## Trustees Report Transforming Lives Today

### Mission Statement April 2024 – March 2025

Transforming Lives Today giving **Hope, Dignity** and a **Future to** vulnerable communities, especially children in deprived areas in India such as villages, slums, and orphanages.

**TLT** work in partnership with local communities to see the lives of vulnerable children and adults transformed through **Education, Healthcare** and **Community Development**.

The charity's aim is to establish **Learning and Medical Centres** in these communities. The learning centres are run by local teachers and community leaders.

The **TLT** medical centres and dispensaries are staffed with doctors and nurses from local hospitals on a voluntary basis.

The work of **TLT** includes:

- Medical camps
- Typhoid & Hepatitis B vaccinations
- Distributing small baby quilted mosquito net beds
- Distributing blankets
- Supplying toiletries
- Clothing & foot wear
- Food programs
- Setting up Learning Centres
- Women and children's encouragement programs
- Educating villages & slum areas with good health care and pro-life programs.
- Bone Density machine

### Organisational set up of TLT

TLT has seven trustees and 2 missionaries, Sozos and Des Sozou (TLT team).

TLT through Sozos and Des seek to develop strong relationships with local community leaders, doctors and religious leaders in the areas where TLT would like to introduce Educational and Health care programs.

Before Sozo and Des travel to India meetings are arranged between the trustees, Sozos and Des to plan and prepare for their trips. This planning would include the purchase of food, medical supplies and any equipment for the

Learning Centres and medical camps and liaising with the local contacts and teams in India, so that when the **TLT** team arrive everything is in place. When the **TLT** team return to Europe the local teams which Sozo and Des have helped set up continue the work of the learning centres and medical camps. On returning to Europe the **TLT** team give a full account of the work they have been involved in. These reports include all financial transactions. Sozo and Des encourage volunteers from Europe to travel with them when they visit India

The local **TLT** teams that have been set up to run the learning centres and medical camps report to Sozo and Des, there is excellent communication between them. The local teams report monthly to **TLT** and at other times as needs arise. They are very dedicated and have proven to have a heart for all they do in improving the lives of those in the local communities of which they are part.

### **Fund Raising.**

**Transforming Lives Today (TLT)** is a charity seeking to raise funds to enable it to continue the works outlined above. The fund raising is achieved through

- Supporters and friends
- Power point presentations and Photographic exhibitions to church groups, schools and any interested parties.
- Social media platforms
- **TLT** website
- Fund Raising events

### **The Achievements of Transforming lives Today(TLT) from April 2024-March 2025**

Listed below is a short resume of the work that Sozo and Des have been involved with in the last year. 2024/2025

**TLT partner with local communities in the poorer areas of India to see the lives of vulnerable children and people transformed through education, medication and community development**

Due to the generous giving of TLT supporters Sozo and Des were able to travel to India to visit and initiate food and medical programs and offer support to the local TLT workers. Due to the excellent communication system that TLT has built up with local community leaders over the past years Sozo and Des are warmly greeted in India and are able to see first-hand the wonderful work which **TLT are doing in India through its various Indian partners**

1. TLT checked on the recently built water well 520 feet deep to supply a local region in Northern India which TLT funded.  
**Money has been raised for a new well to be built (through fund raising by two of TLT recently joined trustees (more on this in the next report)**
2. The new Learning Centre to accommodate 20 village children for basic education (this is our 3<sup>rd</sup> learning centre built) is thriving.
3. Supported various children's program to educate children to live with a more healthy lifestyle.
4. Supported 4 one day woman's programs how to have a healthy lifestyle.
5. Have taken the responsibility and medical costs for a 13 year old boy with Osteogenesis (we are waiting to see if surgery can be done to give this boy a chance and a better future.

