Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The purposes of the CIO are: <ul style="list-style-type: none">- for the public benefit to advance the education of school age children attending London schools in Special Educational Differences (SPEDs) such as Dyslexia, Autism and ADHD.- To promote equality and diversity by advancing and raising awareness in these domains.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	During the November 2024- February 2025 period, the charity continued its existing work of delivering the Neurodiveristy Youth Advocate programme sessions to year 12 students remotely who come from schools in London, Birmingham & Leicester. Sessions covered common challenges experienced by members of the SPED community with Autism and ADHD such as media portrayal, acceptance in the community and mental health. Students then gave an awareness campaign to members of their community. Impact from the awareness campaigns included one of our Neurodiversity Youth Advocate's campaigns managed to help to build a neuroinclusive supportive environment for their peer with ADHD and another's campaign encouraged wider discussion on intersectionality and difficulties around access to support for females with ADHD.

		<p>The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £231.00 during this period.</p> <p>During this annual return period of November 2024- November 2025, we have continued our direction and emphasis from the previous year to create a stable direction with our marketing campaigns. To manage costs of marketing we have transitioned to a fully volunteer team of Marketing Interns which are managed by our Head of Marketing Trustee. Marketing Interns are recruited at entry level and support has been given to their skill and knowledge development in both marketing and neurodiversity. The Marketing team have been focussing efforts to streamline our marketing output to not only celebrate and promote activity in the charity but also inform of wider changes in the UK regarding neuroinclusive practice and awareness. Our main Our main costs of marketing have been the costs to maintain our website which has accounted for £296.04 this period.</p> <p>In terms of fundraising during the period of November 2024 till November 2025, the charity delivered 1 street clinic in King's College London during April 2025 which informed students, staff and visitors on site about Dyslexia, ADHD and reasonable adjustments whilst signposting them to where they can find more information. Some members donated funds to the charity during the event. The material required and staff payments to drive the fundraising and marketing initiatives including uniform and marketing materials (stationary) accounted for £137.90 during this period. The charity raised £47.47 from street clinic. Due to the overall costs of staff payment for fundraising minus the street clinic during the financial period being</p>

		<p>£373.00, for the next financial year we aim to have a similar Intern role system to the Marketing Team to reduce staff costs in order to concentrate spending for maintaining the quality of our Neurodiversity Youth Advocate Programmes and certificates for our CPD Projects.</p> <p>During this Annual report period 2 CPD days have been delivered:</p> <ol style="list-style-type: none"> (1) The first stated in the previous Annual report in which £26.84 was initially spent before 11th November 2024 on certificates. It was a CPD day would be conducted in collaboration with University of Buckingham which was delivered by the co-founder to fellow medical educators in order to develop their practice on neuroinclusivity in medical education. A further £7.56 was spent during this annual return period on an additional set of certificates for extra attendees. (2) A CPD day was developed by our Project Development Intern who developed a Dyslexia Awareness course to 46 Learning Support Assistants in Worthing College. The CPD Day covered neuroinclusive technological, academic and emotional wellbeing support strategies relevant to further education. For this CPD Day, certificates of participations were required to be designed and printed for the session which accounted for £52.96. <p>It should be noted the CPD Day did receive donations from attendees which totalled £76.29</p>
--	--	---

	<p>In September 2025, M2 SPED Awareness had collaborated with Dyslexia Hub for the co-founder to be a guest speaker in their Dyslexia & Neurodiversity Day event. This helped M2 SPED Awareness to network with esteemed individuals in the sectors of assistive technology, coaching and educators. Networks which prove crucial also for guest speakers for our conference day events. Nil monetary costs or gains for this collaboration.</p> <p>We have also collaborated with Frances and Kevin who have delivered a leadership development programme to our marketing team to develop strategic thinking, leadership and evidence-led decision-making skills. Nil monetary costs or gains for this collaboration.</p> <p>The charity has also received a £1,500 donation in June 2025 from the Aman Kaplia Memorial Trust Fund this Account Report year which has been crucial to be able to deliver our current Neurodiversity Youth Advocate Programme and expand to launch a 2-year Neurodiversity Youth Advocate Programme in September 2026. With the additional funds, we would be able to enable deeper learning and progression in our advocates and cover topics which could not be covered in our limited financial capacity. New topics being: dyscalculia, positive psychology, intersectionality, and parent perspectives. The programme will initially run for Year 11-12 students from London, Birmingham, Luton, and Leicester.</p> <p>Between November 2024 and September 2025, our charity assistant has aided the charity in terms of liaison with schools for our programmes to be run and aid trustees in keeping on top of their tasks. During this period, the charity assistant accounted for £447.00 during this period. We are switching to an "Intern" approach by having Charity Administrators post November 2025</p>

