Trustees' Annual Report for the period

From 1st April 2024 To 31st March 2025

Charity name: Community Autism Project (CAP)

Charity registration number: 1182903

Objectives and Activities

Summary of the purposes of the charity as set out in its governing document	We provide support before, during and after diagnosis for families with children/young people on the autism spectrum. We advance education of the public, in particular those who work with and provide services to meet the needs of these families. Provide, and support provision of, facilities in the interests of social welfare in recreation with the objective of improving their conditions of life.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	<p>The objects of the charity are, within the East Riding of Yorkshire and the surrounding area, for the public benefit:</p> <p>1) to relieve the needs of children and young people with Autistic Spectrum Condition (ASC) aged up to 16 years old and their parents, carers and families before, during and after diagnosis by:</p> <ul style="list-style-type: none">a) providing support, education and practical adviceb) providing and assisting in the provision of facilities in the interests of social welfare for recreation or other leisure time occupation with the object of improving their conditions of lifec) such other means as the trustees may determine which are directed towards relieving the needs of children and young people with ASC and their families. <p>2) to advance the education of the public and in particular those who work with and provide services for children with ASC and their parents, carers and families in all areas relating to ASC and the needs of children with ASC and their families.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	In line with Charity Commission guidance on public benefit reporting, trustees confirm that the activities described above have been undertaken to further the charity's purposes for the public benefit and ensuring that they remain accessible to the beneficiaries we aim to serve.

Achievements and Performance

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Weekly Coffee Mornings During the reporting period, we continued to deliver weekly 'crafty' coffee mornings for parents registered with the charity during term time. These sessions provide regular opportunities for social engagement, peer support, and informal wellbeing activities, directly furthering our charitable purpose of supporting families in the local community. The continuation of these sessions was made possible by the support of a local community charity, allowing us to sustain this provision throughout the year. This initiative has contributed positively to participants' sense of wellbeing and connectedness.</p> <p>Monthly Support Group Meetings We maintained monthly support group meetings for local parents at the Children's Centre. These groups continued to attract regular attendance from those currently using our services, and we welcomed new members throughout the year. Attendees have expressed appreciation for the safe, confidential, and supportive environment the sessions provide. These meetings support our charitable objectives by offering emotional support, community connection, and practical exchange of parenting advice, delivering clear benefits to participants and contributing to their resilience and wellbeing.</p> <p>Community Sensory Van Project Funding was secured from the Kavli Trust / St Helens Farm to support the fitting out of the sensory van. The project is well underway and we anticipate that work will be completed by Summer 2025. Once operational, the sensory van will enhance our service offering by reaching families in different neighbourhoods, supporting children's sensory development and social inclusion.</p>

Financial Review

<p>Review of the charity's financial position at the end of the period</p>	<p>At the end of the reporting period, the charity remained in a stable financial position. Expenditure during the year was higher than in previous years, reflecting increased investment in service delivery and development. Spending focused on delivering regular support sessions and on early-stage costs related to the community sensory van project. Trustees consider this expenditure to be appropriate and in line with the charity's aims. Looking ahead, trustees recognise the need to strengthen income to support ongoing activities. Increasing fundraising has therefore been identified as a priority for the coming year, alongside continued careful financial management.</p>
<p>Amount of reserves held</p>	<p>£ 500.88 bank balance as of 31st March 2025</p>
<p>Explanation of any uncertainties about the charity continuing as a going concern</p>	<p>We are not currently concerned about the viability of the charity and look forward to continue supporting our families in the coming year. We also look forward to being able to resume fundraising again and use the funds to help our families where they need it</p>

Financial Review

<p>Review of the charity's financial position at the end of the period</p>	<p>We have finalised the use of our grant through our local Tesco's Community Fund which used to re-establish our coffee morning support groups. We continue to be very fortunate that the rent for our office space and to hold the groups have been kept on a 'pay as you use' basis. We have occurred general costs such as our insurance costs and other resources costs to run the groups that are detailed below and still had surplus at the end of the year to keep in our bank that will help with the groups we will continue to run into the next year.</p>
<p>Statement explaining the policy for holding reserves stating why they are held</p>	<p>We have worked hard since setting up the local project, and then when it became officially a charity, to keep our bank balance as healthy as possible to withstand the costs we incur during the year such as insurance, rent etc. We are always looking to reinvest some of this reserve back into the charity's community, such as training sessions for volunteers, more family events etc and now we have reestablished the support we can offer we are ready to start doing this as soon as possible.</p>
<p>Amount of reserves held</p>	<p>£ 2,865.30 bank balance as of 31st March 2024</p>
<p>Reasons for holding zero reserves</p>	<p>n/a</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>This year has been another quiet year for the charity and it's activity. We have still felt the impact of the COVID pandemic with our venues for our usual support groups and coffee mornings / fundraising events unable to accommodate us for various reasons e.g. with one of them being a COVID Vaccination centre. We are working hard with them to reconvene these sessions as soon as it is possible.</p> <p>We have, however, continued our online presence through social media and direct messaging when people have needed it. This has enabled us to keep in touch with our families offering them support when needed, especially when going through this particularly difficult period of time.</p> <p>The Trustees are working hard to be ready for when our groups and activities can return to normal and are preparing to be</p>

		ready as soon as we are given the green light by our venues.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	There has not been much financial movement throughout this year because of the lack of activity that has taken place. Our only expense has been our public liability insurance (£274) which we felt was imperative to keep in place so we can be ready for whenever activities can resume again. We have continued to be very fortunate that our rent has been kept on a 'pay as you use' basis, and we have been offered free storage throughout the year for our belongings. This has meant that the loss of fundraising opportunities has not been so severely felt as we have not incurred other expenses.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	We have worked hard since setting up the local project, and then when it became officially a charity, to keep our bank balance as healthy as possible to withstand the costs we incur during the year such as insurance, rent etc. We had been looking to reinvest some of this reserve back into the charity's community, such as training sessions for volunteers, more family events etc which we have started to plan for but again because of the difficulties of the last year we have been unable to arrange anything, but we are ready to start doing this as soon as we are able.