#### Update

**The doctors and surgeon decided it was too risky to give Daramaselum surgery. So TLT bought him an electric wheelchair which makes him mobile. He is delighted as is his family and village.**

6. All the conferences on a healthy life style were given food and basic travelling costs.
7. We have 3 MOU (memorandum of understanding - a non binding contract) with 3 hospitals in India who support TLT with our medical camps
8. TLT supports individuals with health problems, through medical camps and dispensaries working with doctors and nurses from local hospitals. TLT supplies their medication and examinations and doctors consultation fees.
9. The density camps in various villages area are all helping people
10. **After the terrible earthquake in NEPAL (2024) TLT through their Indian partners was asked to set up a food centre and medical help in Nepal. TLT 2 missionaries flew to Nepal from India where they were able to give much need and valuable assistance to villages in NEPAL which had been affected by the earthquake**

All the above was done in one year without having a full time missionary on the field and minimal funding.

**PLEASE VISIT THE TLT WEB SITE WHERE YOU CAN FIND MORE INFORMATION AND DONATE MONEY AND ALSO CONTACT DETAILS IF YOU WISH TO SPEAK TO HELPFUL PERSON.**

Examiners Report for financial year 1<sup>st</sup> April 2024-30<sup>th</sup> March 2025

- 1 TLT is eligible to have an independent examination
- 2 I am not involved with TLT
- 3 I examined TLT Barclays business bank statement for the period 1/4/24-30/3/25  
And found no discrepancies between the bank statement and the accounts sand trustees report sent to the charity commission.
- 4 There were no accruals for TLT for the period 1/4/24-30/3/25
- 5 All Trustees are fully aware of the finances of TLT. I have seen there is a Trustees WhatsApp group where everybody is kept fully informed as to what is going on.
- 6 All accounts are in spread sheets provided by the Charity Commission
- 7 TLT is an independent Charity.

I have examined for the period 1/4/24-30/3/25:  
Barclays Business Bank Statements  
Trustees Report  
Accounts sent to charity commission.

I am satisfied after examining the above and an extensive conversation with the Trustee whose responsibility it is to complete the accounts that TLT meets the requirements as laid out in:

The Guidance from Charity Commission for England and Wales.

## Trustees Report Transforming Lives Today

### Mission Statement April 2023 – March 2024

Transforming Lives Today giving **Hope, Dignity** and a **Future to** vulnerable communities, especially children in deprived areas in India such as villages, slums, and orphanages.

**TLT** work in partnership with local communities to see the lives of vulnerable children and adults transformed through **Education, Healthcare** and **Community Development**.

The charity's aim is to establish **Learning and Medical Centres** in these communities. The learning centres are run by local teachers and community leaders.

The **TLT** medical centres and dispensaries are staffed with doctors and nurses from local hospitals on a voluntary basis.

The work of **TLT** includes:

- Medical camps
- Typhoid & Hepatitis B vaccinations
- Distributing small baby quilted mosquito net beds
- Distributing blankets
- Supplying toiletries
- Clothing & foot wear
- Food programs
- Setting up Learning Centres
- Women and children's encouragement programs
- Educating villages & slum areas with good health care and pro-life programs.
- Bone Density machine

### Organisational set up of TLT

TLT has four trustees and 2 missionaries, Sozos and Des Sozou (TLT team).

TLT through Sozos and Des seek to develop strong relationships with local community leaders, doctors and pastors in the areas where TLT would like to introduce Educational and Health care programs.

Before Sozo and Des travel to India meetings are arranged between the trustees, Sozos and Des to plan and prepare for their trips. This planning would include the purchase of food, medical supplies and any equipment for the

Learning Centres and medical camps and liaising with the local contacts and teams in India, so that when the **TLT** team arrive everything is in place. When the **TLT** team return to Europe the local teams which Sozo and Des have helped set up continue the work of the learning centres and medical camps. On returning to Europe the **TLT** team give a full account of the work they have been involved in. These reports include all financial transactions. Sozo and Des encourage volunteers from Europe to travel with them when they visit India

The local **TLT** teams that have been set up to run the learning centres and medical camps report to Sozo and Des, there is excellent communication between them. The local teams report monthly to **TLT** and at other times as needs arise. They are very dedicated and have proven to have a heart for all they do in improving the lives of those in the local communities of which they are part.