		<p>to help bring down costs whilst maintaining the costs needed to ensure high quality of our Neurodiversity Youth Advocate Programmes and certificates for our CPD Days.</p> <p>Between June 2025- November 2025, the charity has trained staff who were delivering our Neurodiversity Youth Advocate programmes for the Post-16 programmes to our new cohort of students. This year's programme has introduced encouraging our trainee advocates to develop a special interest in either biological, psychological, social, or spiritual advocacy through our sessions and interactions with neurodivergent guests. A 2nd addition was coverage on Rejection Sensitivity Dysphoria which has started gaining further awareness this year. Staff costs accounted for £210.00 during this period.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	We can confirm that the Trustees, Mitchell Osei-Junior (Co-Founder, Chairman, Head of Projects & Mentoring), Elizabeth Frances Simpson (Secretary, Head of Neurodiversity Youth Advocate Programmes), Brian Martin (Head of Marketing) and Samuel Hickson (Treasurer, Head of Fundraising & Neurodiversity Awareness Street Clinic) have had regard to the guidance issued by the Charity Commission on public benefit.

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.

Para 1.20

During the Course of September 2024-February 2025, April 2025, and September 2025- Present, the Charity has been delivering workshops via our Neurodiversity Youth Advocate Programme (Reflective Practice & Advocacy Year) to Post-16 students in schools in London, Luton, Birmingham & Leicester. The programme aims to raise Awareness of neurodiversity, the sources of stigmatisation and the effects it could have on the neurodiverse community. Additionally, workshops were delivered in collaboration with university of Buckingham to deliver to Medical Educators working at University of Buckingham on neurodiversity awareness in medical education, in collaboration with Worthing College to deliver to Learning Support Assistants on support strategies in further education, and in collaboration with Dyslexia Hub on Neurodiversity Awareness and the charity has run its third street clinic raising awareness of dyslexia to the public in King's College London Guys campus area. The following positive impacts were generated.

Impact on the Neurodiverse Community:

A market research survey covered with the year 12 students training on our Neurodiversity Youth Advocate programme aimed to measure impact both in terms of change in confidence of supporting neurodiversity and self-development of skills. This was done as a pre-programme survey at the start of the programme and measured again as a post-programme survey at the end.

Prior to the programmes overall 62.5% of the students stated they felt confident with supporting their fellow neurodiverse peers socially and emotionally. This boosted to 100% post the 2024-2025 Post-16

	<p>Neurodiversity Youth Advocate programme. The most significant change was in our Neurodiversity Youth Advocates ability to disseminate information in a neuroinclusive way with 50% reporting confidence pre-programme with this. This grew to 100% confidence post-programme with 2/3s feeling strongly confident with this.</p> <p>All students of the post-16 programme also delivered an awareness campaigns raising awareness on a particular SPED group of choice. This is the fourth time that students had all gone out to raise awareness on SPEDs after what they have learnt from the programme. The communities that had awareness campaigns delivered by our Youth Advocates include: (a) their school via an assembly or form class, (b) family members, (c) Their religious group, or (d) A sports club for youths.</p> <p>The sessions showed to have the most significant impact were: the conversations with the SPED community session, which the year 12 students get a chance to converse with a guest about their lived experience of having a SPED. The Theology session where year 12 students looked at debated the stigmatising effects of the word “disability”, The initial Meet the Mentor session which introduced students to the programme and what it means to e a Neurodiversity Youth Advocate, The Culture and attitudes towards SPEDs which introduced them to the concept of stigma in culture, The Conference Day which also doubled as a CPD for the wider faculty and involved a guest speaker from Vision Design on neuroinclusive technology, and the Mental Health session which both year 11 and post-16 students identified common stressors for neurodivergent individuals and had basic training on how to facilitate</p>

supportive discussions in peers who are neurodivergent.

Ratings of our Sessions and its impact on self-development of the students who attend:

100% of the participants rated all the sessions of the programme excellent or outstanding.

