Aims,

Our Mission

Stoma Heroes offer lifestyle and emotional support, to anyone who has or connected to someone with a Stoma. We do this in a variety of ways on the internet using Twitter, WhatsApp, and Facebook. We also hold locally organized meetings in the Somerset area.

Our Vision

We are a group of ostomates who seek to enrich the lives of people with a stoma, our vision is to tackle and reduce the stigmas of having and Ostomy through awareness and education.

Our Values

We believe that if you can get cogs aligned and turn in the correct way, you will build a positive energy and move forward. We are here to help in your hour of need. With our passion and enthusiastic approach, we will try and help build your confidence and do what is best for you.

Our Objectives

Achievements and performance including reporting on the public benefit,

We have engaged in open decisions at conference venues and started reaching out to the local communities again about the charity and local health initiatives to promote health and wellbeing, and to help those who feel alone in their journeys.

Looking into the possibility of having stoma buddies with local hospitals.
