ISLE OF WIGHT ISLAND GAMES ASSOCIATION

England & Wales - Charity number 1183237

Accounts

Isle of Wight Island Games Association
169 Staplers Road, Newport, Isle of Wight, PO30 2DP
Registered Charity 1183237
Trustees Annual Report Year Ending 31/10/2025

The Charity and the work of the Trustees has a 2 year cycle of activity to match with the delivery of the Isle of Wight Team to each International Island Games. The focus in this last year was to ensure the competitors and Officials representing the Isle of Wight at the 2025 games in Orkney could do so in the best possible way and at the lowest possible cost.

The Trustees have been able to successfully secure various sponsorships, both financial and “in kind”, from several local businesses in order to assist the team achieve a very successful games. The level of sponsorship secured in both donations and services received saved each competitor £731 against the original costing to attend the games.

For the 4th successive games ICRTouch supported TeamIOW with the provision of team tracksuits and kit representing a huge benefit to all attendees of the games who did not therefore have to pay for their own kit. Likewise Red Funnel Ferries provided free cross solent travel for the team and were extremely accommodating to the team at the start and end of their long journey to/from the North of Scotland. This support is maintained thanks to the hard work of the chair of Trustees who meets with these amazing companies regularly throughout the 2 year games cycle.

At Orkney 2025, TeamIOW consisted of 99 Competitors, Managers and Assistants representing the Isle of Wight in 8 of the 12 available sports in Orkney. This was a team half the size of the previous games in Guernsey but this was due to a change of sports/ events available and the logistics of the games being on a small Island.

Of the hurdles the Trustees had to resolve in attending the games one of the most difficult proved to be the travel to the games themselves. Whilst Orkney is part of the British Isles it is at the furthest point from our Island and with only a small airport ferry options were considered. The Trustees eventually agreed with the sports managers to arrange coach travel all the way to Scrabster at the Northernmost point of Scotland. Whilst overnight coach travel was probably least conducive to good sporting performance the teams who travelled made sure they were well prepared and travelling 2 days prior to the start of sporting action meant everyone was able to perform to their best.

Three Trustees attended the games in support of the sporting teams. In addition the Trustees arranged the support of a dedicated Safeguarding Officer, Medical Support with a Doctor and 3 sports therapists and a Media Officer.

The medical team proved invaluable in supporting the teams throughout the week and enabling them to perform at their best. The doctor attended medical seminars through the week which will add to the Trustees and Sports Management knowledge and preparation for future games. The media manager was new for this games and their enhancements to social media presentation were especially well received by supporters back on the Island.

Accommodation at the games was in temporary dormitories in a local school and whilst this was not ideal for everyone most people were able to adjust to the conditions and get the necessary rest between performances. Safeguarding issues surrounding this type of accommodation were overseen by the Trustee appointed Safeguarding Officer in conjunction with Sports Team Managers.

The team achieved some great performances during the games with particularly dominant performances in Sailing and Ladies Golf where we won all 5 available Gold Medals across those 2 sports. The 6th Gold Medal for TeamIOW was achieved in Swimming. Overall 13 medals were won giving the IOW 7th place on the medal table. Medals were achieved in 6 of the 8 sports in which we participated. This is considered to be an excellent return for a relatively small team.

The attending Trustees received a presentation from the hosts of the next games which are scheduled for 2027 in the Faroe Islands.

In accordance with our agreed procedure the Trustees will use the next 12 months, when there is no games, to review the charity financial controls, risk register and other policies ahead of the next games. This will include a visit to the Faroes by 2 of the Trustees to ensure that TeamIOW will have the best information and accommodations in preparation for the games.

One Trustee has decided to stand down at the end of this year and the Trustees will therefore seek a suitable replacement(s) to ensure there are sufficient Trustees to continue the work of the charity in the years ahead.

