Dear Claire,

In respect of the financial information you have provided, I can say within my own experience and knowledge of charity accounting, that the treatment of the income and expenditure has been correct throughout the whole period in question.

As a general overview, in which I am sure you're aware of, Charitable Bodies are governed and given set rules to present their financial information. The main difference in the presentation being the funds allocation between restricted, unrestricted and restricted capital funds. With the U5's, I am basing this opinion of the fact that all funds received by the nursery would be used for the children and nothing more. Things such as tables, chairs and a property to operate out of are an extension of the main school and therefore not within the possession of the nursery.

With this in mind, all income and expenses I have reviewed directly relate to the requirements of the children and therefore net off into one fund. The lack of complexity therefore simplifies matters greatly.

As this is an informal opinion, I would also like to bring to your attention the trustee report that you now must submit due to breaching certain thresholds. Should you want me to read over this, I would be happy to prior to submission.

Thank you and I hope to hear from you soon.

Very best regards

David Hedges
