

HEAVEN BOUND MISSION

Our charity helps people in African, Zimbabwe and is also meant to help our local communities. We feed people in Zimbabwe by getting some food from local donors like supermarkets and farmers our trustee in Zimbabwe distributes the food to people in need. Locally we help homeless ladies on the streets with sanitary needs. We paid fees for the disadvantaged in Zimbabwe and we hospital bills.

The purpose for our charity is to help the disadvantaged individuals in our local town Bournemouth, and in Africa, Zimbabwe.

During the past year we have done a bit in our local community here in Bournemouth according to our funds. Here in the UK, we have been feeding homeless people on the streets. We did that on Christmas Day. We are planning do the same on Easter though we do this regularly.