### **Fund Raising.**

**Transforming Lives Today (TLT)** is a charity seeking to raise funds to enable it to continue the works outlined above. The fund raising is achieved through

- Supporters and friends
- Power point presentations and Photographic exhibitions to church groups, schools and any interested parties.
- Social media platforms
- **TLT** website
- Fund Raising events

### **The Achievements of Transforming lives Today(TLT) from April 2023-March 2024**

Due to the generous giving of TLT supporters Sozo and Des were able to travel to India to visit and initiate food and medical programs and offer support to the local TLT workers. Due to the excellent communication system that **TLT** has built up with local community leaders over the past years and especially through the last pandemic Sozo and Des were warmly greeted in India and were able to see first-hand the wonderful work which **TLT are doing in India**

**Listed below is a short resume of the work that Sozo and Des have been involved with in the last year. 2023/2024**

- 1.** This last year TLT has bored a water well 520 feet deep to supply a local region in Northern India.
- 2.** Installed a Reverse Osmosis water system for 250 litres per hour.
- 3.** Built a Learning Centre to accommodate 20 village children for basic education (this is our 3<sup>rd</sup> learning centre built)
- 4.** Supported a children's program for 300 children to live a healthy life
- 5.** Supported 2 one day woman's programs how to have a healthy lifestyle.
- 6.** Have taken the responsibility and medical cost for a 13 year old boy with Osteogenesis (we are waiting to see if surgery can be done to give this boy a chance and a better future
- 7.** All the conferences on a healthy life style were given food and basic travelling costs.
- 8.** We have 3 MOU (memorandum of understanding – a non binding contract) with 3 hospitals in India who support TLT with our medical camps
- 9.** TLT supports individuals with health problems, supplying their medication and examinations and doctors consultation fees.
- 10.** TLT set up 6 bone density camps in various villages
- 11.** TLT set up 6 medical camps in various villages for men, women and children
- 12.** Purchased 300 school bags.

All the above was done in one year without having a full time missionary on the field and minimal funding.

**Transforming Lives Today (TLT)** is a charity seeking to raise funds to enable it to continue the works outlined above. The fund raising is achieved through

- Supporters and friends
- Power point presentations and Photographic exhibitions to church groups, schools and any interested parties.
- Social media platforms
- **TLT** website
- Fund Raising events

**See accounts for a breakdown funds raised from April 2022 to March 2023**

## **The Achievements of Transforming lives Today(TLT) from May 2021-May 2022**

Due to the generous giving of TLT supporters Sozo and Des were able to travel to India in October 21 to visit and initiate food and medical programs and offer support to the local TLT workers. Due to the excellent communication system that **TLT** has built up with local community leaders over the past years and especially through the last pandemic Sozo and Des were warmly greeted in India and were able to see first-hand the wonderful work which **TLT are doing in India**

### **1. Food program in Sathymangalam and Kadampar villages**

**TLT** under the inspirational leadership of Sozo and Des were able to put on three much needed food programs in the mountainous area of the Sathymangalam and Kadampar villages. A local pastor who is a much valued friend of TLT organised the distribution of food that TLT supplied to the people in the villages. They are far from any town or city or medical services.

Des reports of the thankfulness which the villagers showed because of the love and practical kindness shown to them.

### **2. The Learning centres**

Sozo and Des were able to visit the learning centres which they had set up for young children, especially among the Fox tribe. For some of these children in the learning centres this is ideal preparation for them to enter the school system in their area.

### **3. Medical programs**

**TLT** have pioneered a new work in the isolated Assam area of India. Des and Sozo local contact Rahoul was able to set up a

number of medical programs, which were greatly appreciated. There is on conversations to explore ways that TLT can further serve the local communities in this area.

