- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

--

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The promotion of community participation in healthy recreation in particular by the provision of facilities for the playing of cricket, crown green bowls and tennis.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The CIO’s purpose is for the benefit of its members and public in general. It aims to benefit the whole community and allow members and non-members to use our facilities.

It recognises the guidance issued by the Charity Commission with regard to statutory declaration and follows its guide lines as closely as possible and in particular, with it being a sports club, those on the advancement of health, citizenship & community development, amateur sport, human rights and the promotion of racial harmony, equality and diversity.

The CIO operates as a multi-disciplined sports club and allows members of the wider community to join the club and take part in the sports on offer. The club currently has a diverse range of members from all races and religions and of varying ages.

The CIO provides cricket coaching for girls and boys aged 5-8 years old to support the new ECB ‘All Stars’ initiative for getting juniors involved in the game at an early age. All are welcome to come to junior and senior cricket coaching/training sessions. There is a progression path to playing league cricket for juniors at u11, u13, u15 and u17 ages and for two senior sides in the Derbyshire League.

All members of the public are welcome to join the bowls and tennis sections where both sports are played recreationally.

As well as providing facilities for its members and the community to become involved in the three sports for health, fitness and general recreation it also provides space for the fellowship of Members to socialise, including the elders who have retired from playing bowls.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Successfully playing sport, albeit with restrictions, during the pandemic year of 2020. Some bowls and cricket clubs in the area decided to close down during this period. To satisfy membership demand the CIO continued to play cricket and bowls once their governing bodies said it was safe to do so in July. Playing did mean the CIO had to ensure that certain safeguards were in place. In cricket for example players had to come ready changed as changing rooms were closed and bring their own teas and eat outside as no one was allowed to eat or prepare food in the tea room. Similarly with the bowls no food to be eaten in the bowls pavilion and restrictions of how many members were allowed on the bowls green at any one time.

Continuing to develop the junior cricket section. After restarting junior cricket in 2017 the CIO has continued to increase the number of juniors and 2020 was the most successful year to date from this point of view despite the pandemic. A significant number of juniors come from the nearby inner city district of Derby.

Providing and maintaining an area on the cricket outfield for a Midlands junior soccer organisation to continue to play football during the pandemic. Their usual indoor facilities were closed to them at this time and the CIO was approached to see if they could play on our facility from September to December. Juniors in the u8, u11, u13 age groups participated. Strict safety precautions, as specified by the football governing body, were in place during these sessions.

Clearing long standing over grown areas of the sports ground. A volunteer force was in operation over the period November 2019 until March 2020. A smaller force continued until July 2020, reduced because of COVID restrictions, when sport was restarted.

Providing and maintaining cricket pitches for local community teams to use the CIO's facility.

Section E Financial review

Brief statement of the charity's policy on reserves

See Section F below.

Details of any funds materially in deficit

No funds in deficit.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Section F Other optional information

The driving force for fund raising at the present time is to build a new club house. As such, the CIO operate with a seperate development account as well as a general day to day account.

Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

Signature(s)
