You **may choose** to include additional information, where relevant, about:

- ☐ policies and procedures adopted for the induction and training of trustees;
- ☐ the charity's organisational structure and any wider network with which the charity works;
- ☐ relationship with any related parties;
- ☐ trustees' consideration of major risks and the system and procedures to manage them.

Although we don't even have a specific induction programme for trustees, members who are interested in holding a trustee position are urged to participate in executive committee activities and volunteer to help with event planning so they are aware of what is expected of a trustee.

The president, vice president, treasurer, secretary, joint secretary, and programme coordinator are the six primary officers in the executive Committee. They manage the charity's operations. There are several subcommittees to manage the fundraising activities.

Although we are not a member of a wider network, we have friendly relationships with UK community organisations and charities who reflect our objectives.

We have discovered that maintaining volunteerism among the current members is a major concern. To address this concern, we regularly assess the member's abilities and plan our future activities.

Summary of the objects of the charity set out in its governing document

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The trustees have considered the charity commission's guidance on public benefit into account while planning our activities this year to achieve our objectives.

The development and nurturing of knowledge and appreciation of the malayalam language, arts forms, culture, and heritage of Kerala and of India generally continue to be the vision that guides our annual activities.

Trustees has tried to make sure that there are facilities for both public and members for the education and recreation in the areas of the arts, music, drama, and culture. A deeper understanding and respect of one's ancestry, heritage, and culture is another goal of the charity, especially among second-generation youth of Kerala descent.

The organization's overall focus is to enhance the public's quality of life

by broadening their horizons by offering exciting, challenging, and affordable opportunities in the arts, culture, and sports.

Onam celebrations and Arts Day are two of the charity's biggest events that are especially focused on supporting artists and providing a platform for their performances.

Everyone really liked the sports day, and the children got to spend another enjoyable day with their family and friends.

Magazine published has helped members to develop the talents

Although the covid epidemic had an impact on the physical language class, the teachers took the crucial decision to conduct the lessons virtually, which was a huge relief for the children at the time.

You **may choose** to include further statements, where relevant, about:
