

Trustees' Annual Report for the period

		Period start date			Period end date		
From	Day	Month	Year	To	Day	Month	Year
	01	January	2020		31	December	2020

Section A Reference and administration details

Charity name

Other names charity is known by

Registered charity number (if any)

Charity's principal address

Postcode

Names of the charity trustees who manage the charity

	Trustee name	Office (if any)	Dates acted if not for whole year	Name of person (or body) entitled to appoint trustee (if any)
1	Mohammed Hanif Adam Mayet	Chair		
2	Mahmood Ebrahim Patel	Treasurer		
3	Halima Aswat	Secretary		

Names and addresses of advisers (Optional information)

Type of adviser	Name	Address
Accountant	Mr Ebrahim Adam	Adams Accountancy, 66 Savile Road, Savile Town, Dewsbury, West Yorkshire, WF12 9PJ

Section B Structure, governance and management

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution adopted on 18 th September 2018
How the charity is constituted (eg. trust, association, company)	Foundation CIO
Trustee selection methods (eg. appointed by, elected by)	First Charity Trustees appointed on 18 th September 2018

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The First Trustees have been provided with a copy of the Charity Commission Essential Trustees (CC3) and a copy of the Trust's constitution.

There are no further changes or additions to be made at the current time.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

- (1) To relieve poverty, responding to humanitarian emergencies and to support disadvantaged groups in fighting poverty particularly in the South Asian continent and other poorer countries around the world as and when required.
- (2) To improve the lives of poor people by providing financial assistance and support.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Our prime objective is to support certain section of the community in India that are less fortunate, with some aid which will hopefully give the family much needed relief. We target those who meet our set criteria in order to receive aid from us. This is based on set categories in that they must be either: elderly, widowed, orphaned, disabled or sick, isolated or in acute poverty.

Each of the beneficiaries who receives aid from the charity are surveyed and records updated on an annual basis by our project team leaders and local volunteers.

Below is a summary of the main activities undertaken for the public benefit in relation to our Objects:

Food Kits and Blankets

Food Kits and in some places blanket/bed sheets are distributed to the deprived and underprivileged, elderly, widows, poorly and the needy.

These Food Kit provisions are enough for a family of up to five to live on for five/six weeks.

As well as Food Kits, one blanket/bedsheets may be given to each beneficiary family and in addition some token cash amount may also be given so that other items of need which are not included in our Food Kits can be purchased.

Water Provision Project

We continue installing a large number of hand operated water pumps including some that are motor-operated. We also install small wells (known as Kuvass) where hand pumps are not practical.

We concentrate our installation on those areas where water is much needed for every day usage and where people currently have to walk between 1 to 4 kilometers to access water for their daily needs.

Once the water pumps are installed, water is made available to anyone regardless of their social standing or beliefs. A concrete base is also provided for the locals to handwash their clothes or wash their pots and pans and crockery.

Housing and Rehabilitation Projects

The Charity is committed to build housing facilities for the homeless or people whose houses are destroyed due to natural calamities or for the differently-abled, elderly and the sick and the feeble.

We aim to build at least one house each year for a family that have been identified as homeless and in extreme need of shelter. A household with severe disabled person is given a high priority

So far, we have built 3 houses.

On a number of occasions, we have also supported families with two or more elderly disabled people in the household by providing disabled toilet and shower facilities.

Empowerment Project

The charity continues to run an Empowerment Project which supports widows and women living in isolation to learn to sew and design clothes.

Those women who wish to learn to sew are sent on a scholarship to learn at a designated learning centre and successful attendees are then given a brand-new sewing machine (together with accessories) to start making clothes and earn a living for themselves rather than relying on handouts.

The charity plans to add to this project work by also providing Movable Hand Cart Stalls in future for all those who are in need to start their own small candy businesses or say food stall, stationery stall, etc.

Scholarship Project

The charity has on annual basis given scholarship to a bright, eligible Medicine student from a poor background until their graduation for their MBBS (doctor) qualification.

Kafan/Dafan (Burial Materials) Project

The charity is committed to help the poor section of the community by providing burial materials to the remote villages -mainly in the jungle areas of Gujarat, India by providing Kafan (white cotton shrouds) for the deceased whose family cannot afford this and other burial items.

Medical Support/Assistance

We currently visit around 190 remote villages within 100km of Chikhli and regularly come across many elderly, disabled and infirm individuals who cannot access or afford medical treatment.

The charity supports these people with their medical costs which may be with purchasing medicine, covering hospital costs or support towards their cost of medical surgery.

In association with the kind generosity of our Project Partner, Alipore Hospital Welfare Trust these individuals are also able to attend the Alipore Hospital where the treatment is undertaken free of cost.

The cost is borne out by jointly by either the Alipore Hospital Relief Fund or in partnership through our charity.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The charity is not currently engaged in grant making or programme related investment.

We are extremely grateful to all our volunteers (and Project Team members) who are responsible for undertaking, conducting and co-ordinating surveys throughout our distribution areas ahead of the Trustee visit to India each year.

This helps the charity to ensure that the beneficiaries meet our criteria for assistance and that they are the rightful recipients for our distribution.

We are also grateful to our Project Partners (Al- Islah Trust and Alipore Social Welfare Trust who are both based in India) and their own volunteers who make all the arrangements to enable the Trustees to personally visit each distribution centre.

