CHAIRMAN'S ADDRESS 25th July 2025

Presented by Mr Jim Robinson

It is with great sadness that we have lost Ken, who died earlier this year he will be greatly missed by all of us..

A CIO is governed by the charity trustees, but with a wide membership of volunteers and other members who will have the right to vote at future AGMs and similar meetings. Under charity law all members of the CIO have a duty to support its charitable aims when taking decisions in relation to the CIO.

On a closing note

CREST Cancer Support is run by inspirational, highly committed volunteers, who are easily accessible to all our members and other volunteers. We still continue to have an open door policy which has worked well. We develop and motivate all our volunteers and members. We must have a person centred approach to volunteering and match their expectations to the work they do for CREST Cancer Support.

We must always realise that we are a voluntary organisation and count on volunteers heavily to run the charity. We must all make a conscious effort to inform everyone that CREST Cancer Support is run solely by volunteers. We must also continue to recruit volunteers and retain them and the Complementary Therapists we need to support our work.

Secretarys Report

Referrals to CREST Cancer Support CIO have increased over the last two years as we have had more exposure in the local area. Many who are referred to us have multiple requirements, not just support for being affected by cancer. One patient or carer might require counselling, financial support information and the help of another charity. Having these other local charities gives us a great support network. Each referral is unique in itself and each referral brings its own challenges for CREST Cancer Support CIO to provide the relevant tailored services. Members high expectations on help and support of them from us.

We supply the following services via our therapists and nurses
Counselling Service members referred to multiple visits
Shepperton Wigs subsidy for wig/head covering
MLD with members with multiple visits
Complementary Therapy with multiple visits
Indian Head with multiple visits
Mindfulness with multiple visits
Osteopathy with multiple visits
Acupuncture with multiple visits
Podiatry with multiple visits
Reiki with multiple visits
Reflexology with multiple visits
Shibashi with multiple visits
Signposting to other organisations which could also mean to more than one organisation

CREST has changed greatly due to Covid, in the way we work and communicate with our membership (Cancer Patients and Carers plus interested parties.)

Our referrals from the hospitals and GPs have disproportionately increased in demand during and after Covid. MacMillan and other organisations have also been sending patients and carers to us as many NHS and GPs are not seeing people who it appears, will not or cannot provide services themselves. They also do not provide any funding to CREST to help cover the costs of treatments that the patients require. So we have been and still are the last line of defence for cancer patients. . We do not see anything returning to the "old Norm" and we believe the situation we have here at CREST will be our "new norm". If we were not here then these people would not get the treatments and support they so desperately need and they would have no where else to go.

CREST is run entirely by unpaid volunteer and the best news is that we have moved offices which is wonderful every one has their own workstation
Joan Nicholson CREST Secretary

REPORT FROM THE TREASURER

"This year income has slightly exceeded expenses for the second year in a row. This has helped boost our reserves which we have had to dip into, on previous years. The majority of our income is from Local Government Grants and other donations. Grants are usually restricted funds, primarily for therapies and counselling while other donations are usually added to general funds.

Our financial statements are prepared in accordance with the Charity Commission's guidelines and CREST Cancer Support CIO's governing documents.

We would like to thank Nicholas Dent who has acted as Independent Examiner for the annual accounts."

Judith Haarer
Treasurer

Section A

Independent Examiner's Report

Report to the trustees/ members of	CREST Cancer Support CIO		
On accounts for the period	Year ended 31 st March 2025	Charity no (if any)	1181505
	Set out on page 1		

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31st March 2022.

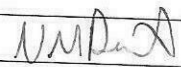

Responsibilities and basis of report As the charity trustees, you are responsible for the preparation of the accounts in accordance with the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Annual Review Chairmans Report

The year under review has continued to be difficult and post Covid we have not seen any decline in demand for our services, quite the reverse in fact.

That we have managed to keep up with the demand and its associated costs to us is a huge tribute to my fellow trustees, our volunteers and our therapists who have worked tirelessly to continue to serve our community at the time of greatest need. Please remember that no one who works for us receives any salary. We have never turned an applicant, carer, or family away and we never will.

There has been strain on our finances, as will be seen elsewhere in this report and this has led to us having to introduce a very modest annual membership charge especially to help with our administration costs. Covid and the restrictions it placed upon our ability to provide a service, has meant that we have brought our IT system up to date so that in the event of any future major event that prevents us from getting into the office we will still be able to access records etc remotely. Thus, we will be sure of our ability to continue to run the operation successfully.

