FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From **11th November 2020** **To** **10th**
November 2021

Charity name: M2 SPED Awareness

Charity registration number: 1183367

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The purposes of the CIO are: <ul style="list-style-type: none">- for the public benefit to advance the education of school age children attending London schools in Special Educational Differences (SPEDs) such as Dyslexia, Autism and ADHD.- To promote equality and diversity by advancing and raising awareness in these domains.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Between the Months of November 2020- June 2021, the activities of the charity continued to be affected by the pandemic. As such activities focussed on addressing our objectives covered two themes: (i) Continuing to build a programme addressing the core themes expressed in our school sessions which can be delivered online to include 6 th form students from a wider range of schools in London and (ii) Using Social media to advertise our previous work and inform potential donors of what is to come in terms of the charities objectives of raising awareness. The social media responsibilities delegated to staff costed the charity £24 During February 2021, The Co-founders worked with King's College London to deliver a workshop to a small group of first year medics

		<p>raising awareness on Dyslexia in Medicine.</p> <p>During July 2021, a 1.5-week summer school was delivered online to a group of year 12 students from different schools in London. Sessions covered common challenges experienced by members of the SPED community such as stigmatisation, employment difficulties and mental health. In the summer school, the students also had the opportunity to speak with neurodiverse individuals and their parents to explore the lived experience of being a part of the SPED community as an individual or parent. At the end of the programme, students had to create and deliver a presentation which reflected on what they have learned during the summer school and how they would use lessons learnt to raise awareness in their local community. The costs of running the summer school programme was £634 which was attributable to staff costs.</p> <p>During the September-November 2021 charity has delivered sessions to year 10 students in Harris Academy Boys East Dulwich. Sessions covered common challenges experienced by members of the SPED community with Autism and ADHD such as media portrayal, acceptance in the community and mental health.</p> <p>Like previous years, Students were encouraged to think of ideas in which in February 2022 they will give presentations to fellow peers in their year group summarising what they had learnt, as well as writing short academic essays which reflected on the key themes taught to them. The sessions were delivered by both the Trustees of the organisation and paid staff. Paid staff accounted for £12 during this period.</p>

Achievements and Performance

	SORP reference	
--	----------------	--

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>During the Course of July 2021- November 2021, the Charity has been delivering workshops via an online summer school to year 12 students in London and Year 10 students in Harris Academy Boys East Dulwich (the latter which is still ongoing at the end of the financial period). Both works to raise Awareness of neurodiversity, the sources of stigmatisation and the effects it could have on the neurodiverse community. The following positive impacts were generated.</p> <p>Impact on the Neurodiverse Community: A market research survey covered with the year 12s demonstrated an overall positive change in perceptions of dyslexia and Autism, with an overall 72% percent accuracy increase on the traits associated with these special educational differences.</p> <p>Additionally, prior to the programme 40% of the students stated they felt confident with supporting their fellow neurodiverse peers socially and emotionally. This boosted to 100% post the summer school programme.</p> <p>all students of the Year 12 summer school programme also delivered a session educating on what they have learnt from the summer school programme and their conversations with neurodiverse individuals and their parents. The students also mentioned how they will use this newfound knowledge to go back to their schools and raise awareness about SPEDs.</p> <p>Overall, 96% of the students on the programme reported that they felt confident in their development of their public speaking, writing and critical thinking skills to raise awareness to the general public.</p> <p>Ratings of our Sessions and its impact on self-development of the students who attend:</p>
--	------------------	---

		<p>100% of the participants rated all the sessions of the programme excellent or outstanding.</p> <p>Two of the most amazing feedback reflecting the difference our programme can make was echoed by one of our year 12 students on the programme who mentioned <i>"Thank you all, for mentoring us on SPEDs, I hope you continue to impact more lives and making them aware about our responsibilities to the wider society at large!"</i></p> <p>And <i>"Thank you for taking the time out of your day to bring us all together as a community to bring awareness of SPEDS!"</i></p> <p>Charity activity during Pandemic: During November 2020 - June 2021, the Charity has been focussing on developing the materials and funds needed to deliver the summer school programme and return to in-school sessions in September 2021. This period has been successful, and the online summer school proved successful. The results of the return to in-school sessions with the year 10 programme will be detailed in our next annual report.</p>