**TLT are looking to set up a local community space and medical room.**

**This community space will be built in December 2023.**

**TLT now has the funds for this work. They are grateful for the loyal and generous base of supporters that they have and are looking to grow this base so that they can have a deeper impact on the local communities they serve in India**

## **The Achievements of Transforming lives Today(TLT) from May 2021-May 2022**

Due to the generous giving of TLT supporters Sozo and Des were able to travel to India in October 21 to visit and initiate food and medical programs and offer support to the local TLT workers. Due to the excellent communication system that TLT has built up with local community leaders over the past years and especially through the last pandemic Sozo and Des were warmly greeted in India and were able to see first-hand the wonderful work which TLT are doing in India

### **1. Food program in Sathymangalam and Kadampar villages**

TLT under the inspirational leadership of Sozo and Des were able to put on three much needed food programs in the mountainous area of the Sathymangalam and Kadampar villages. A local pastor who is a much valued friend of TLT organised the distribution of food that TLT supplied to the people in the villages. They are far from any town or city or medical services.

Des reports of the thankfulness which the villagers showed because of the love and practical kindness shown to them.

One women in particular Des remembers, this woman's 28yr old daughter had died a few years ago and she has to look after her 30 yr. old son who has severe learning difficulties. Her husband has turned to drink. To show her appreciation this woman donated a small bag of seed to TLT.

### **2. The Learning centres**

Sozo and Des were able to visit the learning centres which they had set up for young children, especially among the Fox tribe. For some of these children in the learning centres this is ideal preparation for them to enter the school system in their area.

### **3. Medical programs**

TLT have pioneered a new work in the isolated Assam area of India. Des and Sozo local contact Rahoul was able to set up three medical programs, which were greatly appreciated. There is on conversations to explore ways that TLT can further serve the local communities in this area.

TLT are looking to set up a local community space and medical room. For this work TLT need more funds. They are grateful for the loyal and generous base of supporters that they have and are looking to grow this base so that they can have a deeper impact on the local communities they serve in India

Learning Centres or medical camps and liaising with the local contacts and teams in India, so that when the TLT team arrive everything is in place. When the TLT team return to Europe the local teams which Sozo and Des have helped set up continue the work of the learning centres and medical camps. On returning to Europe the TLT team give a full account of the work they have been involved in. These reports include all financial transactions. Sozo and Des encourage volunteers from Europe to travel with them when they visit India

The local TLT teams that have been set up to run the learning centres and medical camps report to Sozo and Des, there is excellent communication between them. The local teams report monthly to TLT and at other times as needs arise. They are very dedicated and have proven to have a heart for all they do in improving the lives of those in the local communities of which they are part.

### **Fund Raising.**

**Transforming Lives Today (TLT)** is a charity seeking to raise funds to enable it to continue the works outlined above. The fund raising is achieved through

- Supporters and friends
- Power point presentations and Photographic exhibitions to church groups, schools and any interested parties.
- Social media platforms
- TLT website
- Fund Raising events

## Trustees Report Transforming Lives Today

### Mission Statement

Transforming Lives Today giving **Hope, Dignity** and a **Future to** vulnerable communities, especially children in deprived areas in India and Sri Lanka, such as villages, slums, leper colonies and orphanages.

**TLT** work in partnership with local communities to see the lives of vulnerable children and adults transformed through **Education, Healthcare** and **Community Development**.

The charity's aim is to establish **Learning and Medical Centres** in these communities. The learning centres are run by local teachers and community leaders.

The **TLT** medical centres and dispensaries are staffed with doctors and nurses from local hospitals on a voluntary basis.

The work of **TLT** includes:

- Medical camps
- Typhoid & Hepatitis B vaccinations
- Distributing small baby quilted mosquito net beds
- Distributing blankets
- Supplying toiletries
- Clothing & foot wear
- Food programs
- Setting up Learning Centres
- Women and children's encouragement programs
- Educating villages & slum areas with good health care and pro-life programs.

