## **TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)**

***FOR THE YEAR ENDED 31 DECEMBER 2022***

---

The Trustees present their annual report and financial statements for the year ended 31 December 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

### **Objectives and activities**

The charity's objects are specifically restricted to, in each case for the public benefit, the advancement of religion, science, literature or education, and the prevention of cruelty to children and animals, or such other exclusively charitable purposes as the Trustees may be in their absolute discretion determined. The policies adopted in furtherance of these objects have not change during the year.

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

### **Achievements and performance**

During the year, the Charity made donations of £116,000 to various charitable institutions or institutions with funding status.

### **Financial review**

#### **Going Concern**

After making appropriate enquiries, the trustees have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

#### **Reserve policy**

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level sufficient to cover future commitments. The Trustees considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year. The balance of reserves at 31 December 2022 was £938,386.

#### **Principal funding**

During the year the Charitable company did not hold any fundraising activities and all income was generated from voluntary donations.

#### **Investment policy**

The Trustees retain the power to invest in such assets as they see fit.

#### **Risk management**

The Trustees has assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the Charitable company and are satisfied that systems are in place to mitigate exposure to the major risks.

#### **Plans for future periods**

The Trustees will continue to support organisations in line with the Charity's objectives.

The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

#### 1.2 Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

#### 1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of their charitable objectives.

#### 1.4 Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

### 1 Accounting policies

(Continued)

#### 1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit and can be measured reliably.

Support costs are those costs incurred directly in support of expenditure of the objects of the Charitable company.

Governance costs are incurred in connection with the administration of the Charitable company and compliance with constitutional and statutory requirements.

Charitable activities and governance costs incurred on the Charitable company operations, including support costs are apportioned to charitable activities.

#### 1.6 Fixed asset investments

Fixed asset investments are initially measured at transaction price excluding transaction costs, and are subsequently measured at fair value at each reporting date. Changes in fair value are recognised in net income/(expenditure) for the year. Transaction costs are expensed as incurred.

#### 1.7 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

##### **Basic financial assets**

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

##### **Basic financial liabilities**

Basic financial liabilities, including creditors are initially recognised at transaction price unless the arrangement constitutes a financing transaction. Financial liabilities classified as payable within one year are not amortised.

##### **Derecognition of financial liabilities**

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.
