Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To provide sessional care and early years education through the medium of Welsh to children aged four and under. Children from all backgrounds are welcomed.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The Cylch is situated in a small rural village and sits in the grounds of a primary school. It provides parents with childcare close to home, 4 days a week. This enables parents to work and children to thrive in a holistic learning environment.</p> <p>The Cylch has equipment such as, toys and resources which reflect the developmental needs and the age range of the children. Activities for children reflect the Foundation Phase (the national early years curriculum in Wales) so that the Cylch can ensure that each child receives the best possible start in all aspects of his/her education.</p> <p>Activities include singing, arts and crafts, cooking and role-play and there is an emphasis on learning through play. The staff are trained and experienced to ensure that consideration is given to each individual child's developing needs, so that personal, social, emotional and physical development are encouraged and supported alongside language development.</p> <p>Careful attention has been given to planning the outside play areas, so that the Cylch can offer children opportunities for stimulating activities in the open air.</p>

Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	Trustees of the Cylch are aware of their responsibility to ensure public benefit. The Cylch welcomes children from all backgrounds both inside and outside the village and aims to support parents with childcare needs. Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity’s work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Many children who attend the Cylch come from English-speaking backgrounds. The Cylch provides activities and games through the medium of Welsh, so that when the children move up to the bilingual school, they are familiar with many everyday words, phrases, greetings and questions in Welsh. The school benefits from the Cylch, as most children who attend the Cylch will then go on to attend the school. The Cylch joins the school for many activities, for example sports days and village parades, to help prepare the children for school and ensure a smooth transition.</p> <p>After facing many problems during 2023-2024, a decision was taken to change the hours of the Cylch and open up the Cylch to children from 18 months. We also applied to offer Flying Start funded places to two year olds. We feel positive that those changes will ultimately help us to grow numbers and ensure the Cylch is sustainable.</p>

Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The charity trustees have decided that it is appropriate to operate without holding any reserves. We reached this decision because the terms attached to much of the funding we receive does not allow any of this money to be set aside for reserves.
Amount of reserves held	Para 1.22	0
Reasons for holding zero reserves	Para 1.22	Because of our size the trustees have decided that it is in the best interests of the charity not to hold any reserves at the moment, but to spend all of its budget on salaries and resources. We will continue to review this policy.