Registered Charity 1183237
Trustees Annual Report Year Ending 31/10/2024

The Charity and the work of the Trustees has a 2 year cycle of activity to match with the delivery of the Isle of Wight Team to each International Island Games. With no games in the last year this has been an opportunity for the Trustees to ensure that we have sufficient resources in place for the next games which will take place in Orkney during July 2025.

The Trustees have reviewed the charity financial controls, risk register and policy. They have also reviewed other policy documents in respect of organisational risks, safeguarding and bullying. These have been undertaken whilst also ensuring that the outline arrangements for taking the Isle of Wight Team to Orkney have been made.

Two members of the Trustee team travelled to Orkney in July in order to review the arrangements for the games and attend the AGM of the International Island Games Association.

Based on this visit the Trustees made further attempts to secure sponsorship and charitable donations to assist with the delivery of their main aim to ensure the Isle of Wight is able to send the best possible team to the Games in 2025.

Sponsorship has been secured from various local businesses which will support this effort. This includes some sponsorship "in kind" through the provision of team uniform and cross solent travel at zero cost to the Charity and competitors and cash donations which will be used towards reducing; accommodation costs, Therapy support, additional travel costs and fees to the International IGA.

The Trustees are mindful of the need to keep working together to find the best possible arrangements for the team to attend the games. The Trustees continue to work with the various sports governing bodies on the Isle of Wight to deliver this objective.

In the next year the focus of action by the Trustees will be very much on delivering the Isle of Wight team at the games in Orkney.

Risk Management Statement:

The Trustees acknowledge that they are responsible for the management of the Charity in accordance with guidance from the Charity Commission.

The Trustees continually assess the impact of the changing social and economic conditions on their ability to provide for their charitable objectives in advancing amateur sport on the Isle of Wight and supporting sportspeople from the Island to attend the Biennial International Island Games.

The Trustees work as a team to identify and assess risks within their area of operations. During the 2023/24 charity year the Trustees created risk registers to monitor the risks to the Charity from:

Governance Matters

Operations Issues

Finance management

External/Environmental Factors

Compliance

The Trustees will ensure control systems are in place to mitigate those risks identified to the lowest possible extent and will continue to monitor and amend these risk registers throughout the year ahead.

Accounts

Isle of Wight Island Games Association
169 Staplers Road, Newport, Isle of Wight, PO30 2DP
Registered Charity 1183237
Trustees Annual Report Year Ending 31/10/2023

This year has been one of continuing development of the Charity in which we were able to return to full activity in taking the Isle of Wight team (TeamIOW) to the NatWest International Island Games (The Games) on the island of Guernsey during July 2023.

The activities of the Trustees of the Association were to secure as much sponsorship as possible to enable the team to attend the games in the most effective way possible through arranging transport, equipment and athlete support throughout the week of the games.

Trustee, Kevin Winchcombe acted as overall Team Manager for TeamIOW at the games and made all the necessary arrangements for the team of 214 competitors, coaches, officials and support team to attend.

The Trustees were able to secure 'sponsorship in kind' for the supply of Team Uniforms (partnership with ICRTouch) and the provision of cross solent travel (partnership with Red Funnel). These partnerships meant that the Charity and the team members did not have to pay for these aspects of the trips to the games saving them in the region of £200 per head.

Fundraising activities included a sponsorship donation from local company Cherry Godfrey for the provision of sports therapy (Massage etc) to the team during the games. Securing a charity place and having a runner participate in the London Marathon raising in the region of £2,087 including gift aid. A donation of £2000 was also secured from the Wight Aid Foundation towards the expense of taking the team to the games.

The games were very successful for TeamIOW finishing 5th in the overall medal table with 15 Gold, 15 Silver and 8 Bronze medals (Total 38 medals). Numerous other personal best and great team performances were achieved throughout the week.

Charitable activity going forward will now focus on securing as much support as possible to send a team from the Isle of Wight to the International Island Games taking place in Orkney during July 2025.

