

ANNUAL REPORT FOR MAC CLUB – 2022-2023

Our aims and objectives remain the same to provide a safe and social environment , where our clients can meet regularly to build ongoing friendships and develop communication and social skills. This helps to combat isolation and loneliness.

Currently we open every Tuesday evening, 6:30pm to 9:00pm, providing bingo, disco, raffle and have an open kitchen for snacks and food. We also offer trips to bowling, theatre, day trips (clients are involved in decisions). We also run special evenings with live entertainment and a buffet. These are proving very popular.

We are happy to announce that our numbers that our numbers attending have increased significantly. We regularly have 80+ people attending and this could increase to over a 100 people some weeks.

We have been working closely with the council over the past year in regard of taking over Fenton Community Hall, making it our home base. The process of taking over the building is progressing but slowly. We are still excited by the prospect of moving to Fenton.

We look forward in the next year to expanding the number of clients further and being able to apply for grants, to expand our offerings.
