not previously being fully utilised.

The trustees consider that they have complied with their duty to have due regard to the commission's public benefit guidance.

Achievements and performance

The Foundation completed the renovations of the property creating three affordable homes and one retail unit. The three affordable homes were successfully let to local people, and a co-operative of local crafts people and artists operated from the retail unit.

Having depleted funds during the renovation of the property, reserves and bank balances were starting to rebuild at the year end date.

The Askrigg Foundation

Trustees' Annual Report

Year Ended 31st December 2021

Financial review (including reserves policy)

The Charity completed the renovation of the property with limited finance available to it, and with thanks to a Community Housing grant from Richmondshire District Council. The charity had also taken out a mortgage to fund the project and had to release an additional £10,000 from this to complete the project.

The letting of the retail unit started in February 2021 and the three residential properties were let from April 2021. The property therefore started generating monthly income and combined with the fact that the first year of the mortgage was interest free meant that the charity was able to start to rebuild cash reserves – a principal policy of the Trustees at the date of signing the accounts. The net balance sheet position of the charity increased to £248,628 at 31st December 2021 compared to £85,750 at the start of the year.

Plans for future periods

With the properties all being in excellent condition the trustees are hopeful that minimal expenditure will be required on them over the coming years. It is our intention to keep these to a high standard so that people are proud to live in them.

The Trustees agree that there is a need to stabilise and re-build reserves. The Trustees will also look to build the bursary fund cash reserves so that support to Low Mill Outdoor Centre can be renewed.

Structure, governance and management

The charity is governed by its Charitable Incorporated Organisation constitution document dated 26th November 2018.

The charity is managed by its trustees. Where there is a need for a new Trustee, new Trustees are identified by their skill set by serving Trustees and are invited to join the organisation.

Trustees' responsibilities

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Askrigg Foundation

Trustees' Annual Report

Year Ended 31st December 2021

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 . They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On behalf of the board

Mrs E Fawcett, Chairperson, Trustee

Independent Examiner's Report to the Trustees of The Askrigg Foundation

Year Ended 31st December 2021

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31st December 2021 which are set out on pages 1 to 17

Responsibilities and basis of report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The Askrigg Foundation

Notes to the Financial Statements

Year Ended 31st December 2021

1 Summary of significant accounting policies

(a) General information and basis of preparation

The Askrigg Foundation is a Charitable Incorporated Organisation in England. In the event of the charity being wound up, the trustees have no liability to contribute to its assets and have no personal responsibility for settling its debts and liabilities. The contact address is given in the charity information on page 1 of these financial statements.

The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011, and UK Generally Accepted Accounting Practice.

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The financial statements are prepared on a going concern basis under the historical cost convention, modified to include certain items at fair value. The financial statements are presented in sterling which is the functional currency of the charity and rounded to the nearest £.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

(b) Funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the charity for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

(c) Income recognition

All incoming resources are included in the Statement of Financial Activities (SoFA) when the charity is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received.

The Askrigg Foundation

Notes to the Financial Statements

Year Ended 31st December 2021

For donations to be recognised the charity will have been notified of the amounts and the settlement date in writing. If there are conditions attached to the donation and this requires a level of performance before entitlement can be obtained then income is deferred until those conditions are fully met or the fulfilment of those conditions is within the control of the charity and it is probable that they will be fulfilled.

No amount is included in the financial statements for volunteer time in line with the SORP.

Where practicable, gifts in kind donated for distribution to the beneficiaries of the charity are included in stock and donations in the financial statements upon receipt. If it is impracticable to assess the fair value at receipt or if the costs to undertake such a valuation outweigh any benefits, then the fair value is recognised as a component of donations when it is distributed and an equivalent amount recognised as charitable expenditure.

Gifts in kind donated for resale are included at fair value, being the expected proceeds from sale less the expected costs of sale. Where estimating the fair value is practicable upon receipt it is recognised in stock and 'Income from other trading activities'. Upon sale, the value of the stock is charged against 'Income from other trading activities' and the proceeds are recognised as 'Income from other trading activities'. Where it is impracticable to fair value the items due to the volume of low value items they are not recognised in the financial statements until they are sold. This income is recognised within 'Income from other trading activities'.

Fixed asset gifts in kind are recognised when receivable and are included at fair value. They are not deferred over the life of the asset.

