TRUSTEES' REPORT FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020

Introduction - Meet African Rainbow Family

African Rainbow Family (ARF) is a grassroots group set up by, for and run by lesbian, gay, bisexual, transgender intersexual and queer (LGBTIQ) refugees and people seeking asylum. Following identified gaps and needs for an inclusive support especially, in the wake of the growing toxic anti-gay persecutions they face for their sexuality such as *constant harassment, hate crimes and discrimination*.

ARF was formally registered as a Charity (Reg. Number: 1185902) in October 2019 and supports (LGBTIQ) refugees and those seeking asylum. This includes people of African heritage, the wider Black Asian Minority Ethnic groups and anyone that identifies as an LGBTIQ refugee and or seeking asylum. ARF evolved out of our community needs and led by people affected by the issues affecting us. It was started by a lesbian refugee in July 2014 as a safe space for LGBTIQ people fleeing persecution from their countries of origin to support each other and just tell each other '**It's OK to be different**' following their own personal lived experiences as a result of rejections they face.

ARF provides peer support, advocacy, advice, information and counselling support for LGBTIQ community and refugees. We offer integration and welcoming activities to vulnerable LGBTIQ refugees and those seeking asylum due to an increase in the demand for our services. We raise awareness of the rights of LGBTIQ people seeking asylum and refugees of African heritage in the UK immigration system.

From nothing and with no money African Rainbow Family has developed a national network of over 500 people with centres in Manchester, Birmingham, London, Leeds and Cardiff. We have supported over 350 LGBTIQ people seeking asylum to get refugee status and be safe in the UK.

We have membership representation of communities directly affected by inequality and injustice. Therefore, amongst our membership are disabled people, people of African and Asian heritage who identify as LGBTIQ.

We rely heavily on volunteers.

ARF is a unique member led group that offer activities that complement statutory services because we have the flexibility to meet specific needs and can work holistically with groups of people or our whole communities. We move in to fill the gaps which others would struggle to reach – we offer support on trust, build our activities from first-hand experiences and maximise the local knowledge and connections available at our fingertips.

Our Vision:

A World Without Prejudice.

Our Mission:

Building A Supportive Community.

What We Do

Although a person's sexual orientation or gender identity may not be a source of distress, our members and service users who identify as LGBTIQ or any other type of non-conforming sexual or gender identity have expressed that they find the social stigma and discrimination of living as a sexual minority a source of stress or anxiety. This is more expressed by BAMEs and people seeking asylum whom have lived in the closet for long and forced to shield their sexuality whilst in their countries of origin in order to conform to societal norms where homosexuality is criminalised and sometimes met with death sentence.

Our services include:

- i) The Advancement of Health or Saving of Lives
- ii) Disability
- ii) The Prevention or Relief of Poverty
- iv) Economic/Community Development/Employment
- v) Human Rights or Racial Harmony/equality and Diversity

TRUSTEES' REPORT (Continued) FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020

As a result of the above, we offer:

- Counselling sessions that enable our LGBTIQ members and service users in coping with higher levels of depression, anxiety, substance use, suicidal ideation, self-harm, social rejection, bullying, mood swings, low self esteem and other mental health concerns LGBTIQ people experience due to discrimination and oppression in housing, employment, education, basic human rights, coming out to one's family, sorting out an "authentic" sense of self in the face of social expectations and pressures. Despite rapidly growing cultural acceptance of diverse sexual, romantic orientations and gender identifications, oppression, discrimination and marginalisation of LGBTIQ people persists.
- Campaign against social injustice and challenge any UK immigration mistreatment of LGBTIQ people seeking asylum's application processes. Some of our members and service users have successfully exposed the double standard of the Home Office mistreatment of LGBT people seeking asylum and contributed to its many reviews.
- Campaign against detention centre – nearly 99% of ARF members and service users have suffered one form of gender based violence or the other back in their countries of origin before fleeing to the UK, hence locking them up in detention centres indefinitely is double punishment and re-living the trauma they already have, which often leads to mental health problems.
- Campaigning on individual member's and service users asylum case including anti-deportation.
- Cultivating a sentiment in favour of human rights, equality and diversity relating to immigration issues for LGBTIQ people by the use of publications, codes of practice, the media and public advocacy.
- Offer practical support and assistance to members and service users with current asylum applications which include finding reputable solicitors who understand sexuality based claims, accompanying member and service users to appointments at the Home Office offices, solicitors, immigration reporting centres, attending court hearings, writing letter of supports, contacting members' and service users MPs etc.
- Raise awareness of the issues faced by LGBTIQ people seeking asylum and refugees in the UK, and globally; attract debate and subsequently influence policy and law changes.
- We often hold events about certain dates in the development of LGBTIQ history in terms of social, political and legislative change. These social networking have proven to build self-esteem and confidence of members and service users.
- We increase LGBTIQ people seeking asylum's visibility by attending LGBTIQ specific events such as Prides, workshops, conferences, talks and networking.