Overall, the greatest development of the Neurodiversity Youth Advocate's transferable skills was the following:

- (a) Problem-solving skills: From 50% pre-programme being slightly confident to 100% being very confident post-programme.
- (b) Analytical skills: From 37.5% being slightly confident pre-programme to 100% being very confident post-programme.
- (c) Time management: From 50% being slightly or not confident pre-programme to 100% being very confident post-programme.

One of the feedbacks of our programmes can be seen below:

"Thank you! I enjoyed speaking with an individual within the SPED Community which was a highlight to me."

"Our mentors are very wise who can help you learn a lot in a short amount of time."

M2 SPED AWARENESS

England & Wales - Charity number 1183367

Accounts

Trustees' Annual Report for the period

From **11th November 2023** To **10th November 2024**

Charity name: M2 SPED Awareness

Charity registration number: 1183367

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The purposes of the CIO are:</p> <ul style="list-style-type: none">- for the public benefit to advance the education of school age children attending London schools in Special Educational Differences (SPEDs) such as Dyslexia, Autism and ADHD.- To promote equality and diversity by advancing and raising awareness in these domains.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>During the November 2023- February 2024 period, the charity continued its existing work of delivering the Neurodiveristy Youth Advocate programme sessions to year 12 students remotely who come from schools in London, and new additions Birmingham & Leicester. Sessions covered common challenges experienced by members of the SPED community with Autism and ADHD such as media portrayal, acceptance in the community and mental health. Students then gave an awareness campaign to members of their community. Our student's choice of communities included their form class, their family, and one student chose to deliver their talk to a medical society that their school.</p> <p>The sessions were delivered by both the Trustees of the organisation and paid staff.</p>

		<p>Paid staff accounted for £254.81 during this period.</p> <p>During January 2024-November 2024, more direction and emphasis has been placed on driving both our marketing campaign and our fundraising initiatives. In regard to marketing, we have recruited a 4th Trustee whose main role is to focus on developing and implementing our marketing strategy on our social media sites to encourage conversation and awareness to our target audience of students, parents, educators, and fellow neurodiversity advocates and organisations on Instagram, Facebook and LinkedIn. In terms of fundraising, the charity delivered 2 street clinics in King's College London which informed students, staff and visitors on site about Dyslexia, ADHD and reasonable adjustments whilst signposting them to where they can find more information. Some members donated funds to the charity during the event. The material required and staff payments to drive the fundraising and marketing initiatives including uniform and marketing materials (stationary) accounted for £341.28 during this period. The charity raised £39.54 from street clinic.</p> <p>During July 2024, the Charity ran the Year 11 Neurodiversity Youth Advocate Summer School programme which used case-based learning to help students appreciate the origin of stigma for the neurodiverse community through mediums like the media and the effects of this in terms of mental health, employment, and education. Students had to then reflect on how the programme has shaped them to be a Neurodiveristy Youth Advocate and present on how their conversation with a member of the SPED community will impact them in terms of supporting future individuals who are neurodiverse and advocating for them.</p>
--	--	--

		<p>The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £330.00 during this period.</p> <p>For the next Annual report period, A CPD day would be conducted in collaboration with University of Buckingham which would be delivered by the co-founder to fellow medical educators in order to develop their practice on neuroinclusivity in medical education. For this certificates of participations were required to be designed and printed for the session which accounted for £26.84 .</p> <p>Between November 2023 and November 2024, our charity assistant has aided the charity in terms of liaison with schools for our programmes to be run and aid trustees in keeping on top of their tasks. During this period, the charity assistant accounted for £437.20 during this period.</p> <p>Between June 2024- November 2024, the charity has trained staff who were delivering our Neurodiversity Youth Advocate programmes to the Summer School & Post-16 programmes to students from different schools across London, Birmingham & Leicester which focussed on cultural stigma and its effects on the Neurodiverse community as well as trained staff involved in Fundraising and Marketing initiatives. Staff costs accounted for £122.60 during this period.</p>
<p>Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit</p>	<p>Para 1.18</p>	<p>We can confirm that the Trustees, Mitchell Osei-Junior (Co-Founder, Chairman), Elizabeth Frances Simpson (Secretary), Brian Martin (Marketing Lead) and Samuel Hickson (Treasurer) have had regard to the guidance issued by the Charity Commission on public benefit.</p>

Achievements and Performance

	SORP reference	
--	----------------	--

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.