For legacies, entitlement is the earlier of the charity being notified of an impending distribution or the legacy being received. At this point income is recognised. On occasion legacies will be notified to the charity however it is not possible to measure the amount expected to be distributed. On these occasions, the legacy is treated as a contingent asset and disclosed.

Income from trading activities includes income earned from fundraising events and trading activities to raise funds for the charity. Income is received in exchange for supplying goods and services in order to raise funds and is recognised when entitlement has occurred.

Income from government and other grants are recognised at fair value when the charity has entitlement after any performance conditions have been met, it is probable that the income will be received and the amount can be measured reliably. If entitlement is not met then these amounts are deferred.

Investment income is earned through holding assets for investment purposes such as shares and property. It includes dividends, interest and rent. Where it is not practicable to identify investment management costs incurred within a scheme with reasonable accuracy the investment income is reported net of these costs. It is included when the amount can be measured reliably. Interest income is recognised using the effective interest method and dividend and rent income is recognised as the charity's right to receive payment is established.

Other income includes the conversion of endowment funds into income which arises when capital funds are released to an income fund from expendable endowments or when a charity has authority to adopt a total return approach to its permanent endowment fund. It also includes other income such as gains on disposals of tangible fixed assets.

The Askrigg Foundation

Notes to the Financial Statements

Year Ended 31st December 2021

(d) Expenditure recognition

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required and the amount of the obligation can be measured reliably. It is categorised under the following headings:

- Costs of raising funds;
- Expenditure on charitable activities;
- Overheads & administrative costs

Irrecoverable VAT is charged as an expense against the activity for which expenditure arose.

Grants payable to third parties are within the charitable objectives. Where unconditional grants are offered, this is accrued as soon as the recipient is notified of the grant, as this gives rise to a reasonable expectation that the recipient will receive the grants. Where grants are conditional relating to performance then the grant is only accrued when any unfulfilled conditions are outside of the control of the charity.

(e) Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Assets under construction are depreciated when they are brought into use.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Freehold buildings	2% straight line
Fixtures and fittings	25% reducing balance

(f) Investments

Investments are recognised initially at fair value which is normally the transaction price excluding transaction costs. Subsequently, they are measured at fair value with changes recognised in 'net gains / (losses) on investments' in the SoFA if the shares are publicly traded or their fair value can otherwise be measured reliably. Other investments are measured at cost less impairment.

Current asset investments are short term highly liquid investments and are held at fair value. These include cash on deposit and cash equivalents with a maturity of less than one year.

(g) Debtors and creditors receivable / payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

The Askrigg Foundation

Notes to the Financial Statements

Year Ended 31st December 2021

(h) Loans and borrowings

Loans and borrowings are initially recognised at the transaction price including transaction costs.

(j) Impairment

Assets not measured at fair value are reviewed for any indication that the asset may be impaired at each balance sheet date. If such indication exists, the recoverable amount of the asset, or the asset's cash generating unit, is estimated and compared to the carrying amount. Where the carrying amount exceeds its recoverable amount, an impairment loss is recognised in profit or loss unless the asset is carried at a revalued amount where the impairment loss is a revaluation decrease.

(k) Provisions

Provisions are recognised when the charity has an obligation at the balance sheet date as a result of a past event, it is probable that an outflow of economic benefits will be required in settlement and the amount can be reliably estimated.

(l) Leases

Assets acquired under finance leases are capitalised and depreciated over the shorter of the lease term and the expected useful life of the asset. Minimum lease payments are apportioned between the finance charge and the reduction of the outstanding lease liability using the effective interest method. The related obligations, net of future finance charges, are included in creditors.

Rentals payable and receivable under operating leases are charged to the SoFA on a straight line basis over the period of the lease.

(m) Tax

The charity is an exempt charity within the meaning of schedule 3 of the Charities Act 2011 and is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

(n) Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

2 Property Income

	2021 £	2020 £

The Community Housing grant was provided by Richmondshire District Council. The grant was awarded for the development of three community led affordable rental homes. The condition of the grant was that the houses must be delivered by 31st March 2021, which the charity did.

The Awards for All grant was made for the purposes of shop fittings, fixtures and equipment which was spent in the year.

The insurance claim will be spent in 2022 to rectify damage caused to a window by a telecoms engineer.
