

Statement from the Be Lucky Anti-Crime Foundation

At the Be Lucky Anti-Crime Foundation, we are proud to report significant achievements in our mission to promote safety and awareness in the Suffolk area. We have successfully deployed over 68 bleed control kits, aiming to enhance community resilience and preparedness. Our initiative includes engaging with Year 6 students in local schools to educate them about the critical importance of these kits and how they can potentially save lives.

We are fortunate to collaborate with EAS Medical, a team of trained paramedics dedicated to sharing their expertise with students. Their passion for saving lives and reducing knife crime is evident in every session we conduct. Currently, we have four schools lined up for this impactful program, and we are committed to expanding our outreach.

As we continue this vital work, we recognize the need to replenish our kits, as some items are perishable. Additionally, we are launching a new initiative to encourage taxi drivers and their companies to carry bleed control kits in their vehicles. We believe this will not only enhance public safety but also provide taxi drivers with the tools they need to assist in emergencies.

Together, we are making strides towards a safer community, and we are grateful for the support of our partners and the community at large. Thank you for being a part of our mission to save lives and reduce crime.

Important information about compensation arrangements

The account(s) listed in this statement are eligible for cover under the Financial Services Compensation Scheme (FSCS).

Protected

We're covered by the FSCS. The FSCS compensate depositors if a bank can't meet its financial obligations. Most depositors – including most individuals and businesses – are covered by the scheme. We'll give you the FSCS information sheet and exclusions list once a year. This tells you what is and isn't covered by the FSCS in lots of detail.

The FSCS protects eligible deposits up to £85,000 per person. The FSCS apply this limit to each person, and to the total combined amount of any money you have with the provider. For joint accounts, each account holder has a claim to their share separately. That means that in a joint account held by two eligible depositors, the maximum amount each person could claim is £85,000 each (for a total of £170,000).

For more information about FSCS compensation, head to the FSCS website at www.FSCS.org.uk
