## Objectives and activities

### Charitable purposes

To further or benefit the residents of Lancashire, primarily but not exclusively those with learning disabilities or mental health issues (hereinafter referred to as 'the beneficiaries') without distinction of sex, sexual orientation, race or of political, religious or other opinions by associating together the said residents and the local authorities, voluntary and other organisations in a common effort to advance education and to provide facilities in the interests of social welfare for recreation and leisure time occupation with the objective of improving the conditions of life for the beneficiaries by the establishment and maintenance of a community centre.

### Summary of the main activities in relation to these objects

Provide sessions in the local community with a view to establishing views from attendees of what is needed or missing in the area or indeed what works in others area and could therefore be replicated.

### You may choose to include further statements, where relevant, about:

- Policy on grantmaking
- Policy programme related investment
- Contribution made by Volunteers

We are grateful for the people that have volunteered to date and have spent time listening to the charity's vision. Without this valuable contribution of time, energy, and expertise the work involved in moving the charity forward would be much harder.

## Achievements and performance

**Summary of the main achievements of the charity during the financial period**

- In July 2019 personal circumstances forced the CEO, J Griffith to step down from the duties that she had been carrying out.
- All the necessary attendees, working partners, stakeholders and trustees were informed of the situation.
- As a direct result, there has been no events organised or carried out in this financial year.
- Furthermore, the lasting effect from Covid 19 that occurred during 2020 and 2021 added further reason why no events have been carried out.
- Nothing changed in the year to 31<sup>st</sup> August 2025, mainly as a result of the on-going personal circumstances.

## Financial review

**Brief statement of the charity's policy on reserves**

We have reserves this year of £9,401.89. In any future active years we aim to hold at least £10k and no more than £15k in reserves at the year end. The charity's policy on reserves is to constantly review the a/cs and the balance at bank. It is felt appropriate to have at least 3 mnths expenditure in the account, which would amount to approx £3k in an active year. Once the balance in the bank a/c falls below £4k then further fundraising activities to be organised or funding applications completed. Furthermore, fundraising activities should be constantly monitored along with funding applications, and these should both be active. Charity finance policy has been written.

No Income in the year from activities due to inactivity, and no direct operating expenses occurred, only two payments for admin expenses occurred during the year.

**Details of any deficit**

**Donated facilities and services (if any)**

No services or centres have been used or utilised in the year.

## Other optional information

<p><b>You may choose to include additional information, where relevant about:</b></p> <ul style="list-style-type: none"> <li>• <b>The charity's principal sources of funds (including any fundraising).</b></li> <li>• <b>How expenditure has supported the key objectives of the charity.</b></li> <li>• <b>Investment policy and objectives including any ethical investment policy adopted.</b></li> </ul>	<p>There has been no fund raising this year. We rely on the local community and our local council for their continuing support.</p> <p>The only expenditure in the year has been to pay any outstanding expenses and to pay for any administration to be completed. There will be no charge for annual accounts etc. for the year to 31/8/25</p> <p>It is anticipated that within the next 12 months a decision will be made by the trustees as to the future direction of the charity. A decision needs to be made due to the current personal circumstances of Jo Griffith, who previously ran all activities. It is not likely that these circumstances will change in the future.</p>
---	---

### Future Plans

In July 2019 the CEO suffered a personal tragedy and unfortunately had to cease the sessions at the church hall and all charity events for the foreseeable future. Although the following is still the ethos of the charity and future events, it is unclear when these plans will recommence. It is planned that a decision for the future of the charity will be made within the next 12 months.

The trustees declare that they have approved the trustees' report above.

## Objectives and activities

### Charitable purposes

To further or benefit the residents of Lancashire, primarily but not exclusively those with learning disabilities or mental health issues (hereinafter referred to as 'the beneficiaries') without distinction of sex, sexual orientation, race or of political, religious or other opinions by associating together the said residents and the local authorities, voluntary and other organisations in a common effort to advance education and to provide facilities in the interests of social welfare for recreation and leisure time occupation with the objective of

### Summary of the main activities in relation to these objects

Provide sessions in the local community with a view to establishing views from attendees of what is needed or missing in the area or indeed what works in others area and could therefore be replicated.

### You may choose to include further statements, where relevant, about:

- **Policy on grantmaking**
- **Policy programme related investment**
- **Contribution made by Volunteers**

We are grateful for the people that have volunteered to date and have spent time listening to the charity's vision. Without this valuable contribution of time, energy, and expertise the work involved in moving the charity forward would be much harder.

Any surplus funds in future years, which are not likely to be needed to pay for activities will be placed on deposit to earn interest.

## Achievements and performance

### Summary of the main achievements of the charity during the financial period

- In July 2019 personal circumstances forced the CEO, J Griffith to step down from the duties that she had been carrying out.
- All the necessary attendees, working partners, stakeholders and trustees were informed of the situation.
- As a direct result, there has been no events organised or carried out in this financial year.
- Furthermore, the onset of Covid 19 hit in March 2020 and added another reason why no events have been carried out.
- Nothing changed in the year to 31<sup>st</sup> August 2022, mainly as a result of the on-going personal circumstances of the CEO.

## Financial review

### Brief statement of the charity's policy on reserves

All of cash at bank is unrestricted funds. The funds are held in order to meet expenditure that may occur, eg room hire and stationery supplies. We have reserves this year of £9,492.98, the bulk of which is in a savings a/c. In future active years we aim to hold at least £10k and no more than £15k in reserves at the year end. The charity's policy on reserves is to constantly review the a/cs and the balance at bank. It is felt appropriate to have at least 3 mnths expenditure in the account, which would amount to approx £3k in an active year. Once the balance in the bank a/c falls below £4k then further fundraising activities to be organised or funding applications completed. Furthermore, fundraising activities should be constantly monitored along with funding applications, and these

**Details of any deficit**

**Donated facilities and services (if any)**

No Income in the year from activities due to inactivity, but some expenses occurred.  
No services or centres have been used or utilised in the year.

**Other optional information**

**You may choose to include additional information, where relevant about:**

- **The charity’s principal sources of funds (including any fundraising).**
- **How expenditure has supported the key objectives of the charity.**
- **Investment policy and objectives including any ethical investment policy adopted.**

There has been no fund raising this year. We rely on the local community and our local council for their continuing support.

The only expenditure in the year has been to pay any outstanding expenses and to pay for any administration to be completed including the annual accounts etc.

The trustees have all agreed to remain in post until such time as the CEO can return to the position. Also due to Covid 19 and the restrictions imposed, there are no plans at this time to resume any activities or services.

The charity bank account provider introduced a monthly £5 charge in January 2022. Steps were taken to change bank accounts to the Co-op so this monthly charge is no longer incurred.

**Future Plans**

In July 2019 the CEO suffered a personal tragedy and unfortunately had to cease the sessions at the church hall and all charity events for the foreseeable future. Although the following is still the ethos of the charity and future events, it is unclear when these plans will recommence - There will be a continued emphasis on providing a social scene for those with learning differences and mental health issues but open to all. Plus, other structured activities to build and deepen the confidence and capability of our attendees through social events. We would also like to explore the idea of a mobile phone app which would attempt to provide information from three strands: Health, Finances and Social, with the possibility of a link to a help line. Research will be carried out to gauge if this is a viable and useful tool.

**The trustees declare that they have approved the trustees’ report above.**