### Organisational set up of TLT

TLT has four trustees and 2 missionaries, Sozos and Des Sozou (TLT team). TLT through Sozos and Des seek to develop strong relationships with local community leaders, doctors and pastors in the areas where TLT would like to introduce Educational and Health care programs.

Before Sozo and Des travel to India or Sri Lanka, meetings are arranged between the trustees, Sozos and Des to plan and prepare for their trips. This planning would include the purchase of food, medical supplies and any equipment for the Learning Centres or medical camps and liaising with the

local contacts and teams in India and Sri Lanka, so that when the **TLT** team arrive everything is in place.

When the **TLT** team return to Europe the local teams which Sozo and Des have helped set up continue the work of the learning centres and medical camps. On returning to Europe the **TLT** team give a full account of the work they have been involved in. These reports include all financial transactions. Sozo and Des encourage volunteers from Europe to travel with them when they visit India and Sri Lanka.

The local **TLT** teams that have been set up to run the learning centres and medical camps report to Sozo and Des, there is excellent communication between them. The local teams report monthly to **TLT** and at other times as needs arise. They are very dedicated and have proven to have a heart for all they do in improving the lives of those in the local communities of which they are part.

### **Fund Raising.**

**Transforming Lives Today (TLT)** is a charity seeking to raise funds to enable it to continue the works outlined above. The fund raising is achieved through

- Supporters and friends
- Power point presentations and Photographic exhibitions to church groups, schools and any interested parties.
- Social media platforms
- **TLT** website
- Fund Raising events

**See accounts for a breakdown funds raised from May 19-May 20**

## **The Achievements of Transforming lives Today(TLT) from May 2019-May 2020.**

### **Health Care**

Sozo and Des have built up good relationships with doctors and nurses in the areas where they have set up Medical Camps. TLT have 2 MOU's (Memorandum of Understanding) with:

1. The Ruby Nelson Memorial Hospital (Christian hospital) in Jalandhar, Punjab. Contact Dr. Jacob.
2. Garhwal Community development & Welfare Society (Christian hospital). Contact Dr. Rajesh. This hospital is situated in the isolated mountainous area of Uttrakhand.

**Sozo and Des visited India for over a month in October/November 19 to oversee the medical camps and learning centres that TLT had set up and to report back to the trustees.**

#### **1. Medical Camps in Hosiphour, India.**

2 medical camps took place in Hosiphour village under the supervision of Sozo and Des. Doctors and nurses from the Ruby Nelson Memorial Hospital attended the clinic on a volunteer basis. TLT financed all the medicines and equipment. All the villagers (over 350) had a thorough medical examination including eye check-up. All those who attended the clinic were given appropriate medication and referrals. TLT also supported 4 eye surgeries for cataract operations to elderly villagers. All 4 operations were successful.

#### **2. Medical Camps in Coimbatore, India**

2 medical camps took place in in Coimbatore village under the supervision of Sozo and Des. This village was of a similar size to Hosiphour and all villagers had a medical examination. The doctors and nurses came from the EM Hospital (Multi specialist care) on a voluntary basis. TLT set up the camps and financed all the medication. Eye examination were given to all and appropriate medication and referrals given.

### **3. Medical Camps in Uttarakhand Chamba, India.**

Sozo and Des have built up a strong relationship with Dr. Rajesh and his wife who have established a hospital (Garhwal Community Development & Welfare Society). It is the only hospital in the area and is difficult for many to reach in the isolated mountainous region of Uttarakhand. **TLT** have provided the finance needed for Dr Rajesh to set up monthly medical camps in the outlying villages, this allows villagers to have regular medical check-ups, including eye examinations and receive the appropriate medication and referrals.

This past year **TLT** have also financially supported 2 operations at the hospital:

- A young mother whose baby died in the womb and needed emergency surgery
- A boy of 10 yr. old boy suffering from Empyema Thorasis had a successful surgical operation.

