Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The funds at the end of the period stood at £13,105 against a starting balance of £11,168. This is an excellent result. Overall, the cash in bank represents an improvement on previous years and leaves us with a sufficient balance to consider additional kits and equipment. The improved income includes the money from Coop and increased member subs. Some equipment costs are known for the coming year but leave a significant balance available.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Cash in the bank at the end of the period was over £13,000 in unrestricted funds. The main risk to income in the next period is a drop in subs payments through a reduction in teams/players but this is unlikely. We are satisfied that we do not require reserves to be held
Amount of reserves held	Para 1.22	£0
Reasons for holding zero reserves	Para 1.22	As above, there are considered to be sufficient funds in the account as unrestricted funds with the next subs payments to fall due prior to any major expenditure
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	There is no uncertainty. The charity remains in a strong position with sufficient volunteers and members to keep us moving forward

Additional information (optional)

You may choose to include further statements where relevant about:

The charity's principal sources of funds (including any fundraising)	Para 1.47	The principle sourced of funding for the charity are the membership subs paid by all players. This is supplemented by fundraising activities where available and by obtaining sponsorship for kits and equipment
Investment policy and objectives including any social investment policy adopted	Para 1.46	N/A
A description of the principal risks facing the charity	Para 1.46	Teams leaving or a lack of new trustees as previous members leave the club. Will encourage new trustees to join the charity at next general meeting (drawn from pool of managers at younger age group levels)

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Over this reporting period, we maintained our existing boys and girls age group teams and added a ladies recreational team. We introduced a new online subscription payment system which improved financial management. We have had to make significant refunds for reduced 20-21 subs to reflect the limited playing time but this was off-set by lower operating costs during that season.

Achievements against objectives set	Para 1.41	Our main objectives at the outset of the period were to survive and maintain all teams as we looked to move out from the COVID pandemic
Performance of fundraising activities against objectives set	Para 1.41	We achieved sponsorship for most age group teams. Wider general fund raising was not significant

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The funds at the end of the period stood at £9,765 against a starting balance of £14,184. Considering that this included £6,149 in refunds from the previous season this can be considered an excellent result. Overall, the cash in bank represents a significant improvement on previous years and leaves us with a sufficient balance to consider additional kits and equipment.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Cash in the bank at the end of the period was over £9,000 in unrestricted funds. The main risk to income in the next period is a drop in subs payments through a reduction in teams/players but this is unlikely. We are satisfied that we do not require reserves to be held
Amount of reserves held	Para 1.22	£0
Reasons for holding zero reserves	Para 1.22	As above, there are considered to be sufficient funds in the account as unrestricted funds with the next subs payments to fall due prior to any major expenditure
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	There is no uncertainty. The charity remains in a strong position with sufficient volunteers and members to keep us moving forward

The charity's principal sources of funds (including any fundraising)	Para 1.47	The principle sourced of funding for the charity are the membership subs paid be all players at a rate of £150 per year (10 x payments of £15). This is supplemented by fundraising activities where available and by obtaining sponsorship for kits and equipment
Investment policy and objectives including any social investment policy adopted	Para 1.46	N/A
A description of the principal risks facing the charity	Para 1.46	Teams leaving or a lack of new trustees as previous members leave the club. Will encourage new trustees to join the charity at next general meeting (drawn from pool of managers at younger age group levels)