Our social justice events and activities serve as empowering tools for members and service users to take ownership in their personal asylum claims, mutual support for other member and service users and cohesion in challenging any form of mistreatments they are meted upon by the ever complicated immigration system and or the society.

Our Attributes Include:

- Flexibility: we are flexible in providing varied services that affect health and wellbeing of our members and service users as we are able to react quickly to the changing needs of our community.
- Needs-based: ARF was formed to meet specific needs that is evident in the LGBTIQ people seeking asylum' community. We provide peer support-safe-space, interpreter and Specialist LGBTIQ Counsellors that are familiar with issues affecting people seeking asylum based on their sexual orientation and gender identities.
- Holistic: We're user-centred, focus on 'the whole person' and the multiple needs they may have, co-ordinate support (emotional, social issues, homelessness) across different providers.

TRUSTEES' REPORT (Continued) FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020

- **Trusted and Connected to our community:** We reach people that the statutory sector finds more difficult to access. Our members and service users prefer to access services provided by the community sector rather than statutory services due to fear of perceived 'authority figures' and language barrier.
- **Expert and committed:** everyone in the group identifies as an LGBTIQ person, we bring personal experiences and detailed insight into the issues we face to support each other and build trust.
- **Value for money:** we are able to do positive impactful work with only small amounts of money working across organisational boundaries. This reduces the chance of duplication, which can lead to poor support outcomes and inefficiencies.
- **Improved community life:** ARF is building safer communities through practical and emotional support that members and service users need to resettle, integrate into the community, contribute to British values and have improved quality of life for themselves.

Our Goal:

- We will continue to help, fight, and support and nurture each other until our work is no longer needed.

Message from Our Founder

Aderonke Apata
Founder and Chairperson
African Rainbow Family

Welcome to our first annual report since becoming a registered Charity!

I'm really proud of all that we have achieved within our short time of inception, since 2014.

African Rainbow Family is involved with a lot of LGBTIQ people of colour creating many real positive changes that benefit our members and service users and community at large.

Our innovative way of working earned us:

- Nomination for the CVS Small Community Group Heart of Salford Award.
- Shortlisted nominee, National Diversity Awards 2017 as community organisation for LGBT.
- Member organisation of the UK Alliance for Global Equality (UKAGE).
- Partnership work with Amnesty UK LGBTI Network to campaign and advance the rights of LGBTI refugees.
- Full Member (High) Organisation of The International Lesbian, Gay, Bisexual, Trans and Intersex Association (ILGA), Geneva, Switzerland.
- Member and part of the LGBT Consortium, the largest network of LGBT+ groups, organisations and projects in the UK.

It's great to be able to create so much social change in enjoyable and creative ways devoid of being judged!

We've seen increase in membership, supported a record number of our members and service users to get granted asylum and they are now safe to start life for themselves in the UK.

We have also seen increased funding, engagement and positive impact this year!

TRUSTEES' REPORT (Continued) FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020

Project funding enabled us to deliver essential life-saving Covid-19 Emergency supports to our members, service users and beneficiaries since April 2020 till end of this financial year. We have provide monthly financial supports to nearly 60 people towards food, telephone data, digital devices and internet access. Our free counselling service has seen a surge in uptake. We hope to be able to continue to support members, service users and beneficiaries.

