Structure, Governance and Management Nature of the Governing Documents and Constitution of the Charity

Kingdom Life Church Wirral is a registered Charitable Incorporated Organization (CIO) governed by a constitution. Trustees are appointed by the existing trustees. The Trustees also consider the future need of the charity when looking to add to the group of Trustees, having regard to the particular skills required at each stage of the charity's development. New Trustees are given a period of induction and continues training opportunities are made available to all Trustees.

The day-to-day operations of the charity are governed by Trustees who are directly engaged in the activity of the charity. Operational and tactical decisions are made by this group. The direction and strategy are discussed at Trustees meetings.

Statement of Trustees' Responsibilities

The charity trustees are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). The law applicable to charities requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable group for that period. In preparing the financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business. The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the Trust deed.
- They are also responsible for safeguarding the assets of the charity and taking reasonable steps for the prevention and detection of fraud and other irregularities. The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements.

Notes to the Accounts for the year ended 31 December 2024

1. Accounting policies

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a) Basis of preparation

The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

The trust constitutes a public benefit entity as defined by FRS 102.

b) Preparation of the accounts on a going concern basis

The financial statements are prepared on a going concern. The Charity is entirely dependent on continuing grant and donation support and as a consequence the going concern basis is also dependent on that continuing financial support.

c) Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received, and the amount can be measured reliably. Income from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred.

Income received in advance of the provision of specified services is deferred until the criteria for income recognition are met.

d) Donated services and facilities

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use by the charity of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), the general volunteer time is not recognised and refer to the trustees' annual report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

Notes to the Accounts for the year ended 31 December 2024 (continued)

e) Fund accounting

Unrestricted funds are available to spend on activities that further any of the purposes of the charity.

f) Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds comprise the consists of commercial trading.
 - Expenditure on charitable activities includes the costs of activities undertaken to further the purposes of the charity and their associated support costs
 - Other expenditure represents those items not falling into any other heading.
- Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

g) Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

h) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimating reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

i) Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are recognised at transaction value.

2. Analysis of staff costs, trustee remuneration and expenses, and the cost of key management personnel.

The charity trustees were not paid or received any other benefits from employment with charity as trustees in the year neither were, they reimbursed expenses during the year. No charity trustees received payment for professional or other services supplied to the charity. There were no transactions with connected parties requiring to be disclosed in these accounts.

3. Taxation

The charity is exempt from tax on income and gains falling within section 505 of the Taxes Act 1988 or section 252 of the Taxation of Chargeable Gains Act 1992 to the extent that these are applied to its charitable objects.
