Objectives and activities

Summary of the objects of the charity set out in its governing document

OUR AIMS

The Charity's object is to advance the education of the public in particular, but not exclusively, in Senegal by the provision of grants for the construction, refurbishment and decoration of elementary schools.

We aim to provide a first-class education to the deprived people of Subsaharan West Africa. Our initial target is to work closely with local communities of Senegal with a goal of **"Education for All"**. We strive to provide a structured educational atmosphere to less fortunate members of the society in order to nourish and enrich their natural aptitudes, capabilities and talents. We promote our learners' academic, moral and physical development by providing them with an environment where they can flourish their inbuilt abilities.

OUR OBJECTIVES

Our objectives are the reflection of our aims. It's critical to us that we sustain and improve the standard of the FACE. In establishing our objectives and planning our activities this year, our Trustees have given thorough consideration to the Charity Commission's public benefit guidance. However, these objectives are set in the context of the broader goals we set for the Charity itself.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Trustees of the Foundation for African Children's Education present their annual report and accounts for the year ended 30th April 2022 and confirm they comply with the requirements of the Charities Act 2011 and the Charities SORP (FRS 102).
