

CURRENT ACCOUNT DETAILS FOR OUR CIO

This account currently is lying dormant until we get everything switched over from our other charity under the same name then we will start to use this CIO.

We are in hopes this will be finalised to be able to start using it now for 2022 so 2020 will be the same as 2019 and 2021 the same as this one.

We finally got the bank account set up yet so not currently taking funds under this number nor spending money under this charity.

Thank you,