Para 1.20

During the Course of September 2023- February 2024, July 2024 and September 2024- Present, the Charity has been delivering workshops via an Neurodiversity Youth Advocate online summer school to year 11 students in London and Post-16 students in schools in London, Birmingham & Leicester. Both works to raise Awareness of neurodiversity, the sources of stigmatisation and the effects it could have on the neurodiverse community. Additionally, workshops are being delivered in collaboration with university of Buckingham to deliver Medical Educators working at University of Buckingham on neurodiversity awareness in medical education and the charity has run its second street clinic raising awareness of dyslexia to the public in King's College London Guys campus area. The following positive impacts were generated.

Impact on the Neurodiverse Community:

A market research survey covered with both year 11 & 12s demonstrated an overall positive change in perceptions of dyslexia and Autism, with an overall 99.5% percent accuracy increase on the traits associated with these special educational differences.

Additionally, prior to the programmes overall 52.8% of the students stated they felt confident with supporting their fellow neurodiverse peers socially and emotionally. This boosted to 100% post both the summer school & 2023-2024 Post-16 Neurodiversity Youth Advocate programmes.

All students of the post-16 programme also delivered an awareness campaigns raising awareness on a particular SPED group of

		<p>choice. This is the third time that students had all gone out to raise awareness on SPEDs after what they have learnt from the programme. The communities that had awareness campaigns delivered by our Youth Advocates include: (a) their school via an assembly or form class, (b) family members, & (c) One student delivered their campaign to their medical society.</p> <p>Overall, 100% of the students on the programme reported that they felt confident in their development of their communication skills, problem-solving and critical thinking skills to raise awareness to the general public.</p> <p>Ratings of our Sessions and its impact on self-development of the students who attend:</p> <p>100% of the participants rated all the sessions of the programme excellent or outstanding.</p> <p>The sessions showed to have the most significant impact were: the conversations with the SPED community session, which the year 11 & 12 students get a chance to converse with a guest about their lived experience of having a SPED. The Theology session where year 12 students looked at debated the stigmatising effects of the word “disability” and the Mental Health session which both year 11 and post-16 students identified common stressors for neurodivergent individuals and had basic training on how to facilitate supportive discussions in peers who are neurodivergent.</p>
--	--	--

		<p>One of the feedbacks of our programmes can be seen below</p> <p><i>“Thank you so much for being able to be a part of the programme! I enjoyed getting to meet people who shared the same interests as me and really found speaking to guests with SPEDs one of the biggest highlights of the experience.”</i></p>

M2 SPED AWARENESS

England & Wales - Charity number 1183367

Accounts

Trustees' Annual Report for the period

From **11th November 2022** To **10th November 2023**

Charity name: M2 SPED Awareness

Charity registration number: 1183367

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The purposes of the CIO are:</p> <ul style="list-style-type: none">- for the public benefit to advance the education of school age children attending London schools in Special Educational Differences (SPEDs) such as Dyslexia, Autism and ADHD.- To promote equality and diversity by advancing and raising awareness in these domains.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Due to financial hardships between January 2023- April 2023, the activities of the charity were trustee led to limit costs. Despite this the charity has achieved several activities.</p> <p>During the November 2022- February 2023 period, the charity continued its existing work of delivering remote sessions to year 12 students from London Schools. Sessions covered common challenges experienced by members of the SPED community with Autism and ADHD such as media portrayal, acceptance in the community and mental health. Students then gave an awareness campaign to members of their community. Our student's choice of communities included their form class, their family, and one student travelled abroad to Syria to deliver a Dyslexia Awareness campaign.</p>

		<p>The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £22.00 during this period.</p> <p>During July 2023, the Charity ran the Year 11 Summer School programme which used case-based learning to help students appreciate the origin of stigma for the neurodiverse community through mediums like the media and the effects of this in terms of mental health, employment, and education. Students had to then reflect on how the programme has shaped them to be a Neurodiveristy Youth Advocate and present on how their conversation with a member of the SPED community will impact them in terms of supporting future individuals who are neurodiverse and advocating for them.</p> <p>The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £471.80 during this period.</p> <p>In November 2023, the charity run its first street clinic in Guy's Campus King's College London raising awareness about Autism and informing about the activities of the charity to the public, the event required uniform and marketing materials (stationary) costing £16.98 but raised £16.09.</p> <p>Between November 2022 and May-November 2023, our charity assistant has aided the charity in terms of liaison with schools for our programmes to be run and aid trustees in keeping on top of their tasks. During this period, the charity assistant accounted for £225.00 during this period.</p>
--	--	--