We employed a part-time staff early in January 2020 with delivery and administration who sadly, left in May 2020.

Figures of group engagements at our drop-in and online activities show increased self-esteem and confidence. Isolation is reducing with our different innovative fun online activities and wellbeing.

The take up in our counselling service has proven to be helpful for members' and and service users' mental health and wellbeing.

Figures of engagement in social accounting helped us to assess impact of our organisation.

We were fortunate to have an independent Impact & Learning Report 2020, ("the Impact Report") commissioned by one of our funders, The Paul Hamlyn Foundation.

The Impact Report was very positive. Recommendations made by the independent assessor would be taken forward for the next financial year.

Everyone involved with African Rainbow Family has worked hard to ensure we are able to continue our work and make plans for the future. Thank you.

The year has been turbulent. Covid-19 Pandemic has not been helpful either. We have however, been able to weather the storm.

Do get in touch with us if you want to get involved or have ideas for us. We're always looking for new ways to creatively engage people.

Thank you go to the whole of our amazing team of Volunteers and Trustees.

Plans for the Year Ahead

We aim to be able to offer support to more LGBTIQ people seeking asylum, reach more members of the public to garner solidarity through new and exciting projects, workshops, seminars, newsletters, press releases etc. This would be made possible as we recently added to our team of tireless volunteers, a Support Services Manager.

Our main focus is to apply for more funding in order to be able to sustain our project. Make more economic contributions by being able to continue to pay our staff wages and where possible add to our staff team. Attract more volunteers, and increase the wellbeing of our members and service users by offering more counselling services. We remain grateful to all our funders including those who donate and fundraise for us. Without you, we wouldn't achieve anything. We appreciate your generosity that we rely on from time to time.

Currently we enjoy the open hands of the Oglesby Charitable Trust in funding our office in Manchester. This has enable us have a better work-life balance and a space where our members and service users can drop-in anytime for more one to one support. The Outside Project, gave us an office free to use for our London centre and allows us to use their building for our drop-ins and meetings. The Yorkshire MESMAC continues to offer us a space for free in their Leeds building; where our Leeds branch meets once a month. Our Birmingham centre meets once a month at the Windmill Community Centre, Smethwick whilst our Cardiff centre has also secured a monthly meeting space at a local community centre in Cardiff.

The below future and where next have been adapted from the ARF's Impact Report. If you will like to read the Impact Report, do contact us for a copy.

TRUSTEES' REPORT (Continued) FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020

The future: where next?

A mixed model of support: Independent ARF's Impact Report:

ARF's plans to support its Members and service users over the Winter are rapidly evolving, as the situation with respect to Covid-19 develops.

The organisation has completed a risk assessment, with external assistance. It is likely that support will remain online for now. Over time, it may be that a mixed model of support emerges. While online activities have been very effective over the Summer, the Founder and Coordinators are aware that a wholly online offer doesn't provide the same degree of comfort and connection for people experiencing considerable challenges and isolation in their lives. That said, continuing to offer some activities online may have some advantages. It would enable those Members and service users who would struggle to attend meetings in person (because of childcare or other responsibilities) to continue to take part. It would also reduce overall expenditure on travel vouchers.

There are likely to be some specific challenges for ARF of a largely online offer. One of the organisation's key activities is writing letters of support for Members and service users in their asylum cases. There is a concern that it will be much more difficult to get to know new Members and service users in an online setting that lacks the relaxed informality of in-person meet ups. This is an issue that requires further thought over the coming months.

Strengthening partnerships

Coordinators and other Members and service users who took part in this learning exercise [Impact & learning report 2020] highlighted the particular difficulties of finding a solicitor in the past few months, when some firms had furloughed staff and stopped taking on new clients. Coordinators also highlighted uneven availability of free legal advice in different parts of the country. It was felt to be easier to find legal free advice in Manchester, for example, than in Birmingham. ARF is keen to continue to build partnerships with legal advice providers around the country, especially those that are "LGBT friendly".

Several Coordinators also emphasised the number of Members and service users who are experiencing homelessness. They suggested more should be done, if possible, to try to support people in this situation, including by extending the organisation's networks and partnerships in this area.

