Trustees' responsibilities in relation to the financial statements

The charity trustees are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Charity law requires the charity trustees to prepare financial statements for each year which give a true and fair view of the incoming resources and application of resources, including the income and expenditure for that period. In preparing the financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity. They are also responsible for safeguarding the assets of the charity and the group and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

Trustees' Report (continued)

Review of activities undertaken and financial performance (continued)

During the year, The Kevin Cruise Foundation has undertaken several activities, on behalf of the Charity, which have generated a surplus available for future projects. These activities have been designed with a specific fund generating intention. These surpluses have been allocated throughout the year to specific projects, or as emergency funds distribution, whichever was deemed most appropriate by the trustees.

During the year ended 31 December 2022, The Kevin Cruise Foundation generated funds of £18,418, incurring a surplus of £7,633. The notes to these financial statements on pages 5 and 6 detail the full distributions made by the Charity during the year.

We have reviewed the financial statements and believe them to be a true and fair reflection of The Kevin Cruise Foundation during the year ended 31 December 2022.

Signed on behalf of the trustees:
