Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To support impoverished children, including orphans in Ghana, by providing quality education that empowers them, opens opportunities, and contributes to breaking the cycle of poverty.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In addition to the positive impact the charity has already made —and continues to make—in the lives of a few children, whose education we have supported from the beginning, we have now embarked on establishing and operating a school—offering both primary and junior secondary education. This expansion has led to a significant increase in our funding requirements to cover building infrastructure, capital expenditures, and ongoing running costs.

The main activities during this financial period included the development of physical and administrative infrastructure, the establishment of the school, the registration of the charity in Ghana, and the organisation of an annual educational trip for the children, which serves to inspire and encourage them.

In addition, an educational science workshop was held at Korle Bu Hospital, facilitated by Dr. Hephzi Tagoe, a member of the school board; to provide the children with practical learning experiences.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

We successfully raised sufficient funds to construct the school and establish its administrative functions, enabling it to operate in a safe and conducive learning environment.

Thanks to the generous support of our donors—particularly our two major funders.
