

## **Evesham Bat Care AGM 02 April 2022**

### **Present:**

**Aimee Woodman; Iain Hancox;  
Michelle Young; Deb' McIntosh**

- Covid 19 Lockdown impacted on many of our community activities. Despite this we were still able to run a limited number of bat walks, quiz nights and attend a small number of community events.
- Our outgoings were reduced and finances are healthy.
- We received 168 bats during 2021/22 for rescue and rehabilitation.

### **Membership:**

At present we are operating with 16 Carers and 2 Ambulance Drivers. The previously agreed recruitment drive for ambulance drivers, put on hold due to Covid 19 Lockdowns, will be resurrected focussing on South Worcestershire and Gloucestershire.

Michelle proposed formalising the role of Events & Fundraising coordinator which has been covered by Nikki Berriman. Nikki was voted in by Trustees as a new trustee & will complete the relevant paperwork for the Charity Commission and training. Nikki has been pivotal to our fundraising & events coordination for some time and will be a valuable addition to our Trustees.

## Finances:

Previous twelve months financial information circulated and accepted by Trustees.

Due to our reduced expenditure during lock down we are in a very healthy position at the moment. Several larger donations were received last year from local companies which has enabled us to reduce our local fundraising for the coming year.

The bi-annual Midlands Bat Conference was online this year and 3 places were funded by EBC for our carers in attendance. Several members attended the National Bat Conference in 2021 those places were not funded by EBC, but partial funding will be considered for the 2022 national conference in lieu of offering to reimburse fuel costs for ambulance drivers and carers during the year.

It was agreed to fund a 10 bat boxes for local community groups in support of our educational outreach

It was agreed to donate £500.00 to the Bat Care Trust Helpline. The Helpline feed us calls for our area, BCT aims are similar to ours, and the Helpline furthers our purposes of rescuing Bats for rehabilitation across our area.

We have also contacted our regular direct debit / direct payment donators and advised them that we do not require donations at this time. We have suggested that they donate to BCT helpline in lieu.

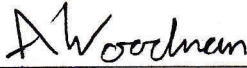

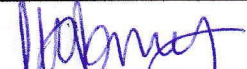

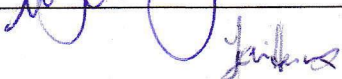

## Community Outreach:

We have attended village fetes, given bat walks and provided support to a local nature reserve.

It was agreed that we would increase our support during 2022/23 by funding 10 bat boxes providing accompanying educational supporting materials and siting advice to:

- Evesham Adventure Playground x 2 boxes
- Bishampton Nature Reserve x 2 boxes
- Beckford Nature Reserve x 2 boxes
- Alderton Village x 2 boxes
- Northway Nature Reserve, Tewkesbury x 2 boxes

Signed:
