**Chairman's Report**

The Charity has continued progress towards achieving stated objectives by continuously making the case to Government and other National and International organisations for the building and operation of UK built and crewed Humanitarian Aid and Disaster Relief (HADR) vessels with a dual role as a training platform for maritime trainees.

The Charity continues to seek the support necessary to raise awareness of the Charity and the need for the commitment necessary to initiate private funding. It therefore signed a Teaming Agreement with Britannia Maritime Limited (BML), on 23<sup>rd</sup> August 2024. BML is a maritime consulting company with the stated intent to procure finance and charter commitments from Government, amongst others, to enable the design, construction, delivery and operation of a HADR vessel or vessels for contracted commercial partners. Representations to the UK Government will continue.

**Trustees' Report**

There has been no change in Trustees in the last twelve months.

### **Chairmans Report**

The Charity is pleased to report that a meeting was held in August 2023 with Mr F. Petitgas, the New Business advisor to the Prime Minister - who subsequently circulated details of the BMA project within various relevant Whitehall departments. The right honourable Penny Mordaunt MP was pictured with a model of the BMA Ship on the front page of The Daily Telegraph on 13<sup>th</sup> September 2023 in an article outlining the plans for three HADR/Training Ships.

Representations to Government will continue but will probably be delayed by the continuing uncertain UK political situation with consequential effect on strategic decision making.

The Charity signed a non-disclosure agreement with Force Development Ltd. in recognition of continuing development of the multiple modular concepts of the design.

### **Trustees Report**

At the BMA General Meeting held on 31<sup>st</sup> January 2024 it was reported that there has been no change in Trustees.
