### **Public benefit**

The trustees have had regard to the Charity Commission's guidance which sets out the requirements for charities to demonstrate that their aims and activities are for the public benefit.

### **Risk management**

The trustees have assessed the major risks to which the charity and Foundation are exposed, particularly those related to cash holdings, finances, and the operation of the charitable company. While the risks are limited given the nature of the Foundation's activities, the trustees recognize the importance of monitoring reserve levels, ensuring controls over key financial systems, and examining operational and business risks. The trustees also emphasize the need to manage grant expenditure and foreign exchange risks. To mitigate these risks effectively, the trustees grant funds to a restricted number of recipients and ensure that grants are not committed until the corresponding income has been received.

**Financial review**

During the year ended 31 August 2025, the charity received donations (including recoverable Gift Aid and donated services) totalling £398,806.

Expenditure for the year totalled £411,599. £405,598 of this total related to grants made to Northwestern University.

The funds at the year-end totalled £4,778 of which £875 were restricted and £3,903 were unrestricted.

**Reserves policy**

The trustees have reviewed the requirement of the charity for reserves and have determined that the level of restricted funds allows the charity to undertake its future charitable activities as a grant giving entity. The trustees' policy is to distribute the majority of income received in the period and to hold a minimal level of reserves.

**Fundraising policy**

The charity aims to achieve best practice in the way in which it communicates with donors and other supporters. It takes care with both the tone of its communications and the accuracy of its data to minimise the pressures on supporters. It applies best practice to protect supporters' data and never sells data, it never swaps data and ensures that communication preferences can be changed at any time. The charity does not employ the services of professional fundraisers. The charity undertakes to react to and investigate any complaints regarding its fundraising activities. During the year to 31 August 2025, the charity received no complaints about its fundraising activities.

## Independent examiner's report Year to 31 August 2025

### Independent examiner's report to the trustees of Northwestern University (USA) Foundation Limited

I report to the charity trustees on my examination of the financial statements of Northwestern University (USA) Foundation Limited for the year ended 31 August 2025, which are set out on pages 7 to 14.

#### Responsibilities and basis of report

As the trustees of the charitable company (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the financial statements of the charitable company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's financial statements as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

#### Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with my examination giving me cause to believe:

- ◆ accounting records were not kept in respect of the charitable company as required by section 386 of the 2006 Act; or
- ◆ the financial statements do not accord with those records; or
- ◆ the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the financial statements give a 'true and fair view' which is not a matter considered as part of an independent examination; or
- ◆ the financial statements have not been prepared in accordance with the methods and principles of "Accounting and Reporting by Charities: the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)."

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

### **Basis of preparation**

These financial statements have been prepared for the year ended 31 August 2025 with comparative information provided for the year ended 31 August 2024.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant accounting policies below or the notes to the financial statements.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) (Charities SORP FRS 102), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and applicable laws.

The financial statements are presented in sterling and are rounded to the nearest pound.

### **Critical accounting estimates and areas of judgement**

There are no significant accounting estimates and areas of judgment that affect items in the financial statements.

### **Assessment of going concern**

The trustees have assessed whether the use of the going concern assumption is appropriate in preparing these financial statements. The trustees have made this assessment with respect to a period of one year from the date of approval of these financial statements.

The trustees of the charity have concluded that there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the charity to continue as a going concern. The trustees are of the opinion that the charity will have sufficient resources to meet its liabilities as they fall due.

### **Income**

Income is recognised in the period in which the charity is entitled to receipt, the amount can be measured with reasonable certainty and it is probable that the funds will be received.

## Principal accounting policies Year to 31 August 2025

### **Income (continued)**

Donations and the Gift Aid thereon is recognised when the charity has confirmation of both the amount and settlement date. In the event of donations pledged but not received, the amount is accrued for where the receipt is considered probable. In the event that a donation is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that those conditions will be fulfilled in the reporting period.

### **Expenditure**

Expenditure is included in the statement of financial activities when incurred and includes attributable Value Added Tax (VAT) which cannot be recovered.

Expenditure is on charitable activities which comprise grants payable in promoting charitable work, the cost of administering the grant programme and governance costs. Grants payable are included in the statement of financial activities when approved and when the intended recipient has either received the funds or been informed of the decision to make the donation and has satisfied all related conditions. Grants approved but not paid at the end of the financial year are accrued for. Grants where the beneficiary has not been informed or has to meet certain conditions before the grant is released are not accrued for but are noted as financial commitments in the notes to the financial statements.

Governance costs include costs which are directly attributable to the organisational procedures and the necessary legal procedures for compliance with statutory requirements. They are included as a constituent part of charitable activities.

### **Debtors**

Debtors are recognised at their settlement amount, less any provision for non-recoverability. Prepayments are valued at the amount prepaid.

### **Cash at bank and in hand**

Cash at bank and in hand represents such accounts and instruments that are available on demand or have a maturity of less than three months from the date of acquisition.

### **Creditors and provisions**

Creditors and provisions are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Creditors and provisions are recognised at the amount the charity anticipates it will pay to settle the debt.

## **Principal accounting policies** Year to 31 August 2025

### **Fund accounting**

The unrestricted general funds represent funds available for the general charitable purposes of the charity at the discretion of the trustees.

Restricted funds comprise monies raised for, or their use restricted to a specific purpose or contribution subject to donor-imposed conditions.

### **Foreign currency translation**

**Public benefit**

The trustees have had regard to the Charity Commission's guidance which sets out the requirements for charities to demonstrate that their aims and activities are for the public benefit.

