

**TRENCH COMMUNITY FOUNDATION
ANNUAL REPORT – 2024**

All our activities have stopped with the exception of the Listening Ear (gardening) Project. As stated on the Annual Accounts the only income since June 2023 has been a further refund from Barclays Bank due to the problems experienced with our bank account. The expenditure was the rental of the allotment plot. With the addition of two further Trustees we are hopeful that our activities will increase in the future.