A focus on learning and skills

Members and service users were keen to see ARF doing more in future to support people to learn and develop new skills. This was seen as crucial in helping Members and service users to make the most of future work opportunities, and also to stay motivated and positive.

"It's hard with Covid to think about doing things differently in the future, but I would like to...make sure all Members and service users have the chance to do something new and learn new skills. I think it's important that we can give Members and service users more opportunity for work experience so they can find jobs when they get their status".
(Coordinator)

"I think if there is capacity...it would be good to get some funding to support Members with more training, in any capacity that Members and service users want, to improve their skills and prepare them for the outside world. As we wait for our papers, we need to think about developing skills for employment and how we can do this...Skills are very important." (Member and service user)

"Free online courses, if we can't work this is very important. I have found some good ones, but they are not free. It keeps mind and body going, and brain. It helps with depression." (Member and service user)

AFRICAN RAINBOW FAMILY
(Charitable Incorporated Organisation)

TRUSTEES' REPORT (Continued)
FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020

A wider range of activities

Members and service users were keen for ARF to continue to expand the range of other activities it offers to Members and service users. There was particular support for more activities to promote good mental health and wellbeing. English language support, creative, and outdoor activities were also mentioned.

"I would like to put on more drama activities if it's safe...I would also like to organise an art group, I think it would help with stress and anxiety, for when the pandemic is over...I think we should also expand the mental health work. It would also be good to do more language sessions so people can improve their English. This would help with progression to college and work". (Coordinator)

"Maybe some outdoor activities, ball games, in future, when we are able to do this." (Member and service user)

Ensuring access to the internet

Members and service users emphasised that for ARF to support people over the Winter, it was essential that everyone had access to appropriate equipment and data. Members and service users pointed out some people continue to miss out because they can't easily get online.

"I am so, so happy to talk to people and that we help each other. But there are some people we are not seeing, as they have no smartphone or laptop, so they are missing. Sometimes you see them disappearing in meetings, as the phone is dying." (Member and service user)

"We might need a laptop at home to do work or training. To have funding for a tablet or laptop to do this from home...now I'm doing everything on the phone. I'm always on the phone, but it's very small..." (Member and service user)

Strengthening organisational infrastructure

Finally, Members and service users highlighted the need for more paid and fulltime roles at ARF, to ensure the organisation have the capacity to respond to Members' and service users' needs.

Until recently, ARF was run on an entirely voluntary basis. While the organisation had been successful in attracting numerous small grants, this was not sufficient to fund paid staff posts. Just before the pandemic struck, in February 2020, ARF appointed its first part-time coordinator, with support from a three-year grant, from Paul Hamlyn Foundation and Oglesby Charitable Trust meant it was possible to extend this post to full-time..

While the person appointed to this post has now moved on, the Founder is keen to recruit again. In future, the role may be split into two, focusing on each organisation or on different functions that span both. The Founder has recently created a Media Coordinator and Assistant Coordinator post, to help increase the profile and influencing capacity of the organisation. These developments will help to create a stronger team within the organisation.

Finally, we ask that you follow news and events about our work through our website; Facebook, Twitter, Instagram and YouTube channels.

Best,
Aderonke Apata

Impact:

The impact below is taken from the ARF's independent commissioned Impact Report 2020:

ARF's reach & impact: highlights from this year [2020]

Around 70 of ARF's most vulnerable Members and services users have received additional support through the pandemic

"I have continued to get great support, any time of the day or night. During lockdown, it has been very hard with my mental health, and financially. I want to say thank you so much for your support, emotionally, practically and mentally". (Member)

"I never thought we could have done this! It's great that we have been able to manage. So many people couldn't even use a smartphone and now they have a phone and they're using Zoom. It's quite impressive!" (Coordinator)

The organisation [has] learned how to host [its] activities online & what works best in this new context

Emergency funding has meant volunteer coordinators could be paid a small amount every week, for the first time

"In my own case, I was not getting any support from the Home Office, and I was staying with a friend...My friend lost their job so the money we got from African Rainbow helped to pay the rent. To have some money coming in really helped a lot." (Coordinator)

Services

Counselling

We offered LGBTIQ specific Counselling to some members and service users which entailed working with people who have reached a crisis in their lives. They were in many forms of either relationship difficulties, depression, lack of self esteem, mental health problems etc.

