

DIABETES OUTREACH PREVENTION PROGRAMMES INTERNATIONAL (DOPPSI)

Address: 48 Burcham Street, London, E14 0SH, Tel: 0747 297 66944, e-mail: anna.vandenberg@dopsi.net

Charity number: 1182517

Annual Charity Report for the Year April 2022 to March 2023

The core objective of DOPPSI is the prevention and protection of good health of people at risk of or who have diabetes in developing countries with particular emphasis on the poor and needy sectors of communities who are unable to afford the cost of healthcare by the provision of education, training and outreach programs focused on the prevention, treatment, rehabilitation and support for all impacted by diabetes.

DOPPSI has survived the many challenges in past years notably COVID-19 and the Ukraine war. Notwithstanding the abovementioned challenges, we were able to embark on outreach programs that saw us deliver about 2000 blood sugar in London, Oxford, and Sheffield all in the United Kingdom, worth more than £10,000.

It is worth mentioning that all these blood sugar machines were donated to DOPPSI by GlucoRx, also in 13/09/2022 we received £1142.86 from Gogglesdocs Ltd. In August 2022 CloserStill Media Limited gave us a free registration at the Diabetes Conference worth £3,201.

The outreach programs and education have provided a life-changing impact on the communities which gave rise to us referring about 130 people to their GPs.

DOPPSI is focused on working hard to achieve our mandate to the community and the world at large giving the opportunity.
