Report of the trustees for the year ended 31st March 2025

1 Purpose of the Foundation

Under the terms of the Constitution, the Trustees apply funds at their discretion:

The Objects of the charity:

The relief of financial hardship of young people by making grants of money and other finance for providing, or paying, for items, services or facilities so that they can further their education, sporting or employment goals.

The Trustees of Alli Foundation seek to support those activities for purposes which help further the Objects.

2 Chairs statement

This year we have been assessing the future of the charity and what we can achieve. These discussions are on-going.

The focus of the year has been to agree how we can best support young people. Our goal remains to focus on a small number of young people to test out our model. The plan being to invest in three or four young people and give them the springboard to launch their ideas in the fields of music, sport, fashion and business. Alongside financial support we will provide mentors for each young person.

We have received seed funding and are working to ensure that the young people have the right protection as they start their careers. We expect to be in a position to showcase progress later in 2026.

Our objects are to offer hope to young people who are suffering from financial hardship we recognise that 2026 will be a key year for us. We plan to be raising and distributing funds in 2026 and supporting young people in a variety of ways as they pursue their dreams.

2 Chairs statement

This year we have started to move the foundation forward. To this end we have appointed three new trustees.

The focus of the year has been to agree the best way to launch the foundation and how we can best support young people. 2 Chairs statement

Since April 2022 the Alli Foundation has had a pause in its development as we look to see what impact we can have in the future. Plans are in place for 2024 but this year has just been a time of consolidation.

Our objects are to offer hope to young people who are suffering from financial hardship we recognise that 2024 will be a key year for us. We plan to be raising and distributing funds in 2024 and supporting young people in a variety of ways as they pursue their dreams.

To date the Foundation has had no income, no donations and no expenditure.

Since April 2020 the Alli Foundation has been putting in place the policies and procedures necessary to start to make grants.

We had hoped to be able to run a major fundraising event in 2021 however the global pandemic has meant that we have put all plans on hold. However as our objects are to offer hope to young people who are suffering from financial hardship we recognise that 2022 will be a key year for them and for us as well. We plan to be raising and distributing funds in 2022.

To date the Foundation has had no income, no donations and no expenditure.
