FINANCIAL REVIEW

Reserves policy

Purpose

The purpose of the Operating Reserve Policy for ACORN Initiative is to ensure the stability of the mission, programs, employment, and ongoing operations of the organization. The Reserve is intended to provide an internal source of funds for situations such as a sudden increase in expenses, onetime unbudgeted expenses, unanticipated loss in funding, or uninsured losses. The Reserve may also be used for one-time, nonrecurring expenses that will build long-term capacity, such as staff development and other sustainability efforts of programs and projects. Reserves are not intended to replace a permanent loss of funds or eliminate an ongoing budget gap. It is the intention of ACORN initiative for the Reserves to be used and replenished within a reasonably short period of time. Our Reserve Policy will be implemented in concert with the organizations missions, objectives, definitions and goals .The Reserve Fund is defined as a designated fund set aside by action of the Board of Trustees. The minimum amount to be designated as Reserve will be established in an amount sufficient to maintain ongoing operations and programs for a set period of time, measured in months. The Reserve serves a dynamic role and will be reviewed and adjusted in response to internal and external changes. The target minimum Reserve Fund is equal to three months of average operating costs. The calculation of average monthly operating costs includes all recurring, predictable expenses such as benefits, occupancy, office, travel, program, and ongoing professional services. The calculation of average monthly expenses also excludes some expenses which are Capital in nature and usually one time. The amount of the Reserve Fund target minimum will be calculated each year after approval of the annual budget, reported to the Finance Committee/Board of Trustees, and included in the regular financial reports.

Accounting for Reserves:

The Reserve Fund will be recorded in the financial records as Reserves. The Fund will be funded and available in cash. Reserves of Acorn Initiative will be maintained in the same bank with the general cash of the organization.

Funding of Reserves:

The Reserve Fund will be funded with surplus unrestricted operating funds. The Board of Trustees may from time to time direct that a specific source of revenue be set aside for funding the Reserves which may include one-time gifts or bequests, special grants, or special appeals.

Use of Reserves:

Use of the Reserves involves 3 steps which includes,

1. Identification of appropriate use of reserve funds. The Co-Founders and staff will identify the need for access to reserve funds and confirm that the use is consistent with the purpose of the reserves as described in this Policy. This step requires analysis of the reason for the shortfall, the availability of any other sources of funds before using reserves, and evaluation of the time period that the funds will be required and replenished.

2. Authority to use Reserves: Our approach to use reserves in Acorn initiatives shall be subject to authorization and consultation between the Board of Trustees and the Treasurer and/ or Chair of the Finance Committee. The use of Reserves will be reported to the Executive committee in the next scheduled meeting accompanied by a description of the analysis and determination of the use of funds and plans for replenishment to restore the Reserve to the target minimum amount. Approval must however be received before the use of Reserves of any given amount.

3. Reporting and monitoring. The Board of Trustees is responsible for ensuring that the Reserve Fund is maintained and used only as described in this Policy. Upon approval for the use of Reserve funds, the Treasurer will maintain records of the use of funds and plan for replenishment. He/she will provide regular reports to the Finance Committee/ Board of Directors of progress to restore the Fund to the target minimum amount.

4. Review of Policy. This Policy will be reviewed every other year, at minimum, by the Finance Committee, or sooner if warranted by internal or external events or changes. Changes to the Policy will be recommended by Acorn initiatives Finance Committee to the Board of Trustees.

Reserves policy

Purpose

The purpose of the Operating Reserve Policy for ACORN Initiative is to ensure the stability of the mission, programs, employment, and ongoing operations of the organization. The Reserve is intended to provide an internal source of funds for situations such as a sudden increase in expenses, onetime unbudgeted expenses, unanticipated loss in funding, or uninsured losses. The Reserve may also be used for one-time, nonrecurring expenses that will build long-term capacity, such as staff development and other sustainability efforts of programs and projects. Reserves are not intended to replace a permanent loss of funds or eliminate an ongoing budget gap. It is the intention of ACORN initiative for the Reserves to be used and replenished within a reasonably short period of time. Our Reserve Policy will be implemented in concert with the organizations missions, objectives, definitions and goals .The Reserve Fund is defined as a designated fund set aside by action of the Board of Trustees. The minimum amount to be designated as Reserve will be established in an amount sufficient to maintain ongoing operations and programs for a set period of time, measured in months. The Reserve serves a dynamic role and will be reviewed and adjusted in response to internal and external changes. The target minimum Reserve Fund is equal to three months of average operating costs. The calculation of average monthly operating costs includes all recurring, predictable expenses such as benefits, occupancy, office, travel, program, and ongoing professional services. The calculation of average monthly expenses also excludes some expenses which are Capital in nature and usually one time. The amount of the Reserve Fund target minimum will be calculated each year after approval of the annual budget, reported to the Finance Committee/Board of Trustees, and included in the regular financial reports.