		Between July 2023- November 2023, the charity has trained staff who were delivering our remote programme to the Summer School & Post-16 programmes to students from different schools across London, Birmingham & Leicester which focussed on cultural stigma and its effects on the Neurodiverse community. Staff costs accounted for £148.80 during this period.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	We can confirm that the Trustees, Mitchell Osei-Junior (Co-Founder, Chairman), Elizabeth Frances Simpson (Secretary) and Kevin Gargini (Treasurer) have had regard to the guidance issued by the Charity Commission on public benefit.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>During the Course of September 2022- February 2023, July 2023 and September 2023- Present, the Charity has been delivering workshops via an online summer school to year 11 students in London and Post-16 students in schools in London, Birmingham & Leicester (the latter two being new areas to the charity that we are working with). Both works to raise Awareness of neurodiversity, the sources of stigmatisation and the effects it could have on the neurodiverse community. Additionally, workshops have been delivered to doctors working at UHNM trust on autism awareness and the charity has run its first street clinic raising awareness of dyslexia to the public in King's College London Guys campus area. The following positive impacts were generated.</p> <p>Impact on the Neurodiverse Community:</p> <p>A market research survey covered with both year 11 & 12s demonstrated an overall positive change in perceptions of dyslexia and Autism, with an overall 92.5% percent accuracy increase on the traits associated with these special educational differences.</p>

		<p>Additionally, prior to the programmes overall 53.7% of the students stated they felt confident with supporting their fellow neurodiverse peers socially and emotionally. This boosted to 96.0% post both the summer school & 2022-2023 Post-16 programme.</p> <p>All students of the post-16 programme also delivered an awareness campaigns raising awareness on a particular SPED group of choice. This is the second time that students had all gone out to raise awareness on SPEDs after what they have learnt from the programme. The communities that had awareness campaigns delivered by our Youth Advocates include: (a) their school via an assembly, (b) family members, & (c) One student travelled to Syria to deliver their campaign on Dyslexia awareness.</p> <p>Overall, 100% of the students on the programme reported that they felt confident in their development of their communication skills, decision making skills, analytical and critical thinking skills to raise awareness to the general public.</p> <p>Ratings of our Sessions and its impact on self-development of the students who attend:</p> <p>100% of the participants rated all the sessions of the programme excellent or outstanding.</p> <p>The session showed to have the most significant impact was the conversations with the SPED community session, which the year 11 & 12 students get a chance to</p>

		<p>converse with a guest about their lived experience of having a SPED.</p> <p>One of the feedbacks of our programmes can be seen below</p> <p><i>“Thank you so much for the opportunity to be in this programme. I am very grateful to be a part of it. Thank you for all your help with the referencing and how to be a public speaker which has made me feel much more confident than I was before your sessions.”</i></p> <p>Charity activity (Raising neurodiveristy awareness in healthcare):</p> <p>During October 2023, one session on neurodiversity awareness based on autism were delivered to GPs and GP trainees in the North Midlands.</p> <p>All participants felt more confident in making adjustments for hospital patients with Autism after the sessions.</p> <p>Example of feedback <i>“The speaker was very knowledgeable in the area of Autism and healthcare. He responded well to questions and provided practical solutions that I will reflect on for my consultations with patients with Autism.”</i></p>

Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The Charity currently has no policy for holding reserves, as it is currently has not raised enough to have a reserves policy.
Amount of reserves held	Para 1.22	The charity currently has no reserves for the reason stated in “statement explaining the policy for holding reserves stating why they are held”.

Reasons for holding zero reserves	Para 1.22	The Charity currently has no policy for holding reserves, as it is currently has not raised enough to have a reserves policy.
Details of fund materially in deficit	Para 1.24	The charity currently has no fund materially in deficit.
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	<p>During December 2022 – April 2023, the charity entered a phase of financial uncertainty which was a collateral effect created by the pandemic. During this phase, events had to be Trustee run in order and kept to online events (Post-16 Programme) to mitigate costs that would be occurred otherwise. However, since transition to a new account and a new system of collecting donations through the Viva Wallet QR code in April, Family and Friends have been able to contribute to go back to non-Trustee run events at a scaled down level.</p> <p>As such, the only uncertainty remains on securing a grant to supplement our charity.</p> <p>However, donations from families and friends have returned to being stable since April 2023 despite the pandemic and continues to be a supportive source of running our programmes.</p> <p>Therefore, since April 2023 – November 2023, the Charity has been able to run a series of online programmes and 2 face-to-face events.</p>

