

City of Hull Street Angels

Annual Report for year ending September 2020

What started out as another promising year ended miserably due to the Coronavirus.

We had another sponsored Dunk courtesy of HOTA which provided a much needed boost to finances. Thank you to everyone who participated, both physically and financially.

Cash donations collected whilst we were still operating and our tombola again raised valuable funds. In all almost £4000.

We received £780 in donations from the Freemasons, Rotary and Motorhomes & Caravans. Donations from Humber Learning, Asda Foundation and Amazon Smile amounting to £346 were also received.

Unfortunately 2020 brought the news that our bus was going to cost too much to repair so it was scrapped. We did however purchase another in September.

We are still in a relatively healthy financial position and approach the next financial year with trepidation at what the coronavirus may bring.

We continue to work with amazing volunteers and applaud them. Our charity would not exist without their unstinting commitment.
Thank you each and everyone of you.
