The Dorneywood Trust
Trustees' report on the accounts
for the year ended 31st December 2022

The Trustees present their report and the audited financial statements of the Charity for the year ended 31st December 2022. The Trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" (FRS 102) in preparing the annual report and financial statements of the Charity.

Objectives and activities for the public benefit

The prime purpose of the Trust is that of maintaining and improving the property and estate at Dorneywood. The Trustees welcomed 425 members of the public during the Garden only opening and 610 to the House & Garden opening during the year. Trustees were particularly heartened that many young people continued to benefit so much from using the Scout Campsite, to the northern end of the Estate.

Activities

The Trustees carry out the Trust's objectives by employing a small team of staff, professional advisers and contractors, reviewing their work at regular intervals. The Trust also benefits from the support of a group of loyal volunteers. The Dorneywood Trust's activities are overseen by the Secretary.

As a result of careful management of resources over many years, the Trustees have accumulated capital to generate a total return on their investments towards meeting their expenditure requirements over time. Apart from the routine cost of maintaining the House, contents, outbuildings, Garden and wider Estate, the Trustees carry out, when necessary, major works to maintain the whole property to an appropriate standard.

Public benefit statement

The Trustees have complied with their duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising their powers and duties.

Fundraising standards information

The Charity does not carry out significant public fundraising activities.

Achievements and performance

The Trustees undertook a Quinquennial Survey during 2021 which confirmed "the overall condition of Dorneywood House and the historic estate buildings is coming up, and despite the exceptionally difficult circumstances of the last 18 months of pandemic, much good work has been achieved". Work continued in 2022 to address the key priorities in the Survey.

A small band of dedicated Garden volunteers supported the Trust throughout the year. The Trust was also supported by a committed group of volunteer Room Guides in opening the House to the public daily during two weeks in July.

Financial review

During the year under review the Trust's funds decreased by £983k, of which £853k was due to a decrease in investment values. There was an operating deficit of £130k which has been funded out of income reserves. It has been a challenging year to maintain the level of investment income previously enjoyed.

The performance of the investment portfolio is measured against various benchmarks including the FTSE All Share Index and the Brit. Gov All Stocks Index, with an objective of maximising total return alongside a reasonable level of income over a longer term time horizon. During this year the investment funds have been fairly resilient given conditions, and the decrease in portfolio value broadly in line with the benchmarks.

Reserves policy

The Charity carries out a range of maintenance and improvement activities, some of which require significant financial commitment and investment. Investment in the House and Estate in the past nine years has ensured that the Property is now in good condition overall. The emphasis is on carefully planned maintenance reducing the incidence of unforeseen emergency repairs. Trustees want to ensure that this is sustained in the longer term by making adequate provision to meet the ongoing maintenance requirements of this important property.

The Trustees have examined the requirements for free reserves, i.e. those unrestricted funds not invested in tangible fixed assets, designated for specific purposes or otherwise committed. The Trustees' policy is to operate on the basis of being able to continue to generate sufficient incoming resources to use towards meeting its charitable objects and to accord with its principal aims.

The Dorneywood Trust

Trustees' report on the accounts for the year ended 31st December 2022 (continued)

Reserves policy (continued)

The balance sheet shows unrestricted reserves of £10,444k (2021: £11,427k). £346k (2021: £450k) of this is deemed freely available. The designated capital fund balance is represented entirely by tangible fixed assets and investments. Investments with a value of £10,065k (2021: £10,944k) are held at 31st December 2022 in order to generate sufficient income for carrying out the future objects of the Charity.

Investment policy and performance

The investments are acquired in accordance with powers available to the Trustees. The investment strategy is set by the Trustees and takes into account income requirements, the risk profile and the investment manager's view of the market prospects in the medium term. The overall investment policy is to maximise return, aiming to provide the level of income advised by the Trustees whilst at the same time, aiming to ensure that capital appreciation of the fund exceeds inflation over any five year period.

The Trustees have held discussions with their managers regarding sustainability and are pleased to note they are signed up to the United Nations Principles for Responsible Investing.

