Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We provide high quality religious education for Muslim children and adults in Derby. We have used internal and external teachers for these courses. We use a local school's classrooms and lecture theatre to deliver these courses. These courses have been at cost price or, on occasion, for free.

During the Covid-19 pandemic we have invested in restructuring our courses for online delivery and continued to provide education and support to the children and families we work with.

Post pandemic, we have continued to deliver our courses mainly online in order to maintain the cost effectiveness for students/parents.

Additional details of objectives and activities (Optional information)

Volunteers have helped with setting up teaching material for online delivery and developing ways to keep the classes engaging for students who may already be fatigued with online learning.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To advance Sunni Islam in the Derbyshire area for local Muslims by providing high quality, contextualized, Islamic education, spiritual support, and promoting civic duty.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We provide high quality religious education for Muslim children and adults in Derby. We have used internal and external teachers for these courses. We use a local school's classrooms and lecture theatre to deliver these courses. These courses have been at cost price or, on occasion, for free.

During the Covid-19 pandemic we have invested in restructuring our courses for online delivery and continued to provide education and support to the children and families we work with.

Post pandemic, we have continued to deliver our courses mainly online in order to maintain the cost effectiveness for students/parents.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Volunteers have helped with setting up teaching material for online delivery and developing ways to keep the classes engaging for students who may already be fatigued with online learning.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Our main achievement this year has been to continue deliver our classes online in a way that engages the students.

Section E

Financial review

Brief statement of the charity's policy on reserves

We have a no reserves policy because liabilities are attributable to courses that run and we ensure sufficient income is generated to cover our liabilities. We will reassess our reserves policy next year as we continue to grow and potentially hold reserves necessary for future plans.
