Annual report for the period to 30th August 2024

ArchaeoLink liaises between researchers and the communities in which they work to assist these communities to obtain sustainable educational societal and economic benefits from their own archaeology and heritage.

The project in Tanzania is continuing through the University of Dar es Salaam and a local NGO in Pangani. The project in the Turks and Caicos Islands is still subject to discussions with the department of education.

A Field Walking and Metal Detecting day's workshop was organised in Suffolk which has led to a Club being set up for the participants.