With the activity of the Charity focussed on a 2 year cycle between each edition of the International Island Games the Trustees will ensure that they undertake a Policy and Risk review in each 'non-games year' to ensure the charity is best placed to achieve its objectives in the subsequent games year.

During the 2023/24 charity year the Trustees will ensure that the policies and procedures for the Charity are compliant with current guidance from the Charity Commission. The Trustees will review their policies and procedures in respect of:

- Financial Controls
- Safeguarding and Bullying
- Social Media

The Trustees will also use 2023/24 to review any risks facing the charity in future years and generate a risk register as recommended by the Charity Commission. The Trustees will also create and agree policies and procedures as recommended by the Charity Commission in respect of:

- Complaints
- Serious Incident reporting
- Internal risk management

Risk Management Statement:

The Trustees acknowledge that they are responsible for the management of the Charity in accordance with guidance from the Charity Commission.

The Trustees continually assess the impact of the changing social and economic conditions on their ability to provide for their charitable objectives in advancing amateur sport on the Isle of Wight and supporting sportspeople from the Island to attend the Biennial International Island Games.

The Trustees work as a team to identify and assess risks within their area of operations. During the 2023/24 charity year the Trustees will create a risk register to monitor the risks to the Charity from:

- Governance Matters
- Operations Issues
- Finance management
- External/Environmental Factors
- Compliance

Within the risk register the Trustees will ensure control systems are in place to mitigate those risks identified to the lowest possible extent.

Isle of Wight Island Games Association
169 Staplers Road, Newport, Isle of Wight, PO30 2DP
Registered Charity 1183237
Trustees Annual Report Year Ending 31/10/2022

The year 2021/22 has been one where the Isle of Wight Island Games Association Charity has been able to move out of the period of the global pandemic (when all activities of the charity had ceased) to one where we are beginning to build towards the 2023 International Island Games in Guernsey.

The Trustees have been seeking sponsorship opportunities with local businesses and organisations which will enable the representative team from the Island to attend the games at the lowest possible cost. Several agreements have been reached to provide items at zero cost to the charity including team uniform and cross Solent travel. We have also received a cash donation from the IW Council Leaders charitable fund to cover the cost of the registration of competitors at the games.

Expenditure in the last year included the cost for the Chair of Trustees and the Secretary to visit Guernsey for the International Island Games Association AGM where they were able to visit sporting venues and potential accommodation sites for use by the team during next year's games. This visit is an essential part of the function of the Charity in its core purpose of enabling a representative team to attend the International Island Games sporting event.

In the forthcoming year further donations are anticipated including charitable receipts and gift aid from a fundraiser who completed the London Marathon in aid of the charity.

Looking forward to 2023 the Charity will be enabling a team of over 200 people to attend the games in Guernsey.

Registered Charity 1183237
Trustees Annual Report Year Ending 31/10/2021

The charity year 2020 to 2021 was affected dramatically by the global Covid-19 pandemic. Firstly the NatWest International Island Games in Guernsey, our primary goal for this year, were cancelled and the restrictions on public life meant that there were no opportunities to engage in any of our usual fundraising activities.

The Trustees continued to meet regularly (mainly via 'Zoom') to consider the future activities of the association and to consider appropriate actions with the limited amount of sport that was possible during the year. Ultimately this became a year for planning rather than fundraising.

The Trustees are now looking forward to the rescheduled Guernsey games due to be held in the summer of 2023 and will be undertaking and coordinating fundraising activities in years 2021/2 and 2022/23 to enable a team from the Isle of Wight to attend those games.

The Trustees have maintained contact with key sponsors and suppliers for the team and have received positive assurances of future support for 'TeamIOW' as we go forward to the Guernsey Games and beyond.

Accordingly the charity accounts show little change from the previous year with only bank interest as income and annual subscription/insurance and meeting charges as outgoings.

The Trustees consider that we are in a good place to meet the aims and objectives of the association. As at the date of this report the trustees of the charity are shown on the attached appendix. This annual report has been approved by the trustees.
