Under the memorandum of articles and association, the charity has the power to invest in any way the Trustees wish. The Trustees having regard to the reserves policy have operated a policy of keeping available funds in an interest-bearing deposit account.

**Financial review**

**a. Going concern**

The financial statements have been prepared on a going concern basis. The Trustees have considered relevant information, including the annual budget, forecast future cash flows and the impact of subsequent events in making their assessment.

The Trustees have not identified any further material uncertainties that may cast significant doubt about the ability of the charitable company to continue as a going concern. The charitable company's business activities, together with the factors likely together with long term contracts for its trading centre.

Based on these assessments and having regard to the resources available to the charitable company, the Trustees have concluded that there is no material uncertainty and that they can continue to adopt the going concern basis in preparing the annual report and accounts.

**b. Reserves policy**

The Trustees are mindful of the need to maintain sufficient reserves (that is those funds that are freely available) so that obligations to employees, landlords and other third parties can be met for a period of at least six months.

The Trustees have decided to continue with a level of reserves higher than the minimum requirement due to the lack of long term funding and the uncertainty this brings. This will provide a stable base to ensure that the charity's income is used to provide the benefits for which it was given. The level of reserves will be constantly reviewed by the board to ensure that the charity continues to be financially secure.

**c. Financial review**

There was a surplus for the period amounting to £21,514 (2023: £16,903).

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 AUGUST 2024**

---

**1. General information**

BAYS Sporting Facilities is a company limited by guarantee and registered in England and Wales. Registered company number 11507050 and charity number 1186052.

The registered office is 2 Top End, Renhold, Bedford, MK41 0LR.

**2. Accounting policies**

**2.1 Basis of preparation of financial statements**

The financial statements have been prepared in accordance with the Charities SORP (FRS 102) - Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

BAYS Sporting Facilities meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

**2.2 Income**

All income is recognised once the Company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Other income is recognised in the period in which it is receivable and to the extent the goods have been provided or on completion of the service.

**2.3 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Expenditure on charitable activities is incurred on directly undertaking the activities which further the Company's objectives, as well as any associated support costs.

All expenditure is inclusive of irrecoverable VAT.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 AUGUST 2024**

---

**2. Accounting policies (continued)**

**2.4 Interest receivable**

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the Company; this is normally upon notification of the interest paid or payable by the institution with whom the funds are deposited.

**2.5 Tangible fixed assets and depreciation**

Tangible fixed assets are initially recognised at cost. After recognition, under the cost model, tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. All costs incurred to bring a tangible fixed asset into its intended working condition should be included in the measurement of cost.

Depreciation is charged so as to allocate the cost of tangible fixed assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following bases:

Synthetic Pitch	- 20 Years straight line
Other fixed assets	- 5 Years straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Financial Activities.

**2.6 Debtors**

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**2.7 Cash at bank and in hand**

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

**2.8 Liabilities and provisions**

Liabilities are recognised when there is an obligation at the Balance Sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the Company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the Statement of Financial Activities as a finance cost.