M2 SPED AWARENESS

England & Wales - Charity number 1183367

Accounts

Trustees' Annual Report for the period

From **11th November 2021** To **10th November 2022**

Charity name: M2 SPED Awareness

Charity registration number: 1183367

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The purposes of the CIO are:</p> <ul style="list-style-type: none">- for the public benefit to advance the education of school age children attending London schools in Special Educational Differences (SPEDs) such as Dyslexia, Autism and ADHD.- To promote equality and diversity by advancing and raising awareness in these domains.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>During the November 2021- February 2022 period, the charity continued its existing work of delivering sessions to year 10 students in Harris Academy Boys East Dulwich. Sessions covered common challenges experienced by members of the SPED community with Autism and ADHD such as media portrayal, acceptance in the community and mental health.</p> <p>Like previous years, Students were encouraged to think of ideas in which in February 2022 they gave presentations to fellow peers in their year group thinking of a creative way to tackle stigma facing a particular group of the SPED community.</p> <p>The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £33 during this period.</p>

		<p>During April-October 2023, the Charity supported the Ukrainian cause and gathered and donated £300 to the cause.</p> <p>In August 2022, the charity recruited a charity assistant who will aid the charity in terms of liasoning with schools for our programmes to be run and aid trustees in keeping on top of their tasks. As of August 2022 to November 2022, the charity assistant accounted for £140 during this period.</p> <p>Between August 2022- November 2022, the charity has trained staff who were delivering our remote programme to Year 12 students from different schools across London which focussed on cultural stigma and its effects on the Neurodiverse community. Staff costs accounted for £74 during this period.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	We can confirm that the Trustees, Mitchell Osei-Junior (Co-Founder, Chairman), Mayya Vorona (Co-Founder, Secretary) and Kelvin Naicker (Treasurer) have had regard to the guidance issued by the Charity Commission on public benefit.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	During the Course of September 2021- February 2022 and September 2022- Present, the Charity has been delivering workshops via an online summer school to year 12 students in London and Year 10 students in Harris Academy Boys East Dulwich (the earlier which is still ongoing at the end of the financial period). Both works to raise Awareness of neurodiversity, the sources of stigmatisation and the effects it could have on the neurodiverse community. Additionally, workshops have been delivered to doctors working at UHNM trust on dyslexia and autism awareness. The following positive impacts were generated.

		<p>Impact on the Neurodiverse Community:</p> <p>A market research survey covered with the year 10s demonstrated an overall positive change in perceptions of dyslexia and Autism, with an overall 85.5% percent accuracy increase on the traits associated with these special educational differences.</p> <p>Additionally, prior to the programme 63.3% of the students stated they felt confident with supporting their fellow neurodiverse peers socially and emotionally. This boosted to 88.5% post the year 10 programme.</p> <p>All students of the Year 10 programme also delivered a session to fellow year 10 students in their school raising awareness on a particular SPED group of choice. This is the first time that students had all gone out to raise awareness on SPEDs after what they have learnt from the programme.</p> <p>Overall, 100% of the students on the programme reported that they felt confident in their development of their communication skills, decision making skills, analytical and critical thinking skills to raise awareness to the general public.</p> <p>Ratings of our Sessions and its impact on self-development of the students who attend:</p> <p>100% of the participants rated all the sessions of the programme excellent or outstanding.</p> <p>The session showed to have the most significant impact was the conversations</p>
--	--	--

with the SPED community session, which the year 12 students get a chance to converse with a guest about their lived experience of having a SPED.

Two of the feedbacks can be seen below

“My discussion with Humza, as well as the programme, has given me the confidence to discuss SPEDs and be more open about it. Before the interview with Humza, I didn't understand the gravity of exactly how underdiagnosed SPEDs are.”

And

“Talking with Linda allowed me to hear, firsthand about the impact SPEDs have on an individual but more importantly the way that being a member of the SPED community has impacted Linda as a member of the Black and Minority Ethnic community from before her diagnosis to where she is now and what she has achieved.”

