	SORP reference	
Policy on grant making	Para 1.38	Yes - Applicants for grants are required to submit evidence of financial need (social assistance/housing etc) and are interviewed by two trustees. A formula is applied to identify the percentage of fees to be covered by a grant to consider economic status and number of children and time associated with the charity. Request for grants for education (tutor support) are being monitored. None currently given.

Achievements and performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	During 2024/25 the charity continued to support both existing and new families – a number with more than one child - to access football training and competition which provides them with both physical exercise but also with a structured and safe after-school environment. The established after school support at a secondary school in Hammersmith continues to be very popular and is an efficient way for the charity to reach a wide number of young players.

Achievements against objectives set	Para 1.41	The continued need for the charity's support to enable children to access good quality football training was evidenced in onboarding interviews with families who struggle financially. A number of families show signs of mental health stress, with parents looking for ways to ensure their children maintain a healthy and positive afterschool experience. Discussions are active with the football provider to ascertain early identification of families who have difficulty meeting fees to ensure that they are aware of the support available particularly given a sense that those in need are hesitant to come forward to ask for help.
Performance of fundraising activities against objectives set	Para 1.41	There is a consistent body of supporters of the charity (including trustees) and a regular calendar of fund raising events spread across the school year to diversify fund raising opportunities and avoid overload, such as Fun runs and Charity tournament. The annual Gala event from 2024 carried over funds for 2025 and therefore fund raising was restricted to not overburden the timetable.

Financial review

Review of the charity's financial position at the end of the period	Para 1.21	At the end of the period – after some £7,804.55 was applied to grants we had unutilised funds of £24,326.48 which was carried over to the next year (the financial year being out of alignment with the school year). Improved communication with the current player body has helped the charity to have more visibility about requests for funding – both for the ongoing training as

		well as the end of year tournaments - and therefore to take steps to ensure that there is sufficient money available.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The accumulated reserves will be required to carry over to the start of the next academic year which is always a very busy time for processing requests.
Amount of reserves held	Para 1.22	£24,326.48

Additional information (optional)

You may choose to include further statements where relevant about:

The charity's principal sources of funds (including any fundraising)	Para 1.47	The charity will continue to timetable fundraising events across the year however taking care not to overstretch the current donors. Due to excess funds raised the gala dinner will no longer be an annual event and therefore smaller, tactical fundraising events will need to be scheduled over the course of the year. The particular concern is to ensure that existing players who have benefited from the charity will continue to be able to do so both with ongoing football coaching and the year end tournaments.
