Directors Report

A number of employees of the chairman worked to support the charity objectives by providing ad-hoc related services where time allowed. No charges were made for the services provided and no payments were made to the employees.

Due to Covid constraints it was judged inappropriate to develop the charitable activities at the time.

In 2022 we are projecting to appoint a volunteer co-ordinator and to get the charity off the ground, both to achieve a level of service provision and to fund raise to meet the needs of the progress made to date and projected in the future.

Signed

Michael Darren Millage
