

13th April 2022

The Moving on Project Portsmouth.

Brilliant Service

"The work of Sarah and her team at MOPP literally changes houses into homes for some of our most vulnerable and needy residents. Knowing that they are there to support the community is reassuring and highly valued by the council."

*Steve Pitt - Councillor
PCC*

Yearly report.

How we've helped.

We have helped over 500 families in the past year alone – bringing the overall total of families helped to over 1,800 - supplying furniture and household items. We have a growing list of Referring agents with new agents joining monthly !.

We can also offer delivery at a very low cost to our clients and have secured a small discretionary fund For those struggling to cover the delivery cost.

This year in January and February alone we received 47 referrals ! safe to say it was a very busy time for Mopp. We have also had referrals from doctors surgeries schools and support agencies who are now using our project.

We have also started working with the probation service , who once a week send a group of probationers to our units to help us organize the furniture and fix and upcycle some of the items that may need some TLC.

We have secured some new trustees and a new patron to help the project reach its full potential and run effectively. We have also adopted a new logo which is simple and embodies the project entirely.

The shop

In January 2022 we managed to secure the lease on a small shop , this allows us to keep the project running without the need for constant fundraising – apart from rent & utilities all profit then goes back into running the project and allows us to continue to help those who need our service.

We opened on Friday January 28th and the shop was opened by Portsmouth's Lord Mayor Cllr Frank Jonas. The shop is at 38, Albert Road Southsea Portsmouth and again is run entirely by volunteers.

We are never short of donations for the shop due to the public's generosity and received a grant of £5,000 from Portsmouth city Council to help cover some of the first years rent, which was a tremendous boost.

Registered charity number 1185356
