B. STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing Document

The charity is controlled by its governing document, a deed of trust, and constitutes an incorporated charity.

Risk Management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

C. OBJECTIVES AND ACTIVITIES

The core objective of the charity is the operation of a Community Hall in Fishermead, Milton Keynes.

- 1) For the benefit of the inhabitants of Fishermead, Milton Keynes, and its immediate neighbourhood, without distinction of sex, race or political, religious or other opinions by associating the local authorities, voluntary organisations and inhabitants in a common effort to advance education and to provide facilities for recreation and leisure time occupation with the object of improving the life for the said inhabitants.
- 2) The advancement of the Christian religion by the Church of England, the Methodist Church, the United Reformed Church and the Baptist Union by the provision of facilities for the Church of England, the Methodist Church, the United Reformed Church and the Baptist Union.

Public benefit that is provided by the charity

The trustees confirm that they have given their due consideration to the Charity Commission guidance on the operation of the Public Benefit requirement.

D. ACHIEVEMENTS AND PERFORMANCE

This Charitable Incorporated Organisation (CIO) has been set up to replace an existing unincorporated charity (Fishermead Trinity Centre 282839). This is part of a process of Community Asset Transfer which will bring the building into local ownership. The new policies and governance are in place. Preparations are also in place to TUPE staff. We are now waiting for the Borough Council to help us address issues concerned with leases on the property before we move forward with the Community Asset Transfer. It is the complexities of the leases that continues to hinder the pace of the transfer with the legal teams involved clearing the more straightforward transfers first. We have made the decision not to transfer assets between the charities until these issues have been resolved. Given the continued delays with the migration from the existing trust to the new trust the assets have not been transferred. The policies and transfer arrangements have been formulated and are in place to call upon when the migration between trusts can be progressed.

The ex-officio vacancies are still to be filled. The trustee posts are dependent on the denominational appointments into the eligible roles. The Methodist Circuit have replaced the outgoing Circuit Steward. The Anglicans have only just recently made an announcement regarding the Area Dean appointment. Both incumbents are expected to join the trustee body of the Centre trust.

E. FINANCIAL REVIEW

Policy on reserves

As the process of migrating from the existing trust to the CIO is still ongoing there has been no transfer of funds but, it should be noted, the reserves policy is complete and will be applied to the unrestricted general funds only. This meets the Charity Commission's definition for reserves. The trustees will seek to maintain reserves at not less than three months' of general fund expenditure believing that this provides a prudent buffer against unforeseen expenditure.

Investment Policy

To invest the unused funds in secure interest bearing deposit accounts. To hold these in secure and ethical funds in accordance with the Trust Deeds.
