Summary of Events April 2024 - March 2025

In this year period, activity of Resuscitation was limited. Schools contacted in this period reported that they had developed teaching sessions for CPR teaching separately as it had been an essential part of the curriculum even during the COVID-19 pandemic when outside groups were less able to provide support with sessions.

Events – Changes to Constitution

There have been no changes to the constitution made.

Events – Changes to Board of Trustees

There have been no changes to the Board of Trustees.

Events – Policy Changes & New Policies

There have been no policy changes made.

Summary of Accounts

Fundraising: £0

Grants: £0

Employee Wages: £0

Expenditure: £0

TOTAL BALANCE = +/- £0

Upcoming Plans

In the upcoming year we intend to hold discussions to consider closing the charity as external circumstances have prevented us from fulfilling our aims over the last few years.

Upcoming Plans

In the upcoming year we intend to hold discussions with universities about the possibility of setting up new branches of Resuscitation and about the teaching opportunities that may be available given the limited opportunities we have found in schools. It is possible that we will have to consider altering the model of our teaching, or consider alternative groups to focus teaching sessions at.

Summary of Events April 2021 - March 2022

During this period, the COVID-19 pandemic continued to significantly limit opportunities to provide teaching sessions. Discussions were held with multiple Universities to develop links to create potential new locations for teaching sessions, however no new branches of Resuscitation were successfully created.

Events - Changes to Constitution

There have been no changes to the constitution made between April 2021 and March 2022.

Events - Changes to Board of Trustees

In this period, Hannah Morgan left the board of trustees.

Events - Policy Changes & New Policies

There have been no policy changes made between April 2021 and March 2022.

Summary of Accounts

Fundraising: £0

Grants: £0

Employee Wages: £0

Expenditure: £0

TOTAL BALANCE APRIL 2021 - MARCH 2022 = +/- £0

Plans for April 2021-March 2022

In the upcoming year we intend to develop new links with Universities to set up new branches of Resuscitation. Although teaching in this time may continue to be limited, we are hoping to lay the groundwork for teaching sessions going forwards.

Summary of Events October 2019-March 2021

In October 2019, Resuscitation was delighted to receive confirmation of its registration as a charity. This was a time of much excitement for Resuscitation as we were also in discussion with several universities regarding setting up branches of Resuscitation and we had ongoing teaching sessions in schools in our existing localities of Coventry, Warwickshire and Buckinghamshire.

These sessions continued into the first part of 2020. However, in early 2020, the COVID-19 pandemic hit. Initially a plan was made to adjust sessions to ensure safety of volunteers and learners and an emergency policy for operating in the COVID-19 pandemic was written. It soon became clear that it was not feasible to continue any teaching sessions during the pandemic. With the limitations on groups visiting schools this has meant that in this period we have not been able to run any further sessions.

Our plans for expansion have also been on hold due to the difficulty with communicating with other universities and due to the time constraints placed on our trustee team (who have all begun working as NHS doctors during this period). We expect there to be ongoing significant limitations to our ability to provide teaching sessions throughout the upcoming year (April 2021-March 2022) but we are optimistic that we can use this time to ensure we have the correct policies and structures in place to allow expansion of our charity when it is safe to return to teaching sessions in schools.

Events – Changes to Constitution

There have been no changes to the constitution made between October 2019 and March 2021.

Events – Changes to Board of Trustees

There have been no changes to the board of trustees between October 2019 and March 2021.

Events – Policy Changes & New Policies

In March 2020 a new policy on the provision of teaching sessions during the COVID-19 pandemic was put in place. There have been no changes to existing policies.

Summary of Accounts

Expenditure: £0

TOTAL BALANCE OCTOBER 2019-MARCH 202 = +/- £0

Plans for April 2021-March 2022

In the upcoming year, although the COVID-19 pandemic is expected to continue to limit teaching opportunities, we are optimistic that we will be able to begin to expand the charity by opening new branches at universities as we feel that healthcare students will be keen to get back into teaching in schools as soon as possible.

We will contact universities through a variety of mediums including email, social media and via in-person networking. We are also open to opening branches at universities outside of England, as CPR is now on the national curriculum in Wales, and CPR education is suggested by all the local councils in Scotland. We therefore feel it is a good time to be part of the Resuscitation family.