**Risk management**

The trustees have assessed the major risks to which the charity and Foundation are exposed, particularly those related to cash holdings, finances, and the operation of the charitable company. While the risks are limited given the nature of the Foundation's activities, the trustees recognize the importance of monitoring reserve levels, ensuring controls over key financial systems, and examining operational and business risks. The trustees also emphasize the need to manage grant expenditure and foreign exchange risks. To mitigate these risks effectively, the trustees grant funds to a restricted number of recipients and ensure that grants are not committed until the corresponding income has been received.

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are laid out below.

### **Basis of preparation**

These financial statements have been prepared for the year ended 31 August 2024 with comparative information provided for the year ended 31 August 2023.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant accounting policies below or the notes to the financial statements.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) (Charities SORP FRS 102), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and applicable laws.

The financial statements are presented in sterling and are rounded to the nearest pound.

### **Critical accounting estimates and areas of judgement**

There are no significant accounting estimates and areas of judgment that affect items in the financial statements.

### **Assessment of going concern**

The trustees have assessed whether the use of the going concern assumption is appropriate in preparing these financial statements. The trustees have made this assessment with respect to a period of one year from the date of approval of these financial statements.

The trustees of the charity have concluded that there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the charity to continue as a going concern. The trustees are of the opinion that the charity will have sufficient resources to meet its liabilities as they fall due.

### **Income**

Income is recognised in the period in which the charity is entitled to receipt, the amount can be measured with reasonable certainty and it is probable that the funds will be received.

**Income (continued)**

Donations and the Gift Aid thereon is recognised when the charity has confirmation of both the amount and settlement date. In the event of donations pledged but not received, the amount is accrued for where the receipt is considered probable. In the event that a donation is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that those conditions will be fulfilled in the reporting period.

**Expenditure**

Expenditure is included in the statement of financial activities when incurred and includes attributable Value Added Tax (VAT) which cannot be recovered.

Expenditure is on charitable activities which comprise grants payable in promoting charitable work, the cost of administering the grant programme and governance costs. Grants payable are included in the statement of financial activities when approved and when the intended recipient has either received the funds or been informed of the decision to make the donation and has satisfied all related conditions. Grants approved but not paid at the end of the financial year are accrued for. Grants where the beneficiary has not been informed or has to meet certain conditions before the grant is released are not accrued for but are noted as financial commitments in the notes to the financial statements.

Governance costs include costs which are directly attributable to the organisational procedures and the necessary legal procedures for compliance with statutory requirements. They are included as a constituent part of charitable activities.

**Debtors**

Debtors are recognised at their settlement amount, less any provision for non-recoverability. Prepayments are valued at the amount prepaid.

**Cash at bank and in hand**

Cash at bank and in hand represents such accounts and instruments that are available on demand or have a maturity of less than three months from the date of acquisition.

**Creditors and provisions**

Creditors and provisions are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Creditors and provisions are recognised at the amount the charity anticipates it will pay to settle the debt.

### **Basis of preparation**

These financial statements have been prepared for the year ended 31 August 2023 with comparative information provided for the year ended 31 August 2022.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant accounting policies below or the notes to the financial statements.

### **Critical accounting estimates and areas of judgement**

There are no significant accounting estimates and areas of judgment that affect items in the financial statements.

### **Assessment of going concern**

The trustees have assessed whether the use of the going concern assumption is appropriate in preparing these financial statements. The trustees have made this assessment with respect to a period of one year from the date of approval of these financial statements.

The trustees of the charity have concluded that there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the charity to continue as a going concern. The trustees are of the opinion that the charity will have sufficient resources to meet its liabilities as they fall due.

### **Income**

Income is recognised in the period in which the charity is entitled to receipt, the amount can be measured with reasonable certainty and it is probable that the funds will be received.

## **Principal accounting policies 31 August 2023**

### **Income (continued)**

Donations and the Gift Aid thereon is recognised when the charity has confirmation of both the amount and settlement date. In the event of donations pledged but not received, the amount is accrued for where the receipt is considered probable. In the event that a donation is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that those conditions will be fulfilled in the reporting period.

### **Expenditure**

Expenditure is included in the statement of financial activities when incurred and includes attributable Value Added Tax (VAT) which cannot be recovered.

Expenditure is on charitable activities which comprise grants payable in promoting charitable work, the cost of administering the grant programme and governance costs. Grants payable are included in the statement of financial activities when approved and when the intended recipient has either received the funds or been informed of the decision to make the donation and has satisfied all related conditions. Grants approved but not paid at the end of the financial year are accrued for. Grants where the beneficiary has not been informed or has to meet certain conditions before the grant is released are not accrued for but are noted as financial commitments in the notes to the financial statements.

Governance costs include costs which are directly attributable to the organisational procedures and the necessary legal procedures for compliance with statutory requirements. They are included as a constituent part of charitable activities.

### **Debtors**

Debtors are recognised at their settlement amount, less any provision for non-recoverability. Prepayments are valued at the amount prepaid.

### **Cash at bank and in hand**

Cash at bank and in hand represents such accounts and instruments that are available on demand or have a maturity of less than three months from the date of acquisition.

### **Creditors and provisions**

Creditors and provisions are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Creditors and provisions are recognised at the amount the charity anticipates it will pay to settle the debt.

## **Principal accounting policies** 31 August 2023

### **Fund accounting**
