**Trustees Annual Report**

**Constitution**

Soft Bones UK Foundation is constituted by a conveyance document dated 16<sup>th</sup> September 2018 and is registered with the Charity Commission under Charity Number 1181117.

**Organisation**

The charity is administered by an elected board of Trustees who normally meet a minimum of three times a year. The names of serving trustees and the other charity particulars are listed above. New or co-opted members are appointed, inducted and given details of their responsibilities by the Trustees and very little continuous training is required.

**Aims and Objectives**

The charity aims are to promote greater understanding of the causes, symptoms and treatment of Hypophosphatasia (HPP); to raise public awareness of the symptoms, needs and related medical conditions of those living with HPP and to assist people, their relatives and carers to get in contact with each other and to exchange information and experiences.

**Achievements (April 2021 – March 2022)**

The HPP information packs have been printed and are now in the process of being delivered to all children's hospitals in the UK. We continue to increase our social media footprint to make information about HPP more accessible.

**Collaboration**

We participated in the Rare Thinking Conference in November 2021 and continue to work closely with Metabolic Support UK and alongside Softbones USA.

**Thanks to our Supporters**

We would like to thank everyone who fundraised for Softbones UK.

**Donations and Grants**  
**£1,105**

Alexandra Ockenden  
Trustee of Soft Bones Foundation UK

**Treasurer's Report**

In order to fulfil our duties under the Charities Act 1993, I have compiled financial spreadsheets for the charity recording all expenditure and income, including petty cash payments, for this financial year ended 31<sup>st</sup> March 2022.

All these payments have been checked against receipts in the bank account and recorded as income or expenditure to give a true and fair view under the Charities Act 1993.

S. Homan