The Trustees meet formally with the investment managers twice a year to review the performance of the portfolio and the investment managers. The investment managers report four times a year to the Trustees. The Trustees are satisfied that the aims of their investment policy are being achieved.

In addition the Trustees have moved part of the portfolio into the Responsible Multi-Asset Fund, the aim of which is to have a positive impact on people and the planet by avoiding harm through ESG integration and exclusions.

Risk Management

The Trustees have assessed the major risks to which the Charity is exposed, in particular those relating to the specific operational areas of the Charity, its investments and its finances. The Trustees believe that by monitoring reserve levels, by ensuring controls exist over key financial systems, and by examining the operational risks faced by the Charity, they have established effective systems to mitigate those risks. The Trust applies best practice in all aspects of property and estate management at Dorneywood.

Plans for future periods

The Trustees will continue to maintain the property and estate of Dorneywood, in line with its Charitable purposes.

Structure, Governance and Management

The Dorneywood Thomson Endowment Trust Fund 'B' was an expendable endowment fund established on 23rd June 1944 and governed by a Settlement of that date.

The relationship between the role of the National Trust and that of the The Dorneywood Trust was considered and defined by Mr Justice Vaisey in the Chancery Division of the High Court of Justice on 17th December 1954.

The Fund was transferred to The Dorneywood Trust, a Charitable Incorporated Organisation (CIO), and its activities have been conducted through this vehicle since 1st May 2019.

Key management personnel remuneration

The Board of Trustees and the Secretary are the key management personnel of the Charity in charge of directing, controlling and operating the Charity on a day-to-day basis. All Trustees give their time freely and no Trustee remuneration was paid in the year. Details of Trustee expenses and related party transactions are disclosed in note 8 to the accounts. The salaries of the Secretary and all other members of staff are reviewed annually.

The Dorneywood Trust

Trustees' report on the accounts for the year ended 31st December 2022 (continued)

Trustees

Under the Constitution of the CIO, approved by the Charity Commission on 21st January 2019, the body of the Trustees shall consist of up to four appointed competent persons. Two further Trustees are nominated by the Prime Minister, one being a person holding Cabinet or Ministerial rank while that person holds the same office as when appointed. The Council of the National Trust appoints one further Trustee.

Except for the nominated Minister, Trustees are all appointed for a period of five years, renewable thereafter for a further period of five years, subject to the agreement of all the Trustees.

The Trustees in office during the year, and since the year end, were as follows:

P.M Ministerial Appointment: **TBC**

P.M. nomination: Lord Udney-Lister Kt PC

National Trust Trustee: Ingrid Samuel

Appointed Trustees: Lord Hollick (Chairman)
Julian H Prideaux OBE FRICS (retired June 2022)
Nicola Andrews
Robin Evans
Jeremy McIlroy (appointed April 2022)

Statement of Trustees' responsibilities

The Trustees are responsible for preparing the Trustees' Annual Report and the Financial Statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the Charity and of the incoming resources and application of resources of the Charity for that year. In preparing these financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the Charities SORP 2019 (FRS 102);
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts Reports) Regulations 2008 and the provisions of the Trust deed. They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report was approved by the Trustees on 17th March 2023.

Signed on behalf of the Trustees
Lord Udney-Lister Kt PC

The Dorneywood Trust

Independent Auditor's Report to the Trustees of The Dorneywood Trust

Opinion

We have audited the financial statements of The Dorneywood Trust (the 'Charity') for the year ended 31st December 2022, which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Charity's affairs as at 31st December 2022, and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Trustees Annual Report, other than the financial statements and our auditor's report thereon. The Trustees are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the Trustees' report; or
- the Charity has not kept adequate accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

The Dorneywood Trust

Independent Auditor's Report to the Trustees of The Dorneywood Trust

Responsibilities of Trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 4, the Trustees are responsible for the preparation of financial statements which give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud is detailed below:

- Enquiry of management, those charged with governance and the entity's solicitors around actual and potential litigation and claims;
- Enquiry of entity staff in tax and compliance functions to identify any instances of non-compliance with laws and regulations;
- Reviewing minutes of meetings of those charged with governance;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

Use of our report

This report is made solely to the Charity's Trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the Charity's Trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Charity and the Charity's Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

**Wenn Townsend, Statutory Auditor

The Dorneywood Trust
Notes to the accounts
for the year ended 31st December 2022

1 Accounting policies

a) Basis of preparation

The Dorneywood Trust is a charitable incorporated organisation in England and Wales. The address of the registered office is given in the Charity information on page 1 of these financial statements. The nature of the Charity's operations and principal activities are included in the Trustees' Report.

The Charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011 and UK Generally Accepted Accounting Practice.

The financial statements are prepared on a going concern basis under the historical cost convention, modified to include certain items at fair value. The financial statements are presented in sterling which is the functional currency of the Charity.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

b) Funds

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of the general objectives of the Charity and which have not been designated for other purposes. This will include fulfilling the backlog repair programme.

The designated capital fund comprises unrestricted funds that have been set aside by the Trustees as the capital fund needed to generate future income for the aims of the Charity.

c) Income recognition

All incoming resources are included in the Statement of Financial Activities (SoFA) when the Charity is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received.

d) Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required and the amount of the obligation can be measured reliably. It is categorised under the following headings:

- i. The costs of raising funds include the fees paid to investment managers in connection with the management of the Charity's listed investments and event running costs.
- ii. The costs of activities in furtherance of the Charity's objects comprise expenditure on the Charity's primary charitable purposes as described in the Trustees' report. Such costs include:
 - Salaries and wages for the Trust's employees
 - Garden maintenance
 - Caterers
 - Council tax and insurance
 - Travelling and motor expenses

The Dorneywood Trust

Notes to the accounts (continued) for the year ended 31st December 2022

1 Accounting policies (continued)

- Heating and lighting
- Telephone
- Depreciation
- Sundry household expenses

All the above costs are directly attributable to the activities in furtherance of the objects of the Charity.

- iii. Governance costs include those costs associated with meeting the constitutional and statutory requirements of the Charity and include the audit fees and costs linked to the strategic management of the Charity.

e) Tangible fixed assets and depreciation

The house, grounds and the majority of the contents of the house are in the ownership of the National Trust and consequently do not appear in these accounts.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

- Major improvements 10% per annum on cost
- Paintings and furniture These are included at an historic value and no depreciation is charged as it is considered that the residual value is not below the valuation

f) Investments

Investments are included on the balance sheet at their market value at the end of the financial year. Realised and unrealised gains and losses are credited, or debited, to the statement of financial activities in the year in which they arise.

g) Stocks

Stock consists of purchased goods for resale. Stocks are valued at the lower of cost and net realisable value.

h) Debtors and creditors receivable / payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

i) Pension costs

The Charity operates a defined contribution scheme for the benefit of its employees. The costs of contributions are written off against profits in the year they are payable.

j) Taxation

Dorneywood is a registered Charity and is not liable to income tax or corporation tax on income derived from its charitable activities as it falls within the various exemptions available to registered charities.

l) Going concern

The financial statements have been prepared on a going concern basis as the Trustees believe that no material uncertainties exist. The Trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements, including an updated assessment of the potential impact of COVID-19 on the Charity. The budgeted income and expenditure is sufficient with the level of reserves for the Charity to be able to continue as a going concern.

7 Employees and staff costs

Staff costs during the year were as follows:

Wages and salaries	147,397	142,428
Social security costs	14,308	13,226
Pension costs	12,295	10,440
Contractors and training	42,390	39,644
	<u>£ 216,390</u>	<u>£ 205,738</u>

No employee earned in excess of £60,000 in the year.

The average monthly number of employees during the year was 5.

8 Trustees' and key management personnel remuneration and expenses

The Trustees neither received nor waived any remuneration during the year.

The total amount of employee benefits received by key management personnel for this year is £46,383 (2021: £46,724 (including a time of hand-over)). The Trust considers its key management personnel comprise the Board of Trustees and the Secretary.

The Trustees did not have any expenses reimbursed during the year.