Our counselling sessions are delivered by Counsellors who identify a LGBTIQ; this is because sometimes LGBTIQ people feel more comfortable with an LGBTIQ therapist, or at least with a therapist who specialises in or has a great deal of experience with LGBTIQ issues. Such therapists are not available in every mainstream community which leads us to have high waiting list. Below are some comments from beneficiaries of our counselling sessions.

"I was offered a first appointment to see which service best meets my needs and then offered 10 sessions as needed in a suitable, safe and confidential setting. With my counsellor I agreed what I wanted to achieve from the sessions." ED, service user ARF

"My name is Jade, I used to be very anxious and feeling suicidal due to everything going on around me; especially developing from the bullying and harassment I get constantly due to my gender identity as a Trans Woman of Colour. I was drinking a lot of alcohol and would drink myself to nuts as a way of dealing with all of the negative thoughts and worth I was having about myself. I then I joined African Rainbow Family where I began to receive emotional support.

I was assessed for counselling, advice and support whilst getting peer supports and socialising with other people like me. This lessened my anxiety a little bit. Once I was lucky to get onto the counselling, I was very glad because there's a long waiting list for counselling as it is LGBT specific and delivered by Counsellors who are also LGBT people, meaning that I would not be judged. I am on a 10 continuous counselling sessions which helps me to explore so many things. Now I am getting my confidence back, moderate alcohol consumption, less suicidal thoughts and feel I can seek help if at any point I am feeling low or suicidal again. Thank you African Rainbow Family for the good work you do for us all."
Jade, service user ARF.

Board of trustees:

Aderonke Apata	Founder & Chairperson
Rafiat Oyinkansola Fashola	Assistant Secretary
Veecca Smith Uka	Secretary (resigned)
Iweka Donatus Mbanefo	Treasurer (removed)

The trustees are responsible for making decisions on all matters of general concern and importance to the Charity and its beneficiaries including how the funds are spent. Wider management of the Charity is assisted by members of the Charity, Coordinators and Assistant Coordinators.

Three of the trustees make up an executive body who oversee the strategic development of our organisation. The executive and management groups meet quarterly.

The Charity supports, develops and delivers various programmes and services to members and service users whilst maintaining links with existing community initiatives and work with the public to encourage greater participation.

Volunteers

We would like to thank all of the volunteers who worked so hard to make our Charity a success in 2019/2020. Special thanks go to the volunteers that help to ensure the continued delivery of monthly sessions prior to Covid-19. Thanks also to our trustees and wider volunteer group, and others who give their time in support of our Charity.

Trustees' Responsibilities

The Charities Act 2011 requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the CIO and of the surplus of the CIO for that period. In preparing those financial statements the trustees are required to:

- Select suitable accounting policies and apply them consistently
- Make judgements and estimates that are reasonable and prudent
- Prepare financial statements on the going concern basis unless it is inappropriate to presume that the trust will continue in existence.

The trustees are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the CIO. They are also responsible for safeguarding the assets of the CIO and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FIRST PERIOD ENDED 30TH SEPTEMBER 2020**

1. ACCOUNTING POLICIES

Basis of Preparation & Assessment of Going Concern

Basis of Preparation

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2015) - (Charities SORP - FRS102) and the Charities Act 2011.

The Charity meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost unless otherwise stated in the relevant accounting policy notes.

Assessment of Going Concern

Preparation of the accounts is on a going concern basis. The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

Incoming Resources

Recognition of Incoming Resources

These are included in the Statement of Financial Activities (SOFA) when:

- the charity becomes entitled to the resources;
- the trustees are virtually certain they will receive the resources; and
- the monetary value can be measured with sufficient reliability

Incoming Resources with Related Expenditure

Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resource and related expenditure are reported gross in the SOFA.