Charity activity (Raising neurodiveristy awareness in healthcare):

During October 2020, two sessions on neurodiversity awareness based on dyslexia and autism were delivered to medical doctors in University Hospitals of North Midlands trust.

All participants felt more confident in supporting fellow workers with dyslexia and making adjustments for hospital patients with Autism after the sessions.

		Example of feedback “ <i>Very well presented. Went over things systematically and good points on how we can improve the workplace for dyslexia which I never thought of.</i> ”

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The purposes of the CIO are: <ul style="list-style-type: none">- for the public benefit to advance the education of school age children attending London schools in Special Educational Differences (SPEDs) such as Dyslexia, Autism and ADHD.- To promote equality and diversity by advancing and raising awareness in these domains.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Between the Months of November 2020- June 2021, the activities of the charity continued to be affected by the pandemic. As such activities focussed on addressing our objectives covered two themes: (i) Continuing to build a programme addressing the core themes expressed in our school sessions which can be delivered online to include 6 th form students from a wider range of schools in London and (ii) Using Social media to advertise our previous work and inform potential donors of what is to come in terms of the charities objectives of raising awareness. The social media responsibilities delegated to staff costed the charity £24 During February 2021, The Co-founders worked with King's College London to deliver a workshop to a small group of first year medics

		<p>raising awareness on Dyslexia in Medicine.</p> <p>During July 2021, a 1.5-week summer school was delivered online to a group of year 12 students from different schools in London. Sessions covered common challenges experienced by members of the SPED community such as stigmatisation, employment difficulties and mental health. In the summer school, the students also had the opportunity to speak with neurodiverse individuals and their parents to explore the lived experience of being a part of the SPED community as an individual or parent. At the end of the programme, students had to create and deliver a presentation which reflected on what they have learned during the summer school and how they would use lessons learnt to raise awareness in their local community.</p> <p>The costs of running the summer school programme was £634 which was attributable to staff costs.</p> <p>During the September-November 2021 charity has delivered sessions to year 10 students in Harris Academy Boys East Dulwich. Sessions covered common challenges experienced by members of the SPED community with Autism and ADHD such as media portrayal, acceptance in the community and mental health.</p> <p>Like previous years, Students were encouraged to think of ideas in which in February 2022 they will give presentations to fellow peers in their year group summarising what they had learnt, as well as writing short academic essays which reflected on the key themes taught to them. The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £12 during this period.</p>

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>During the Course of July 2021- November 2021, the Charity has been delivering workshops via an online summer school to year 12 students in London and Year 10 students in Harris Academy Boys East Dulwich (the latter which is still ongoing at the end of the financial period). Both works to raise Awareness of neurodiversity, the sources of stigmatisation and the effects it could have on the neurodiverse community. The following positive impacts were generated.</p> <p>Impact on the Neurodiverse Community: A market research survey covered with the year 12s demonstrated an overall positive change in perceptions of dyslexia and Autism, with an overall 72% percent accuracy increase on the traits associated with these special educational differences.</p> <p>Additionally, prior to the programme 40% of the students stated they felt confident with supporting their fellow neurodiverse peers socially and emotionally. This boosted to 100% post the summer school programme.</p> <p>all students of the Year 12 summer school programme also delivered a session educating on what they have learnt from the summer school programme and their conversations with neurodiverse individuals and their parents. The students also mentioned how they will use this newfound knowledge to go back to their schools and raise awareness about SPEDs.</p> <p>Overall, 96% of the students on the programme reported that they felt confident in their development of their public speaking, writing and critical thinking skills to raise awareness to the general public.</p> <p>Ratings of our Sessions and its impact on self-development of the students who attend:</p>
--	------------------	---

		<p>100% of the participants rated all the sessions of the programme excellent or outstanding.</p> <p>Two of the most amazing feedback reflecting the difference our programme can make was echoed by one of our year 12 students on the programme who mentioned <i>“Thank you all, for mentoring us on SPEDs, I hope you continue to impact more lives and making them aware about our responsibilities to the wider society at large!”</i></p> <p>And <i>“Thank you for taking the time out of your day to bring us all together as a community to bring awareness of SPEDS!”</i></p> <p>Charity activity during Pandemic: During November 2020 – June 2021, the Charity has been focussing on developing the materials and funds needed to deliver the summer school programme and return to in-school sessions in September 2021. This period has been successful, and the online summer school proved successful. The results of the return to in-school sessions with the year 10 programme will be detailed in our next annual report.</p>
