THE BARRY KILBY PROSTATE CANCER APPEAL

TRUSTEES ANNUAL REPORT

The trustees present their annual report for the period ended 31st October 2020.

OBJECTIVES AND ACTIVITIES

The overall objective of BKPCA is to help save men's lives with simple PSA blood testing at sports grounds and stadia. The activities are intended to raise awareness of prostate cancer and to raise monies to support the PSA testing days. There is also a subscription lottery which provides regular income.

Due to the Government Restrictions put in place around Covid-19 only two testing days were possible in early 2020. The first event was held at Rochdale AFC in January where from a total of 143 men who received a PSA test, using a rag rating analysis one man returned a red analysis which is an indication that the subject should immediately consult his GP. Three were amber and this indicates caution and a further investigation by a GP.

At Accrington Stanley FC in February the statistics were 128 men tested, with ten red results and two amber.

These tests were conducted in conjunction with the Graham Fulford Charitable Trust who arrange the testing of the PSA tests. Along with the Graham Fulford Trust, a home PSA testing kit is due to be launched. This is a simple prick test and can be ordered online.

In October however and under strict social distancing conditions, a third testing day was held at Burnley Golf Club, despite the club being closed to members. From a total of 87, there were four red results and five amber.

The subscription lottery has 408 members and over 100 new members were signed up using a Local Fundraising Company LTD.

All other activities and events were cancelled due to Covid-19.

The Trustees are content with the fiscal stability of BKPCA. This was despite the cancellation of all fundraising events such as the Bike Ride which previously had been a major contribution to the fundraising strategy. As previously mentioned, the subscription lottery is providing a regular monthly revenue stream.

The trustees have requested a Fundraising and Marketing Strategy should be prepared for the next financial year and it is hoped to establish a 3-month reserves policy.
