Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>For the public benefit, to develop the capacity and skills of members of the socially and economically disadvantaged community of Exmoor, with particular reference to capacity and skills among young adults under the age of 35: providing opportunities for learning through experience; working to provide opportunities to raise issues and suggest solutions to stakeholders; involving young adults in collaborative effort so that they gain confidence in their own ability and the ability to influence decisions that affect them. By helping young adults living in or near the rural areas of Exmoor to develop their social and economic potential through participating in a range of educational and recreational activities.</p> <p>By enabling young adults to use their expertise to improve their communities, to share best practice and advise organisations on how young adults can be heard.</p> <p>The promotion for the benefit of the public of rural regeneration in areas of social and economic deprivation (and in particular in Exmoor) by all or any of the following means:</p> <p>(a) the relief of financial hardship:</p> <p>(b) the advancement of education, training or retraining, particularly among young disadvantaged adults, and providing young disadvantaged adults with work experience, including informal training that supports young adults and those who work with young adults to realise their potential and enhance their employability, enterprise, financial literacy and life skills.</p>

<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>Para 1.17 and 1.19</p>	<p>Exmoor Young Voices (EYV) is a voluntary group of young people from across Exmoor, seeking viable and sustainable 'life' and 'work' opportunities for young residents. We tackle many issues for young people on the moor, including housing, digital inclusion, childcare, employment, communications, travel and local wages.</p> <p>We aim to engage with young people across Exmoor (covering parts of West Somerset and North Devon), listen to their issues, offer dedicated support from expert advisers and report their experiences to key policy decision-makers.</p> <p>Ultimately, Exmoor Young Voices strives for positive action that prioritises young people's needs. Our golden goal is to prevent young people from needing to leave Exmoor, forced to start a life elsewhere.</p> <p>In February 2019, we registered Exmoor Young Voices as a Charitable Incorporated Organisation. This has significantly strengthened our position and enabled us to access further support and assistance. We continue to work closely with five local housing associations/charities: Caractacus Housing, Falcon Rural Housing, North Devon Homes, LiveWest, & Magna, & Exmoor National Park Authority, local councils, forums and other voluntary organisations who can impact the lives of young residents.</p> <p>As far as we're aware, Exmoor Young Voices is the only organisation of its kind in National Parks and AONB. We are keen to develop partnerships with other National Parks and Areas of Outstanding Natural Beauty to support them in setting up Young Voices representative groups. Together, with a collective, stronger voice, we will drive the critical changes young people in rural areas so desperately need.</p> <p>Main Activities</p> <ol style="list-style-type: none"> 1. Maintain and support 940 young adults, helping young residents and workers to stay on Exmoor, contributing to population balance, environment, communications, opportunities & the economy 2. Educate public authorities, Consultative Forums, and Parish Councils, about the needs of Exmoor young adults re: housing, rents, mortgages, finance, planning, sites, Section 106, childcare, employment, digital inclusion, travel costs, wages 3. Communicate regularly across Exmoor National Park and its fringes to reduce rural isolation and increase opportunities for social mobility 6. Participate in the Local Community Network 7.
