## **Diggle's First Fruits**

### **Statement of Trustees Responsibilities**

Law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which gives a true and fair view of its financial position at the end of the year (unless the charity is entitled to prepare accounts on the alternative receipts and payment basis). The trustees consider that the charity is entitled to prepare accounts on this alternative basis. In preparing the accounts on the receipts and payments basis the trustees should follow best practice and:

- 1) Select suitable accounting policies and then apply them constantly:
- 2) Make judgement and estimates that are reasonable and prudent

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy the financial position of the charity and which enable them to ensure that the receipts and payment accounts and statement of assets and liabilities comply with applicable law. They are also responsible for safeguarding the assets of the charity and hence for taking steps for the prevention and detection of fraud and any other irregularities.
