Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>REFEO aims to improve refugees' and asylum seekers' integration within British society and support their financial independence.</p> <p>To achieve this change, REFEO:</p> <ul style="list-style-type: none">• Give access to online accredited courses and mentoring to Refugees and Asylum seekers• Contribute to university costs of refugees and asylum seekers• Give used laptops, tablets and smartphones that are in good

		<p>working condition to refugees and asylum seekers to help them with their educational and employment needs.</p>
<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>Para 1.17 and 1.19</p>	<p>Tech for Good: Closing the digital divide is at the heart of our work. We provide used laptops in good working conditions to UK Refugees and Asylum seekers (R/A) to ensure the lack of access to a laptop does not prevent them from benefitting from the online accredited courses and mentoring services we provide. Providing a laptop has increased inclusivity, however, when we realised that the lack of access to internet meant that accessing online courses was still a challenge for some R/A we launched our project “All Connected”.</p> <p>All Connected in partnership with Vodaphone: Free connectivity ensures that more refugees and asylum seekers access our online accredited course and get a recognised certificate in the UK which will bring them one step closer to employment. It has also prevented social isolation as they are now connected with their friends and family. Thanks to this asylum seekers who live in poverty no longer need to use their £8 daily allowance to buy internet.</p> <p>Education and mentoring: We match service users (clients) with courses which are relevant to any experience they have had in their home country, or to courses that support their current</p>

		<p>professional plans, to help them transfer or update qualifications for their chosen employability choices.</p> <p>Our online accredited courses are accessible 24/7, with mentor supporting mentees weekly through the courses to maximise their chances of receiving accreditation and a certificate to support their CV readiness and journey towards employment. Each client is given a target at their initial assessment to work towards when they jointly develop their work plan with their mentors. Mentors are kept in regular contact to ensure the clients remain on track, ensuring we achieve our success rate of 90% of those completing an accredited course.</p> <p>We also contribute to university fees of those who cannot afford to pay them.</p> <p>This vital activity which advances education of R/A is bringing them one step closer to employment and therefore empowering them to break the cycle of poverty.</p> <p>Employability: Through bilateral education of both asylum seekers and employers, we raise awareness about asylum seekers' right to work in the UK. This information is currently not common knowledge, resulting in great difficulty for asylum seekers to find work. As our programme focuses on education of this issue, and changing employment practices, we hope that the number of asylum seekers benefitting will be limitless.</p> <p>As part of the programme, we match R/A with</p>