Grants and Donations

Grants and Donations are only included in the SOFA when the charity has unconditional entitlement to the resources.

Tax Reclaims on Donations and Gifts

Incoming resources from tax reclaims are included in the SOFA at the same time as the gift to which they relate.

Contractual Income and Performance Related Grants

This is only included in the SOFA once the related goods or services have been delivered.

Gifts in Kind

Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SOFA as incoming resources when receivable.

Donated Services and Facilities

These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.

Volunteer Help

The value of any voluntary help received is not included in the accounts.

Investment Income

This is included in the accounts when receivable.

Investment Gains and Losses

This included any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

1. ACCOUNTING POLICIES (continued)

Expenditure and Liabilities

Liability Recognition

Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.

Governance Costs

Include costs of the preparation and examination of statutory accounts, the costs of the trustees meetings and cost of any legal advice to trustees on governance or constitutional matters.

Grants with Performance Conditions

Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SOFA once the recipient of the grant has provided the specified service or output.

Grants Payable without Performance Conditions

These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to a grant which remain in control of the charity.

Investments

Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.

Unrestricted funds

These funds can be used for the general objectives of the charity as set out in the trustees report. The movements of the unrestricted funds are given in the Statement of Financial Activities.

Restricted funds

These funds are where the donor has specified a purpose for the donation made. These restrictions often arise as a result of appeals for special offerings for specific purposes.

Designated funds

These funds are funds set aside by the trustees out of unrestricted general funds for particular purposes or projects.

Fixed Assets

Fixed Assets are capitalised if they can be used for more than one year and cost at least £1,500. They are valued at cost or, if gifted, at the value to the charity on receipt.

Depreciation Expense

Depreciation is calculated at a rate to write off the cost of tangible fixed assets over their estimated useful lives. The rates applied are as follows:

Fixtures, Fittings and Equipment

25% - Straight Line Basis

2. TANGIBLE FIXED ASSETS

The CIO held no fixed assets during this initial financial period.

The annual commitments under non-cancelling operating leases and capital commitments are as follows:

30th September 2020 : None

During the financial period Trustee Veecca Smith Uka received £850 in travel and volunteers expenses in furthering the Charity's objects.

During the financial period Trustee Iweka Donatus Mbanefo received £1,050 in travel and volunteers expenses in furthering the Charity's objects.

No other payments were made to trustees or any persons connected with them during this financial period. No other material transactions took place between the organisation and a trustee or any person connected with them.

13. RISK ASSESSMENT

The Trustees actively review the major risks which the charity faces on a regular basis and believe that maintaining the free reserves stated, combined with the annual review of the controls over key financial systems carried out on an annual basis will provide sufficient resources in the event of adverse conditions. The Trustees have also examined other operational and business risks which they face and confirm that they have established systems to mitigate the significant risks.

14. RESERVES POLICY

The Trustees have considered the level of reserves they wish to retain, appropriate to the CIO's needs. This is based on the CIO's size and the level of financial commitments held. The Trustees aim to ensure the CIO will be able to continue to fulfil its charitable objectives even if there is a temporary shortfall in income or unexpected expenditure. The Trustees will endeavour not to set aside funds unnecessarily.

15. PUBLIC BENEFIT

The CIO acknowledges its requirement to demonstrate clearly that it must have charitable purposes or 'aims' that are for the public benefit. Details of how the CIO has achieved this are provided in the Trustees report. The Trustees confirm that they have paid due regard to the Charity Commission guidance on public benefit before deciding what activities the CIO should undertake

16. COMPARATIVE FIGURES

There are no comparative figures available as this is the initial period of registered Incorporated Charitable Activity

17. TRANSFER OF FUNDS

INDEPENDENT EXAMINER'S REPORT ON THE ACCOUNTS

Report to the trustees/ members of the African Rainbow Family on the accounts for the first period ended 30th September 2020 set out on pages 21 to 29.

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act, and
- state whether particular matters have come to my attention

Basis of independent examiner's statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

1. which gives me reasonable cause to believe that in any material respect, the requirements:
 - to keep accounting records in accordance with section 130 of the Charities Act; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the Charities Act

have not been met; or

2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