Both patients are doing well. The 10 year old attends the **TLT** learning centre in Uttarakhand.

**TLT** also took care of all expenses for a 5 year old boy with a club foot, this problem was producing other problems to his other leg and hip. **TLT** took care of all medical costs for the boy to be checked by surgeons in Aims hospital. An operation was advised and a successful outcome was certain as he is still young. We are waiting to see if the parents will go through with the surgeon's advice.

The standard of equipment that Dr Rajesh has to use is very poor. **TLT** purchased a new **HYDRAULIC SURGICAL TABLE** to enable Dr Rajesh work more efficiently and safely.

## **Learning Centres**

During their visit to India and Sri Lanka in Oct/November Sozo and Des visited the 3 Learning centres **TLT** have set up and financed, 2 in India and 1 in Sri Lanka.

1. In Coimbatore India with 12 children, ages 6-11. Attendance 3 days per week.
2. In uttarakhand India with 12 children, ages 6-11. Attendance 3 days per week
3. In Sri Lanka with 12 children, ages 6-11. Attendance 3 days per week.

These learning centres are established in villages where there are many poor children who do not even have birth certificates and are not accepted in government schools. The Learning Centres prepares the children for the government schools by giving them a basic education. Many children on leaving the learning centres are then accepted in local government schools.

**TLT** provide the finances so that all the children's needs are met while at school. These include:

- medical care
- school uniforms
- books
- stationery
- regular and substantial meals.

At school the children learn basic English, Hindi, maths, music, art, good morals and hygiene. The teachers are given a small monthly salary. Every month a register of children's attendance and subject sheets are recorded and sent to **TLT** administrator (Des in Cyprus), including photographs and purchase receipts of any items bought for the children.

The **TLT** administrator is in continuous contact with teachers and carers on the development and behaviour of the children. Any urgent need for a child regarding health or other relevant matters is dealt with promptly by **TLT**. The dedication and caring attitude of the teachers and carers means the children have a safe, clean and happy environment in which to learn.

**TLT's aim is to pioneer more learning centres in new areas.**

## **Pastoral Care**

TLT lay great importance in linking up and working with local pastors, men and women who live and work in the communities where TLT are actively involved. Due to current government legislation TLT vision is to give humanitarian aid to the poor and needy.

## **Women's and Children's Ministry**

Every year when the TLT visit India the team takes the opportunity to invite women and children in the slum areas to health and personal hygiene programs.

- Self-worth is taught,
- that God loves and cares for them
- Personal care and hygiene issues are taught, as is the pro-life message, in India baby girls are often rejected by their families.
- Various activities and demonstrations are organised in the ministry programs.

TLT encourages the children to have respect, love and care towards their families, friends and neighbours. That there is a God who loves and cares for them.

After each ministry program food and refreshments are offered to all who attend, this gives time to share personally with the women and children.

## **During the Covid19 Lockdown**

Sozo and Des were booked and ready to travel to India and Sri Lanka for a month in March 20 but because of the Covid19 Lockdown this trip had to be cancelled. The Lockdown has caused great hardship in parts of India however generous giving by the supporters of **TLT** and the excellent communication system that **TLT** has built up with local community leaders meant **TLT** was able to help.

### **1. Food program in Coimbatore village, India**

**TLT** financed a one-week food program for the Fox tribe village of over 120 men, women and children during lockdown. Villagers were unable to leave the village to work and support their families, they took to killing cats in order to survive. **TLT** pastor in India was granted permission by the authorities to shop and supply the village people. The pastor and his team faithfully prepared and cooked for the village for one week. A full report and pictures were forwarded from India.

### **2. Food program in Coimbatore for 12 families.**

With **TLT** financing the pastor and his team were granted permission to shop and provide food for 12 families. Full report and photographs

### **3. Food program in Sri Lanka**

Supplies of rice, flour, and sugar were purchased by **TLT** for a village where most of the population were blind with many widowed women. The local team member in Sri Lanka distributed the supplies with his wife.