Accounting for Reserves :

The Reserve Fund will be recorded in the financial records as Reserves. The Fund will be funded and available in cash. Reserves of Acorn Initiative will be maintained in the same bank with the general cash of the organization.

Funding of Reserves :

The Reserve Fund will be funded with surplus unrestricted operating funds. The Board of Trustees may from time to time direct that a specific source of revenue be set aside for funding the Reserves which may include one-time gifts or bequests, special grants, or special appeals.

Use of Reserves :

Use of the Reserves involves 3 steps which includes,

1. Identification of appropriate use of reserve funds. The Co-Founders and staff will identify the need for access to reserve funds and confirm that the use is consistent with the purpose of the reserves as described in this Policy. This step requires analysis of the reason for the shortfall, the availability of any other sources of funds before using reserves, and evaluation of the time period that the funds will be required and replenished.

2. Authority to use Reserves: Our approach to use reserves in Acorn initiatives shall be subject to authorization and consultation between the Board of Trustees and the Treasurer and/ or Chair of the Finance Committee. The use of Reserves will be reported to the Executive committee in the next scheduled meeting accompanied by a description of the analysis and determination of the use of funds and plans for replenishment to restore the Reserve to the target minimum amount. Approval must however be received before the use of Reserves of any given amount.

3. Reporting and monitoring. The Board of Trustees is responsible for ensuring that the Reserve Fund is maintained and used only as described in this Policy. Upon approval for the use of Reserve funds, the Treasurer will maintain records of the use of funds and plan for replenishment. He/she will provide regular reports to the Finance Committee/ Board of Directors of progress to restore the Fund to the target minimum amount.

4. Review of Policy. This Policy will be reviewed every other year, at minimum, by the Finance Committee, or sooner if warranted by internal or external events or changes. Changes to the Policy will be recommended by Acorn initiatives Finance Committee to the Board of Trustees.

FINANCIAL REVIEW

Reserves policy

Purpose

The purpose of the Operating Reserve Policy for ACORN Initiative is to ensure the stability of the mission, programs, employment, and ongoing operations of the organization. The Reserve is intended to provide an internal source of funds for situations such as a sudden increase in expenses, onetime unbudgeted expenses, unanticipated loss in funding, or uninsured losses. The Reserve may also be used for one-time, nonrecurring expenses that will build long-term capacity, such as staff development and other sustainability efforts of programs and projects. Reserves are not intended to replace a permanent loss of funds or eliminate an ongoing budget gap. It is the intention of ACORN initiative for the Reserves to be used and replenished within a reasonably short period of time. Our Reserve Policy will be implemented in concert with the organizations missions, objectives, definitions and goals .The Reserve Fund is defined as a designated fund set aside by action of the Board of Trustees. The minimum amount to be designated as Reserve will be established in an amount sufficient to maintain ongoing operations and programs for a set period of time, measured in months. The Reserve serves a dynamic role and will be reviewed and adjusted in response to internal and external changes. The target minimum Reserve Fund is equal to three months of average operating costs. The calculation of average monthly operating costs includes all recurring, predictable expenses such as benefits, occupancy, office, travel, program, and ongoing professional services. The calculation of average monthly expenses also excludes some expenses which are Capital in nature and usually one time. The amount of the Reserve Fund target minimum will be calculated each year after approval of the annual budget, reported to the Finance Committee/Board of Trustees, and included in the regular financial reports.

Accounting for Reserves :

The Reserve Fund will be recorded in the financial records as Reserves. The Fund will be funded and available in cash. Reserves of Acorn Initiative will be maintained in the same bank with the general cash of the organization.

Funding of Reserves :

The Reserve Fund will be funded with surplus unrestricted operating funds. The Board of Trustees may from time to time direct that a specific source of revenue be set aside for funding the Reserves which may include one-time gifts or bequests, special grants, or special appeals.

Use of Reserves :

Use of the Reserves involves 3 steps which includes,

1. Identification of appropriate use of reserve funds. The Co-Founders and staff will identify the need for access to reserve funds and confirm that the use is consistent with the purpose of the reserves as described in this Policy. This step requires analysis of the reason for the shortfall, the availability of any other sources of funds before using reserves, and evaluation of the time period that the funds will be required and replenished.

2. Authority to use Reserves: Our approach to use reserves in Acorn initiatives shall be subject to authorization and consultation between the Board of Trustees and the Treasurer and/ or Chair of the Finance Committee. The use of Reserves will be reported to the Executive committee in the next scheduled meeting accompanied by a description of the analysis and determination of the use of funds and plans for replenishment to restore the Reserve to the target minimum amount. Approval must however be received before the use of Reserves of any given amount.

3. Reporting and monitoring. The Board of Trustees is responsible for ensuring that the Reserve Fund is maintained and used only as described in this Policy. Upon approval for the use of Reserve funds, the Treasurer will maintain records of the use of funds and plan for replenishment. He/she will provide regular reports to the Finance Committee/ Board of Directors of progress to restore the Fund to the target minimum amount.

4. Review of Policy. This Policy will be reviewed every other year, at minimum, by the Finance Committee, or sooner if warranted by internal or external events or changes. Changes to the Policy will be recommended by Acorn initiatives Finance Committee to the Board of Trustees.

FINANCIAL REVIEW

Reserves policy

Purpose

The purpose of the Operating Reserve Policy for ACORN Initiative is to ensure the stability of the mission, programs, employment, and ongoing operations of the organization. The Reserve is intended to provide an internal source of funds for situations such as a sudden increase in expenses, onetime unbudgeted expenses, unanticipated loss in funding, or uninsured losses. The Reserve may also be used for one-time, nonrecurring expenses that will build long-term capacity, such as staff development and other sustainability efforts of programs and projects. Reserves are not intended to replace a permanent loss of funds or eliminate an ongoing budget gap. It is the intention of ACORN initiative for the Reserves to be used and replenished within a reasonably short period of time. Our Reserve Policy will be implemented in concert with the organizations missions, objectives, definitions and goals .The Reserve Fund is defined as a designated fund set aside by action of the Board of Trustees. The minimum amount to be designated as Reserve will be established in an amount sufficient to maintain ongoing operations and programs for a set period of time, measured in months. The Reserve serves a dynamic role and will be reviewed and adjusted in response to internal and external changes. The target minimum Reserve Fund is equal to three months of average operating costs. The calculation of average monthly operating costs includes all recurring, predictable expenses such as benefits, occupancy, office, travel, program, and ongoing professional services. The calculation of average monthly expenses also excludes some expenses which are Capital in nature and usually one time. The amount of the Reserve Fund target minimum will be calculated each year after approval of the annual budget, reported to the Finance Committee/Board of Trustees, and included in the regular financial reports.

Accounting for Reserves:

The Reserve Fund will be recorded in the financial records as Reserves. The Fund will be funded and available in cash. Reserves of Acorn Initiative will be maintained in the same bank with the general cash of the organization.

Funding of Reserves :

The Reserve Fund will be funded with surplus unrestricted operating funds. The Board of Trustees may from time to time direct that a specific source of revenue be set aside for funding the Reserves which may include one-time gifts or bequests, special grants, or special appeals.

Use of Reserves :

Use of the Reserves involves 3 steps which includes,

1. Identification of appropriate use of reserve funds. The Co-Founders and staff will identify the need for access to reserve funds and confirm that the use is consistent with the purpose of the reserves as described in this Policy. This step requires analysis of the reason for the shortfall, the availability of any other sources of funds before using reserves, and evaluation of the time period that the funds will be required and replenished.

2. Authority to use Reserves : Our approach to use reserves in Acorn initiatives shall be subject to authorization and consultation between the Board of Trustees and the Treasurer and/ or Chair of the Finance Committee. The use of Reserves will be reported to the Executive committee in the next scheduled meeting accompanied by a description of the analysis and determination of the use of funds and plans for replenishment to restore the Reserve to the target minimum amount. Approval must however be received before the use of Reserves of any given amount.

3. Reporting and monitoring . The Board of Trustees is responsible for ensuring that the Reserve Fund is maintained and used only as described in this Policy. Upon approval for the use of Reserve funds, the Treasurer will maintain records of the use of funds and plan for replenishment. He/she will provide regular reports to the Finance Committee/ Board of Directors of progress to restore the Fund to the target minimum amount.

4. Review of Policy. This Policy will be reviewed every other year, at minimum, by the Finance Committee, or sooner if warranted by internal or external events or changes. Changes to the Policy will be recommended by Acorn initiatives Finance Committee to the Board of Trustees.