More importantly, we thank them for their organisation of the smooth distribution process in each of the remote villages and towns with proper care.

We also acknowledge and express gratitude to our honoured guests from abroad who have joined and supported us with this year's distribution. It was a privilege to have them with us.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We express our sincere gratitude and appreciation to all our generous and kind donors and supporters for their continuous and overwhelming support throughout the year.

We continue to take great care and do our level best to ensure that all donations are given to those who are in need of financial support and are the rightful recipients. Most importantly, we remain unique in that aspect as the Trustees undertake the distribution ourselves and by hand an in person.

The last 12 months have been heavily dominated by the COVID-19 pandemic which has made our charity work more challenging and difficult. The Trustees have had to continually review the charity's policies and working procedures to work efficiently in fulfilling its obligations

We were fortunate that two of the Trustees had a prolonged stay in India at the beginning of the year to personally overs see a large proportion of the charity work.

The Trustees in conjunction with our Project Partner, Alipore Social Welfare Trust (ASWT) were able to visit many remote villages from dawn to dusk on a daily basis to distribute the aid to the people in need

As well as work undertaken in the Gujrat state, the Trustees were also able to visit the following cities/districts/states around India, namely:

- Rajashtan
- Kolkata (formerly Calcutta), Contai and Malda in West Bengal
- Delhi
- Mewat in Haryana
- Odisha (formerly Orissa), and
- Maharashtra

The charity has long standing/arm supervisors who have been in association with the charity for well over a decade in each of these 6 cities/districts/states. Each supervisor with their own respective and dedicated volunteers undertake the surveys of their area identifying those who meet our set criteria in receiving the aid from the charity.

It is to be noted that they all do an excellent job on our behalf which enable us to carry out our work efficiently and in quick time due to the large area that we have to cover in what is always a limited time that is available to us.

Below is a summary of the main achievements of the charity during the year:

Food Kits and Blankets

The bulk of our charity work has been the distribution of Food Kits to those struggling households who face great difficulties in making ends meet.

The charity has been able to distribute Food Kits to over 190 villages many of them from remote areas of Gujrat state (within 100km of Chikhli) which were targeted again this year. On top of this, we were also able to distribute Food Kits in the 6 cities/districts/states mentioned earlier.

Water Provision Project

This year the charity has installed hand operated water pumps in Bihar, Odisha, Malda and Contai in West Bengal.

These are the areas where it was deemed that the need for clean water was greater and where the villagers currently have to walk a long distance to access water for their daily household needs and where the elderly and disabled had to rely on their neighbours or extended family members to fulfil their needs.

Housing and Rehabilitation Project

This year we identified an elderly widow with four adult disabled children living in Contai albeit the building work will take place in our next financial year (i.e. during 2021).

Empowerment Project

This year, through our donors continued generosity, we were able to continue the project and distribute 50 brand new sewing machines with essential accessories in Navsari, Gujrat state.

Scholarship Project

The current student (who is in her final year of study and has continued to excel by attaining a first-place spot with distinction) has been continually supported through our specially designated fund created for this purpose

Kafan/Dafan (Burial Materials)Project

The charity is once again grateful to some of our donors who specifically give for this most needed project.

All the distribution point are constantly stocked up to ensure availability at all times.

Medical Support/Assistance

We are committed and shall continue to provide this much needed service in association with the kind generosity of Alipore Hospital Welfare Trust.

The Trustees have witnessed at first hand the positive impact this service provision has had to those struggling to meet their medical costs.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity's policy on reserves is to keep no more than £20,000 for any unexpected cost or an emergency situation that may arise.

Otherwise, all funds raised within the financial year should be utilised during the Trustee visit to India each year.

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity's principal source of funds is by way of voluntary donation from members of the local community. The charity does not undertake house-to-house collections, street collections or collections in public areas or places.

The bulk of the funds are raised through family and friend circle and their own contacts or acquaintances.

The holy month of Ramadhaan (the Islamic month of fasting) is our main fund-raising period.

Around 2,500 project booklets were printed and hand delivered to family and friends and donors mainly within Batley and Dewsbury in West Yorkshire just before the start of the holy month of Ramadhaan.

Donations collected are utilised in accordance with the charity's objectives and activities.

As we are a small charity heavily dependant on donations mainly from family and friends, we do not have surplus funds to boost our charity income through investments.

Section F

Other optional information

Due to the travel restrictions imposed as a result of the COVID-19 pandemic, the Trustees could not travel to India in line with the visits in previous years.

As a result, our Project Partners, Alipore Social Welfare Trust and Al-Islah Trust in India along with their local team members and volunteers and our long standing/arm supervisors were given the responsibilities to execute the various Projects that are undertaken by the charity.

The Trustees would like to place on record our thanks for this effort, hard work and support to carry out this much needed work in extremely challenging circumstances at what has clearly been a difficult time for everyone around the world.

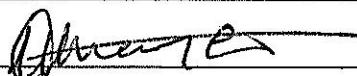

Section G

Declaration

The trustees declare that they have approved the trustees' report above.

Independent Examiner's Report

Report to the trustees/
members of

Helping The Poor

On accounts for the year
ended

31 December 2020

Charity no
(if any)

1182248

Set out on pages

1 to 2

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2019.

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.
