## Achievements and performance

Summary of the main achievements of the charity during the year

Rooted in our community since 2017, we're dedicated to transforming children's lives. Through education and opportunity, we create dynamic learning experiences that empower them to learn, grow, and develop.

Youth Driven - We put young people in the driver's seat. From planning to execution, their ideas and experiences shape our projects.  
Every child has unique strengths. We show them how to use those strengths to build resilience and achieve their dreams.

Our impact is expanding! TMS Youth and Arts reached a new milestone in 2022-23, supporting more youth than ever before.

**Making a Lasting Difference in Young Lives**

At TMS Youth and Arts, we're passionate about creating positive change. We listen closely to our participants and their communities to ensure our programs truly empower young people. We measure our success through their experiences and feedback, and we're proud of the long-lasting relationships we build.

**Building Stronger, Healthier Young People:**

Parents and teachers tell us that TMS programs have a significant impact on young people's well-being. Participants report feeling more confident, physically active, and emotionally stable. They develop stronger connections with their communities, gaining valuable life skills that set them up for success.

**Quantifiable Impact:**

- Over 500 hours of youth volunteering: Young people actively contribute to their community, fostering a sense of purpose and responsibility.
- 85% of youth reported increased life skills: Our programs equip young people with essential skills to navigate life's challenges.
- Over 450 participating families: We work collaboratively with families to support young people's holistic development.
- 2801 tutoring sessions delivered: Dedicated tutors provide the academic support needed for young people to thrive.
- Over 6,000 community members reached: Our impact extends beyond participants, creating a ripple effect of positive change.
- Over 20 local schools represented: We collaborate with various schools to ensure a wide reach and diverse participation.

In 2024-25, we're excited to expand our offerings! We'll introduce STEM courses, including coding and robotics classes, specifically designed to empower disadvantaged youth in our community.

## Section E

## Financial review

Brief statement of the charity's policy on reserves

TMS Youth and Arts prioritizes financial stability to ensure our programs continue to empower young people. We maintain a reserve fund equivalent to roughly three months of operating expenses. This allows us to:

- Respond to requests for financial assistance (bursaries).
- Cover ongoing program support and delivery costs (e.g., tutors).

We review our reserve policy annually, considering factors like tutor contracts, and adjust it as needed. The Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future.

Details of any funds materially in deficit

Further financial review details (optional information)

You **may choose** to include additional information, where relevant, about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Sustainability: A Commitment to the Future

The trustees are confident that TMS Youth and Arts has the resources necessary to operate for the foreseeable future ("going concern"). This commitment ensures a lasting positive impact on young people and the community.

95% of the expenditure is spent on supporting the key objectives of TMS Youth and Arts programmes