Regretfully I cannot see any lessening in demand for our services in the medium term, but rest assured that the incredible team I have the honour to work with will continue to be available to all who need our help.

CREST CANCER SUPPORT CIO

England & Wales - Charity number 1181505

Accounts

CHAIRMAN'S ADDRESS

Presented by Mr Jim Robinson

We dissolved CREST as a charity so that its work may be continued as a Charitable Incorporated Organisation (CIO). CREST registered charity number 1111114 was dissolved in accordance with clause 15 of the charities constitution, with all assets and activities transferred to the new charitable incorporated organisation to be known as CREST Cancer Support CIO charity number 1181505. Changing the charity status has allowed CREST Cancer Support more powers to enable them to make decisions on a day to day running and the future services and plans CREST Cancer Support may make on behalf of the members.

This has made no difference to the day-to-day work of the charity. The Trustees consider that the work of CREST Cancer Support is more effectively progressed with the new structure of a CIO.

CIO is governed by the charity trustees, but with a wide membership of volunteers and other members who will have the right to vote at future AGMs and similar meetings. The CIO Constitution states that all members of the existing "CREST" charity will be members of the CIO from the day when it is formed - so no one will lose their membership through this change. Under charity law all members of the CIO have a duty to support its charitable aims when taking decisions in relation to the CIO. However if any existing member does not wish to be a member of the CIO, please let us know.

On a closing note

CREST Cancer Support is run by inspirational, highly committed volunteers, who are easily accessible to all our members and other volunteers. We still continue to have an open door policy which has worked well. We develop and motivate all our volunteers and members. We must have a person centred approach to volunteering and match their expectations to the work they do for CREST Cancer Support.

We must always realise that we are a voluntary organisation and count on volunteers heavily to run the charity. We must all make a conscious effort to inform everyone that CREST Cancer Support is run solely by volunteers. We must also continue to recruit volunteers and retain them and the Complementary Therapists we need to support our work.

CREST CANCER SUPPORT CIO

England & Wales - Charity number 1181505

Accounts

This year has been one of the most traumatic this charity has experienced. The consequences of the pandemic and the stuttering recovery have made very substantial demands on our services and has stretched our capacity to assist clients to the limits. None the less no one has been turned away or refused assistance and, in keeping with our original objectives, this has included support to carers, even after the passing of the client.

The Trustees have had to take an in depth look at how we cope with this increased demand and consequently the decision was taken, reluctantly, to cease the operation and funding of all social activities going forward. It is imperative that we husband our resources to concentrate on the primary activity of assisting those in need.

Not only has the level of demand increased over the last 12 months but also the spread of services provided. We now provide 11 different therapies through the services of 8 therapists all of whom give their time free of charge or at substantially discounted rates. The number of clients assisted rose to 293 during the period from June 2020 in the preceding 12 months and it is especially important to remember that the vast majority of these will need access to more than one service. The increase in demand for counselling is especially concerning. This has all arisen from the virtual closure of the NHS to those we support and a similar situation to charities such as MacMillans. Referrals to us have come from those sources but also from GP's (most of whom stopped seeing people), other charities and Local Authority Social Services departments. Moreover, we have not had access to our office in the main Council building and thus were denied access to our computer system, our records and initial store of PPE.

For the foreseeable future we do not expect the pressure of this upward level of demand to ease. Hospitals and the broader NHS have huge backlogs and the threat of Covid remains despite the vaccination programme. We seek to continue to recruit therapists where necessary and to rebuild the band of admin volunteers.

Most of our administrative volunteers have been unable to work for various reasons while the office remains shut. We are of course a wholly voluntary organisation so consequently and incredibly, the main workload has fallen on three people, working seven days a week sometimes, and delivering something which is little short of a miracle. It is chilling to imagine what position some of our clients would be in now were it not for the efforts of those three and the band of therapists whose dedication is beyond words.

Administratively we have found that we are far too reliant on the one office, and the problems that lack of access has caused. We are taking advice from an IT consultant (free of charge) to look at developing a small IT network of our own, to ensure that these problems can never reoccur. This will be separately funded, and we will seek grants to that end. Apart from that our costs arise almost totally from the provision of therapeutic services. Whilst some contribution is sought from clients nobody is turned away for lack of funds.

Our finances remain on a sound footing and are under constant monitoring by the Trustees. We are continuously seeking grant funding and any opportunity to develop a longer-term association with a source of finance that would improve our medium-term ability to plan and develop our services as demand arises.

Jim Robinson

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31st March 2021.

**Responsibilities and
basis of report**

As the charity trustees, you are responsible for the preparation of the accounts in accordance with the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
